"Get used to it, it's just a code name anyway." Omi sighed.

Omi held Xu Qing'er's waist in his hands, then his body moved, directly tearing through space, and in the next second, he arrived at the Great Martial Empire.

Previously in the technological world, thousands of light years away, the reason why Omi was able to arrive in a few seconds was that he tore through space and instantly shifted, not actually flying that long distance.

"Greetings to the Imperial Ancestor." Omi had just stopped in front of a palace hall of the Great Martial Empire when he heard a kneeling voice from behind him.

Omi turned back and said, "Shang Wuyun, currently in this world, how many total Returned Void powerhouses are there?"

"Back to the Great Ancestor, our Great Martial Empire, there are 18 of them, and several other empires, there are a dozen of them, and the whole world combined, there must be a total of 50 or 60. Among these Returning Void strongmen, the most powerful among them is me." Shang Wuyun smiled somewhat embarrassed.

"What are you laughing at, there is nothing to be proud of, you are my offspring, the strongest is what you should be."

"Yes, Tai Ancestor, I originally reached the Fifth Order of Returning Void, after you returned a few days ago, you instantly raised me to the Ninth Order of Returning Void, I'm now only one step away from reaching the legendary Returning Ancestor realm."

Xu Qing'er secretly smacked her lips, so powerful, Omi's power was beyond her perception, but instead she couldn't feel it. Shang Wuyun's strength, on the other hand, remained within her perception, but instead could tangibly feel the strength.

Omi said, "Shang Wuyun, go find all the Returned Void in the world, I'll give you five days, is that enough time?"

"This, it's a bit tight, mainly because I'm afraid that the other empires' returning void power isn't as strong as mine and won't be able to make it in time." First URL [m.kanshu8.net](http://m.kanshu8.net)

"Then ten days."

"Yes, Tai Ancestor, I'm going."

Shang Wuyun immediately went to do it, what the Taizu commanded was done with great passion.

Omi entered the main hall and said to Xu Qing'er, "Ten days, there should be no rush for this amount of time, besides, my teacher's wife is on that side, the human base won't be in any danger."

"Hmph, is your teacher's wife as powerful as you?"

"Nonsense, that's for sure. It's just a pity that your family's Taizu Xu Mei Qian, couldn't hold on to them, mainly because I was still too weak to save them, otherwise, they could be just as strong as my teacher's wife today."

"Wow, so envious." Xu Qing'er fought for her big eyes.

Omi wasn't in a hurry, so he waited in the Great Martial Empire.

These days, Xu Qing'er followed Omi's buttocks every day, and Omi didn't go to cultivation, but wandered around every day, going to places he had been to, looking for memories, because Omi found that every time he recalled the past, his perception of his Third Stage of Tribulation would deepen by one layer.

Six days later, Omi was standing in front of a foggy valley.

"Where is this?" Xu Qing'er asked.

"This is the Valley of Ghosts, a forbidden place for humans, I went in there back then and almost died." Omi's fancy ghost valley said.

"Oh."

Omi flew into the Valley of Ghosts with Xu Qing'er in the blink of an eye.

Unfortunately, the incomparably terrifying Ghost Valley back then was now simply unmentionable in Omi's eyes. The once terrifying Ghost Valley's incomparable ghosts were now avoiding Omi like a plague.

"After being out for six days, it's almost time to go back, and there's nowhere to remember." Omi said.

After these six days of revisiting his hometown, Omi's comprehension of the Third Order of Tribulation had deepened a lot, and he was one step closer to the Third Order of Tribulation.

Waiting for four more days, Shang Wuyun should be back, and so should all the Returning Void powerhouses of this world.

Omi was lying on a rocking chair in the garden of the Great Martial Empire Palace, relaxing in the sun, and Xu Qing'er was making tea for Omi beside him.

"Old Ancestor, please have some tea."

"There's no need to be polite, I didn't bring you away to be a maidservant for me."

"This is what the younger generation should do, my family's terror has already taken care of my funeral, I don't know what status I count as a person now. In the future, if the ancestor has any orders, he can call me. Qing'er can still be alive in this life and become young again, this was granted by the old ancestor."

"Oh, you silly child, the old ancestor told you to die, and you're willing to do it?"

"Of course I'm willing."

"And you're willing to serve me at night when the old ancestor asks you to do so?" Omi said smilingly.

"Uh, Old Ancestor." Xu Qing'er shyly lowered her head, Old Ancestor was so unorthodox, no wonder he had found so many wives back then.

"Come over and rub Old Ancestor's shoulders."

"Oh." Xu Qing'er came over to rub Omi's shoulders.

"Qing'er, how many sons and grandsons do you have?" Don Zimmer asked.

"Ah." Xu Qing'er averted her eyes and didn't answer.

"What? Didn't you say before that you were already in a hospital bed, with a bunch of dutiful sons and grandsons serving you at your bedside?"

Xu Qing'er was a little embarrassed, "Old Ancestor, to tell you the truth, although I have three sons, but, none of them are biological, all three of my sons are adopted. In fact, I don't have any of my own biological sons, because, I never married in my life and only adopted three sons, although my family is full of children and grandchildren, none of them are my blood relatives. I'm very sorry to my Xu family for that."

"Khan, why have you never married anyone in your life?"

"I don't want to say it, I'm afraid the ancestor won't be happy if I do."

"But there's no harm in saying it."

"In fact, when Qing'er met Old Ancestor back then, she worshipped you very much, after that, and under Old Ancestor's guidance, my martial arts skills improved greatly, and I became the leader of the entire world's ancient martial arts experts, I was determined to follow Old Ancestor's steps, but I didn't want to, and delayed my own life's work, although there were many men pursuing me, but my own conditions were higher, and I was partial to my high standards, in the end, I didn't look at any of them. Ended up adopting three sons and never married." Xu Qing'er said.

"So, you've never been in love until your death?" Don Zimmer asked.

"Yes." Xu Qing'er nodded her head in embarrassment.

"You really have lived in vain." Omi said with a laugh.

"How could I have lived in vain, in my entire life, I have at least reached Ancestral Master Perfection, and have cultivated three outstanding sons and a group of grandsons, Xuan grandsons."

Omi said, "Silly woman, is that what I'm referring to? Of course, the channels are very developed nowadays, even if you've never been in love, you've probably had a date with quite a few men for a bubble."

Xu Qing'er blushed and said, "Old Ancestor, why are you talking more and more unorthodox, it will ruin your sacred image in my heart."

"All images are just what the future generations have put on me according to their own hearts, what I actually am is what kind of person."

"Oh, no wonder Old Ancestor married so many flowery beauties back then." Xu Qing'er squeezed Omi's shoulder and said, talking to Omi more and more easily, not as cautious and careful as before.
