

# King of kings

1854

"What? Bong Niu is dead?" Gao Yang sent Jun in a daze.

"Didn't you guys go to Tang Chi Gate together? Why did Goyang Bongbull die? Did you meet some strong enemy halfway?"

"No, it was killed by Omi, that Omi not only didn't accept us as his disciples, he also killed Brother Bong Niu."

"How is that possible, you definitely didn't give him my recommendation letter." Gao Yang sent Jun said with a face of disbelief.

"Oooh." Once they heard the recommendation letter, those people cried even more, if it wasn't for this recommendation letter, maybe things wouldn't have been so bad.

"What are you guys crying for, is it me, you guys didn't even give Omi recommendation letter, didn't I make it clear to you guys when I went, if Omi doesn't receive it, give him my recommendation letter, Omi see the letter as a person, will definitely."

"Grandpa, don't say it, if it wasn't for your recommendation letter, maybe Omi wouldn't be angry, it's all your recommendation letter that makes Omi even more fiery to read."

"What did you say? Did Don read my letter of recommendation?"

"Nonsense, if he doesn't accept us, we'll give him a letter of recommendation, Omi looked at it with a face full of disdain and seemed to look ridiculous. When Brother Fengniu saw this attitude of Omi, he fought for your injustice, only to scold him and cause Brother Fengniu to be killed by Omi. Grandpa, didn't you say that your recommendation letter, which Omi only had, was bound to give you face, why did Omi not only not give you face when he saw it, but also killed Brother Fengniu."

Gao Yang Sending Jun looked unbelieving and asked, "It's not possible that Omi still doesn't know the outcome of the Scramble, right? After all, the Brawl has only been over for a short while and Omi doesn't know who I am, so..."

"Grandpa, don't deceive yourself and make excuses, Omi already knew that you defeated whoever and whatever, but he didn't give you a proper look at you at all." One second to remember to read the book

"Fuck, that son of a bitch." Gao Yang sent a tremor of anger through his body.

"Grandpa, you've only just obtained the strongest sixth stage of the Brawl, and already someone is looking down on you and killing your grandson, sooner or later, this matter will spread, and then the entire Six Seas of Immortals will look at you and laugh at you."

The veins on Gao Yang Sendingjun's hands were bulging, feeling very unpleasant, and it was a pity that he thought that Omi wouldn't dare to offend him and would take his grandson as a disciple even if he was forced to, but he didn't expect that not only would he not take him, but he would also kill his grandson.

"Ahhhh." Gao Yang sent Jun hissed, his eyes glittering with cold.

"Omi, if you're so disrespectful, then don't blame me, Gao Yang Sendingjun. Damn it, I don't believe that you, a District Tribulation Second Stage, relying on a sword formation, can't even win against me." Gao Yang Sending Monarch said through clenched teeth. However, although Gao Yang Sending Monarch said so, in his heart, he was a bit unsure of what to do with Omi, so he was depressed and didn't know whether to rush to Tang Ji Gate and slaughter Omi or reconsider. Let's give Omi a warning first, if Omi softens up and apologizes, everyone will have a step down, let's just forget about this matter.

"You guys go back first, I will handle this matter myself, I will never let Gao Yang Fengniu die in vain."

"Mhmm, grandpa, you must kill Omi."

The three grandchildren of Gao Yang Sending King wiped their tears and left.

A few days later, the story about Gao Yang sending Jun's four grandchildren to Tang Ji Gate but having one of his grandsons killed by Omi spread all of a sudden.

The entire Six Seas'

All the dynasties and immortal cultivation families were stunned.

The result was truly unexpected by all.

Everyone, was secretly paying attention to Gao Yang Sending Jun to see what he would do.

However, it had been several days since, but Gao Yang Sending Jun didn't do anything angry, and instead had a warning letter sent to Tang Ji Gate.

Everyone was a little disappointed with Gao Yang Sending Jun's actions, at least he defeated three of the strongest people who joined forces at the same level, and his own grandson was killed, but he didn't even rush to the door in anger to slaughter Omi, and engage in some kind of preemptive salute. He had already killed his grandson, there was still a need to be polite to Omi.

However, everyone did not know Gao Yang Sendingjun's inner struggle, theoretically, Gao Yang Sendingjun should indeed rush to the door to slaughter Omi, but, Gao Yang Sendingjun did not have the determination to win, in case he rushed to the door and did not defeat Omi, that would not be even more humiliating.

Therefore, weighing the options, Gao Yang Sendingjun felt that it would be better to send a warning letter first, if Omi was willing to reconcile and give everyone a step down, then the matter would be settled.

The warning letter soon arrived in Omi's hands.

"Brother Chen, your warning letter." Little Fire walked in with a jade envelope.

Omi's eyebrows furrowed, wondering if he had misheard the warning letter? Who else could warn him about this Rokukai?

"Bring it here, I'd like to see who dares to warn me, I'm really tired of living."

Omi immediately opened the jade letter, and a mental message was injected into Omi's mind.

"Omi, I am Gao Yang Sending Jun, a few days ago, I looked up to you, that's why I sent four of my most talented grandchildren to worship you, this was supposed to be a support for you to establish the Tang Chi Sect, but you are good, even if you don't accept it, you even killed one of my grandchildren. Your behavior, has deeply angered me, originally I planned to directly come to the door to kill you to take revenge, but I, Gao Yang Sendingjun, have a cultured mind, for the sake of all of us are public figures, I endured. Now, Omi, I want you to give me an explanation for this, or else, I will not care about your identity and face, rushed to the door, and then I can be blamed for not giving you any face, and make you lose face. This matter, it's best not to make a fuss, otherwise it won't be good for anyone, I'll give you ten days' time, after ten days I'll get to your sincerity."

"Hmph." Omi disdainfully threw the jade message away.

"Brother Chen, who warned you."

"Who else, Gao Yang sent the king, if he hadn't sent the warning letter, I would have forgotten about killing his grandson that day."

"I'll go, Brother Chen, you killed the grandson of the number one strongest man in the Scramble Association, but you would forget such a big thing."

"In my eyes, it's just a small matter." Omi said with a flick of his mouth.

Little Fire also took the jade letter over and read it.

"Brother Chen, Gao Yang will need to know your sincerity in ten days after he sends the king, so you should hurry up."

"Hahaha, I'll give him a fart."

: "This Gao Yang Sending Jun is really cowardly, not daring to come to your door, but wanting to save face, he gave you a warning letter, just hoping that you would choose to put the matter to rest and turn a big issue into a small one. If it were anyone else, the door would kill someone in the morning."

Omi said, "Gao Yang Sendingjun wants to save face, how can I do what he wants, I'm biased to force him, Little Fire, reveal the contents of Gao Yang Sendingjun's jade letter to everyone."
