1907

"Ahhh, don't make me, I don't want to talk about it."

"Beaumont, I must have hurt you in a past life, didn't I." Don Zimmer asked.

There was no sound in the air.

Omi said, "What grudges did you have in your past life, let's talk about it today, come on, no matter what, I'll say sorry to you first."

The air was silent for a long time before he said, "I don't need your apology."

"Oh, it seems, I guessed right, in that case, I'll apologize to you all the more, I want you to forget your hatred, no matter what I did to you in my previous life, to me, the previous me is dead. I'm dead, and you still don't forgive me?"

For a long time, the voice in the air sighed, "And yes, you're a bastard who's already dead, what does the current you have to do with your previous life, I shouldn't hold a grudge against you."

"That's right, so how about we call each other brothers from now on."

"Brothers?"

"What? Is it strange that my brothers aren't just all human."

"Well, if you could treat me this way in your past life, how could I be so angry and unhappy."

"Uh, so it's still my problem that you're sealed in here."

"Nonsense."

"I'd like to know what I've done to you to keep you sealed for so long."

Beamon snorted, "You didn't do it to me to be sealed here."

"To be more specific, let's start with what I was in my previous life."

"In your previous life, you were, the son of the Zhou Clan in the Earth Immortal Realm, Upper Fey Yan Continent, the Cloud Gong Immortal Kingdom. Your Zhou Clan was very powerful in the Yunluo Immortal Country, and was one of the largest warlords in the Yunluo Immortal Country. I, on the other hand, am a small Bimbo of one of the Bimbo tribes in your Zhou Clan's feudal land. Once, you came to the feudal land, when you were still young, and saw me, and from then on, my nightmare began, and you forced me to sacrifice my soul and become your attendant. Unfortunately, you didn't take me as an attendant, you used me like a dog. I'm at least a prince of the Bimun clan, yet you treat me like this. It's a pity that your Zhou Clan is so powerful, we Bimun Clan have to rely on you to survive in your territory,

and we can only let you bully us. In your previous life, you were a bastard, relying on the strength of your family, raping, killing, setting fires, doing nothing evil, you made the entire Yunluo Immortal Kingdom hate you, if it wasn't for the strength of your parents and relatives, with the way you are, you would have been killed if you took just one step out of your house."

Omi sweated, "You lied to me, am I such a person? Is rape really the kind of thing that I did in a past life?"

"What's the point of me lying to you, more than just doing it, it's outrageous, I'm your follower, I've seen anything bad you've done. For example, when you saw a slightly better-looking woman on the street, you ordered some of your dogs to spread out a bed, pull up a cloth curtain, and defile it in public. You've done this no less than twenty times, the entire Yunluo Immortal King City, all the lower class women with superior posture and no family background, have almost been defiled by you. You've become known throughout the Immortal Kingdom as a vicious young man. Do you think that people like you have the life to take a step out of your home if you don't have a family background."

"Speechless, I'm anything but." Omi wiped his cold sweat, feeling like he was talking about someone else, Omi couldn't believe that he was such a person in his previous life.

Omi suddenly recalled his previous life in

The original Yao Dynasty, illuminated a well, and the well could reflect his former life, Omi saw that he was handsome in his former life.

Omi was busy saying, "In my previous life, wasn't I handsome?"

"It was okay, but because of what you are, you're uselessly handsome."

"And then how did I die?"

"One day, retribution finally came. A young man from the Wilderness Virgin Kingdom of Yunluo came to our country, and the young man had a beautiful maid with him. When you saw her on the street, you became lustful, and immediately instructed your dogs to spread the sheets and prepare to defile her. But unexpectedly, the man was no one for you to mess with, and the youth, castrated you in the street, and your manhood was eaten by his mount. You collapsed in a pool of blood and screamed, but unfortunately, your dog's legs had already been killed, and you tore the heavens and the earth apart, and no one came to your rescue, even the immortal pearl you carried with you suddenly couldn't function. In the end, you were trampled to death by that young gentleman, and your death was so unbearable that your family didn't dare to say another word after they found out. Fortunately, on that day, I was a little far away from you and was not implicated by you, but my soul was offered to you, and when you died, I also suffered. Therefore, I could only Yuan Shen out of my body, disappear into the spatial rift, and finally drift in this spirit world. My soul was imprisoned forever, and I could only exert very low strength, so I was sealed here by a quasi-immortal of the Half Immortal Clan of the Seven Seas."

Omi was very depressed to hear that he had been played to death like this in his previous life, castrated in the street, his lifeblood eaten by a mount, and finally stomped to death.

God, Omi really didn't believe it, there was no reason for Beamon to lie to him.

However, at this moment Omi finally understood why Bimun was afraid of Omi, because he was an attendant of Omi's former life, his soul was dedicated to Omi's former life, he had fear of Omi from the depths of his soul, and Omi had treated him like a dog in his former life, so there must be no less torture.

That's why, as soon as Beamon saw Omi, he recognized who Omi's previous life was.

After all, the soul was dedicated to Omi's previous life, even if Omi was reborn, he should still be able to distinguish it, the soul structure and all, it shouldn't have changed, the change was just a complete erasure of the memory, it was like restoring the factory settings.

"Hahaha, that's hilarious, I, Tang Zhen, would end up like this?" The Don laughed out loud, but the Don wasn't the least bit uncomfortable inside, after all, to him now it was like listening to a stranger's story.

"I know it's none of your business right now, I shouldn't have told you, you're the one who made me say it."

Don Zimmer said, "I don't blame you, and anyway, thank you, Brother Beamon."

"No need to thank me."

"By the way, you were sealed by the Spirit People's parahumans?"

"Yes, I was sealed, but the one who sealed me was not a human here, but a parahuman of the Half Immortal Clan. In this space and time, the status between you humans and the Half Immortal Clan is far too far apart."

"Well, I understand that, those half-immortal clans are even feared by those holy beast races of the dragon clan, not to mention us, the lowest level of humans."

"Alright, there's nothing else I have to tell you." Bimon said.

Omi nodded, and Omi didn't ask more questions about the Immortal Realm, such as what Upper Feyama Continent, what Yunluo Immortal Kingdom, what Earth Immortal Realm, or what Zhou Clan warlords from Omi's previous life, all of these had nothing to do with Omi now, and it wouldn't be too late to learn more about them later if he had the chance to travel to the Immortal Realm.
