

King of kings

1876

Everyone was even more shocked when they heard that Omi actually dared to speak to Yi Biao Fang in such a tone, admiring Omi's courage, but also feeling sad for Omi's death-seeking behavior, Oh the family of the Seven Seas possessing pseudo-immortal weapons, is Omi really too old for life?

Yibiao Fang was already furious, pointing at Omi and saying, "Omi, my Yi Clan, if I don't cut you down to size, I'll follow your surname."

Omi left his mouth and said, "It's just a pseudo-immortal weapon, if I don't have one, do you believe I'll let your Yi Clan die without a burial place?"

"You you you." Ibiao Fang trembled with anger, not expecting there to be such an arrogant person in the Six Seas.

Omi didn't bother to talk nonsense and rushed up to slap I Tablefang's face.

"Pah." Ippiao Fang was slapped by Omi and fell to the ground.

"This, how is this possible." I Cousin Fang was furious and at the same time incredulous, he was at the fifth stage of tribulation, how could Omi, a third stage of tribulation, be able to slap him down so easily?

Omi grabbed Yi Tablefang again and hoisted him in the air.

"Yibiao Fang, do you think you're from some shitty family, you're very tuggy, you F*cking tuggy show me, I believe I'll make you eat shit in minutes."

"Omi, you better think it through."

"Let me think clearly what, is it to think clearly whether to offend you or not?I pooh." First published at m.kanshu8.net

"Pah." Omi slapped Yi Cube Fang so hard that his head was tilted by Omi's slap.

I Cousin Fang's face was hideous.

At this time, Bird Peng Jun was busy saying, "Fellow Daoist Omi, don't be impulsive."

"Bird Pengjun, are you going to stop me?"

"Forget I said that." Tori Penn Jun retreated to the side.

Omi's gaze was cold and his mind moved.

"Pfft." Ibe Fang was instantly sliced into countless pieces from foot to foot by a flying sword.

The other people from the other imperial dynasties watched incredulously as Omi killed the I Clan's law enforcement chief just like that.

The palace was silent for a long time before Bird Peng Jun said, "Omi, you actually killed the Yi Table Party."

Omi said, "Gentlemen, I hereby advise you all to pretend that you saw nothing of what happened today and never saw any Yi Table Fang, otherwise, don't blame me, Omi."

Omi said and flew away directly.

Only after Omi left did everyone regain their senses from the incredulity they had just experienced.

"Damn, Omi he really went crazy, he actually killed the Yi Clan."

"Oh my god."

"Everyone, Omi killed Yi Cousin Fang, the Yi Clan will definitely not let go, the Yi Clan will definitely send someone down to track him down, what should we do? Omi wants us to pretend we didn't see anything."

Gao Yang sent a snort, "He's really thinking naive."

"That's right, did Omi think that we would help him hide it?"

"That idiot Omi, he's just waiting to be exterminated by the Yi Clan."

In a moment, in order to show that they had made a clear line with Omi, the other eight great imperial elders in the palace all scolded Omi. As for Omi's words that threatened them, they were even more ashamed, with the Yi Clan on one side and Omi on the other, they were foolish to be on Omi's side.

Omi swiftly returned to Tang Ji Gate, now that he had brazenly killed the Yibiao Fang, Omi had to go back and inform everyone.

Right now, in the Seven Seas Yi Clan.

"Report, report, report." A servant shouted several times, flying all the way to the I Clan Protector's palace.

"What is it again." That tribal protector clan chief was impatient.

"Protector Clan Chief, it's bad, Yi Cousin Fang, he, his light of life, went out."

"What did you say?"

"Yi Cousin Fang, he just died."

"Bang, nonsense, I obviously sent him to the Six Seas just two days ago to investigate a matter."

"Patriarch, if you don't believe me, just go to the family ancestral hall and take a look."

The Patriarch of the Yi Clan, immediately rushed to the Family Ancestral Hall, and sure enough, the light of life of Yi Table Fang was extinguished.

The Protector Clan Head hissed, "Who is it, which bastard is tired of living."

In anger, the patriarch didn't think too much about it, and immediately went from the Seven Seas, to the Six Seas.

Half a day later, Omi returned to Tang Ji Gate, Omi's journey was the fastest way to get back.

"Brother Chen, why did you come back so quickly." Little Flame seemed to see that something big had happened.

"Little Fire, I killed Yi Cousin Fang."

"I know, you said before that you would kill him quietly."

"No, I didn't kill him quietly, I killed him in front of some other royal elders."

"Ah, then if another strong person from the I Clan comes down, wouldn't it be instantly obvious that you did it."

"I've asked the other dynasty's long kings to treat it as nothing and threaten them not to say anything."

"Brother Minister, you're too naive."

"Leave them alone, now we must take some precautions, you go gather everyone together."

"Good."

A moment later, all the relatives, including Mu Qianji, were called to Omi's palace.

"Omi, what's so urgent." Mu Qianji asked.

Omi didn't long-winded and got straight to the point, "We might have to prepare for a retreat at any time, a few days ago, the Seven Seas Yi Clan chose us to establish a branch here, Little Fire and I exterminated them, just yesterday, the Yi Clan sent someone called Yi Piao Fang down to investigate this matter, I couldn't hold back, and killed that representative Yi Piao Fang in the Bird Dynasty."

"Khan." Everyone wiped their cold sweat, they didn't know about this matter.

Omi said, "I'm afraid, the Seven Seas I Clan will soon have a stronger and stronger person coming down with anger."

Before Omi finished speaking, a guard outside ran in.

"Reporting to the Gate Master, there is news from the front, the Elder Emperor of the Bird Dynasty, the Elder Emperor of the Li Chen Dynasty, the Elder Emperor of the Sang Dynasty, the Elder Emperor of the Gao Yang Dynasty, and the other eight Great Immortal Immortal Dynasties are coming in our direction."

Omi snorted, "Coming really fast."

"Omi, it must be the strongest of the Yi Clan coming down, didn't you say that the long kings of the other imperial dynasties are not allowed to tell anyone?"

Omi said, "These sons of bitches are clearly on the side of the Yi Clan."

"Brother Chen, what should we do now, I guess they'll be here soon."

Omi ordered, "All of you, immediately disperse thirty circles away from Tang Ji Gate, I don't think the Yi Clan has realized how strong I am yet, it's unlikely that they will send very strong people down."

"But."

"Obey, this is just in case."

At this moment, a roar came from the distant sky, "Omi, come out and suffer death."

Omi sighed, "It's already here."

After saying that, Omi rushed out.
