

King of kings

Chapter 1831

"When you cross the threshold, your mind expands countless times, and even a little bit of unusual thoughts are likely to lead to failure. Omi, you keep saying that you've put it down, but in fact, you haven't." Mu Qianji said.

"Really? Where have I not put it down, what does it take to show that I've put it down?" Omi was unconvinced.

Mu Qianji hesitated and said, "Do you really want me to give you an example?"

"You tell me, I'd like to see where I haven't put it down."

"Good, Omi, do you remember before when I told you to marry Tang Huan, Lu Yuxi? What did you say to me then? You said that you didn't want to be surrounded by hordes of them again, so sorry for your wives in the mortal realm, and that's a very typical example of not putting it down."

"Ah." Omi's body trembled.

Mu Qianji was on point, Omi did avoid this issue every time, Omi vowed to never find another woman when he reached the spirit world, his heart would forever be reserved for those hairy wives of the mortal world.

This, was an obsession, if Omi really let go of it, he would not force himself, but let his heart be.

Omi's heart obviously likes to see beautiful women and still have feelings, but he has to force himself to guard those people in his heart.

The night when Omi and Mo Yuyan became a Daoist couple, Omi couldn't sleep in the middle of the night, standing in front of the window and looking out, repenting inside to the women in his heart.

This matter, Mo Yuyan all know. The first website m.kanshu8.net

Omi had nothing to say.

"Omi, am I right? If you really let go, you won't think about not being able to wrong them, but do whatever your heart desires. One time, I saw you show a look of admiration for Lv Yuxi's slim body, you obviously wanted to have a woman as beautiful as Lv Yuxi, but you had to tell yourself that you didn't want to at all. So now, when it comes to the tribulation, all your demons erupt out."

On one side, Lu Yuxi lowered her head and bit her lips, as if she was sneaking a smile, she was very happy to hear Mu Qianji say this, and in her heart, she seemed to be saying, Tang Shao, so you did this to me behind my back and pretended to be uninterested in me.

Everyone was silent for a while, they all looked at Omi.

Omi didn't know what to say, got up and walked away.

Mu Qianji said, "Omi, I actually felt from the beginning that you hadn't let go of the mortal realm yet, at that time I was a little worried that you would have a demon when you reached the transmigration stage. The reason why I repeatedly advised you to marry Tang Huan, Lu Yuxi, Xia Xiaoxin and the others in the past was not because I was so generous, on the one hand I wanted to test if you had let go of your heart, on the other hand I also didn't want you to have regrets and end up brewing a heart demon."

Omi didn't look back and said, "Thank you."

Mu Qianji said, "Omi, whenever you do what's in your heart, your demons will be completely unraveled. I know you're a mercurial person, but listen to me, forget the past is gone, grasp the present and the future."

"I'm thinking about it some more." Don walked away and was alone in the chamber.

It was a very difficult decision.

Ten days flew by in a flash.

Unfortunately, after spending ten days, Omi still hadn't completely figured it out.

Perhaps, Omi still needed some more time to heal his heart.

Ten days later, a guard came to look for Omi.

"Senior Tang, His Majesty the Long Emperor has asked you to take a trip."

Omi didn't have a good mood, "What are you looking for me for?"

Omi was a bit irritated inside, he was having demons himself, he was in a bad mood, this

Mo Qing came to interfere again, fire, Omi really wanted to pinch him, regardless of what kind of Mo Yuyan's father he was.

That guard said, "Senior Tang, His Eternal Majesty doesn't look too good, don't ask, hurry over."

Omi snorted, "I'm still not in a good mood, you can go, I'll go over when I'm free."

Omi didn't go over right away, but sat down and practiced his twelve sword formations.

After crossing the thunderstorm, Omi hadn't yet gone to practice his twelve sword formations, before when he hadn't crossed the thunderstorm, Omi was able to practice his first set of sword formations, but now that he had crossed a thunderstorm, his strength had increased a lot.

Omi gave it a try, and sure enough, he was able to practice the second set of the Twelve Sword Formation.

The second set was much more powerful.

Previously, Omi could almost spike the fourth stage of Tribulation, but now, Omi was confident that he could spike the fifth stage of Tribulation, of course, provided that the opponent did not have a pseudo-immortal weapon. If the opponent had a pseudo-immortal weapon, Omi might not even be a match for the Second Stage of Tribulation, after all, Omi's Twelve Sword Formation was only equivalent to the power of a pseudo-immortal weapon.

After Omi finished his rehearsal, more than an hour had passed.

Only then did Omi get up and head to Mo Qing's palace.

Omi said inwardly, "Mo Qing, I hope you don't force me, otherwise, I won't be polite, this isn't the time to be in the mortal world and still talk about favors, in the cruel world of immortal cultivation, there are no favors at all, I'll kill anyone who makes me unhappy, I already have a demon, I don't want to add another one."

Soon, Omi arrived at Mo Qing's palace.

Mo Qing sat in the palace with a black face, he had been waiting for an hour for Omi to arrive late.

"Uncle Qing, you're looking for me."

Mo Qing asked with a black face, "I asked you to invite you, and you're only here now?"

Omi said, "Something's delayed."

"Omi, I see that you don't even care about me as your father-in-law."

Omi laughed, "I don't even have myself in my sights right now. Alright, say what's on your mind."

"Omi, how are you considering the matter I asked you to consider ten days ago?"

Omi played dumb and asked, "What is it?"

"You, surprisingly, didn't take my words to heart."

"Uncle Qing, I remember, you mean, the Gathering Spirit Formation, right?"

"Yes, I've given you my daughter as a doormat, and I haven't asked you for a penny of the retainer, have I."

"No."

"So, I've been generous enough, haven't I, and now I'm letting you use your Spirit Gathering Formation in advance, so it's considered a retainer." Mo Qing was rude.

Omi smiled, "I'm sorry, I don't want to."

"Since you don't want to, then, from today onwards, Yuyan and you will officially dissolve the dao couple relationship, and please also leave the Mo Dynasty. Yuyan will become a member of some big power in the Seven Seas in the future, and each will have nothing to do with the other in the future."

Omi sneered, "Do you think, you're the long emperor, you're in charge of everything?"

"What, are you going to rebel against me?"

"If you're bent on finding a fight, I haven't tried."

"Omi, you dare."

“Mo Qing, for the sake of Mo Yuyan, I won’t do anything to you, don’t say I won’t give you a chance, if you can hold on to my hand for ten seconds without losing, I’ll do it for you.”
