"Senior Bimbo, I really didn't mean to trespass on your territory, I was just chased by my enemy and had to hide here, that enemy of mine is very strong, but, he didn't dare to come to you. I hope that senior Bimeng, more support, Tang is grateful." Omi said evenly.

The voice in the air said, "I already said it last time, if I come again, I won't be polite."

"Senior Bimbo, although I did come again, I'm not bothering you, do I need to?"

"Go, leave immediately." The voices in the air yelled.

Omi said, "My enemy is waiting for me around the Sea of Death, and if I take a step out, what awaits me may be death. Therefore, I will not leave."

"Are you forcing me to kill you?"

"I go out and die too, so does it make a difference?"

"I'll give you one last chance." The voice in the air said warningly, but before he could finish his sentence, Omi shouted impatiently, "Alright, don't have no fun, can you give me a break, you sucked me in here, did I barge in here of my own accord, be careful of me if you jabber on." Omi yelled.

"Ah, you." The voices in the air seemed startled.

Little Fire was busy, "Brother Chen, you're crazy to yell at him." Little Fire wiped away the cold sweat.

The voice in the air was yelled at by Omi, and it didn't dare to jabber anymore. Remember the URL .kanshu8.net

Omi dared to yell at him because Omi had an illusion that this Behemoth, he seemed to be so scrupulous that he didn't dare to kill Omi at all. Otherwise, he would have killed Omi already, so why would he be yelling at Omi so much?

So, Omi took a gamble and roared at him to give him some temper.

Sure enough, the Bimbo Behemoth was roared by Omi and didn't dare to gibber anymore.

Omi gambled right, the Behemoth Beast really was scrupulous of Omi.

The last time Omi learned that the Bimbo Behemoth knew Omi's past life, so was he scrupulous because of Omi's past life?

Could it be that Omi's past life was something that made the Behemoth still fear Omi now?

The air was free of that Behemoth's chatter, and it really was much quieter.

This sealed space felt like there was a hint of immortality, and Omi and Little Fire felt extremely deep in here.

“Brother Chen, have you noticed that we seem to be feeling extremely deep in this sealed space.”

“Yes, I’ve noticed it too, so let’s cultivate here, I think it will be very effective if we cultivate here.” Omi said.

“Yes, but, here.” Little Fire meant, this is in the space where the Behemoth was sealed, Omi said to cultivate here, when this is Omi’s home ah.

The voice in the air said, “If you want to cultivate in my place, have you asked me?” The voice in the air looked unhappy.

Omi said, “I can cultivate here if I want to, so don’t jabber.”

“Don’t you mess with me.” The voice in the air shouted.

Omi snorted, “I told you to cut the jibbering, didn’t you hear me?”

“I really will kill you.” The voice in the air said suppressing its inner voice.

Omi said, “Then kill me, kill me, shoot me to pieces

.”

“Ahhhh.” The Bimbo Behemoth roared, but it was too late to make a move.

Omi laughed inwardly, and wondered why this Bimbo Behemoth was afraid of Omi, who didn’t even dare to actually make a move against him when Omi was pushing him so hard.

On the other hand, Little Fire, on the other hand, was terrified, feeling like he was walking on the edge of death. This is a Bismon Beast, those strong men with pseudo-immortal weapons in the Seven Seas are as weak as nothing in front of the Bismon Beast.

Omi said, “Bimun, don’t disturb me, I want to cultivate properly, do you hear me.”

“Ahhhh.” The voice in the air shouted angrily, but it didn’t move.

At this moment, that Behemoth was incomparably depressed, he was torn and struggling inside, his heart kept telling itself, “Holt, he’s not your master anymore, why are you still afraid of him, kill him.”

“Holt, kill him, he died long ago in his previous life, he has nothing to do with his previous life, he doesn’t remember his previous life at all, and he doesn’t remember you at all, why are you still afraid of him, kill him.”

“But why am I afraid to kill him, why am I still afraid of him? When he used to be my master, he just treated me like a dog, he never really treated me at all, I hated him.”

“Holt, what are you hesitating for, kill him, once he treated you like that, never treated you like a human, treated you like a dog, move and wave, why are you still afraid of him.”

However, even though the Behemoth in the air was constantly urging itself to kill Omi inside, it never dared to do so, as if, the once master, had suppressed him to death, so that he didn’t dare to resist.

In the blink of an eye, two months passed.

“Haha, Minister, I’ve broken through to the Third Stage of Tribulation.” Little Fire suddenly laughed out loud.

Omi rolled his eyes and said, “It’s easy to say that I’m at the third stage of Tribulation, I’ve already touched the threshold of the fifth stage of Tribulation.”

“What? Brother Chen, are you kidding me, you’ve touched the threshold of the fifth stage of the Robbery? Two months ago, weren’t you only at the third stage of the martial stage?”

Omi said speechlessly, “I broke through from the Third Order of Tribulation to the Fourth Order of Tribulation, and now I’ve touched the threshold of the Fifth Order of Tribulation.”

“I go, Brother Chen, you’re going against the heavens, I’m still excited about breaking through to the Third Order of Tribulation, and you, you’ve already touched the threshold of the Fifth Order of Tribulation.”

“Alright, keep up the good work lah. When I break through to the fifth stage of Tribulation, I’ll be able to practice the seventh set of the Twelve Sword Formation, and by then, the Yi’s ancestor won’t be scary.” Omi said.

“Wow crap, Brother Chen, how awesome.” Little Fire was overjoyed, he was still trapped here, not knowing what to do in the future, but he didn’t expect to enter the space where the Behemoth was sealed with Immortal Qi, causing him to pick up a bargain for Omi, soaring to the fourth stage of the Tribulation in just two months, and it looked like the fifth stage of the Tribulation wasn’t far away.

“Little Fire, you also strive to break through to the Fourth Stage of Tribulation.”

“Good.” Little Flame immediately went to comprehend.

That Behemoth in the air was depressed, and he hated himself for being incompetent.

Soon, another half year passed.

Omi had finally stepped into the fifth stage of the Tribulation.

Little Fire also stepped into the fourth stage of the Tribulation.

In this sealed space, Omi couldn’t find the slightest breath of comprehension either, indicating that Omi and Little Fire had absorbed all the favorable information here in the past few months.
