

King of kings

1933

As fast as he could, Omi rushed back to the camp.

When Omi rushed back to the camp, he found it empty.

"Ah." Omi was dumbfounded, just now the place was a scene of singing and dancing, in the blink of an eye, everyone was gone, and the barbecue that had just been set up was now spilled all over the ground.

"What's going on here? Where are the people?" Omi yelled.

At that moment, a shout came from the distance, "Uncle Chen."

Omi quickly rushed up and found that it was Zi Hitomi, who was seriously injured and fell to the ground.

"Zi Hitomi, what's wrong? Where are the people? What's going on?" Omi asked with a yell.

"Uncle Minister, quick, go save them." Zi Hitomi said weakly.

"Zi Hitomi, tell me first, what happened? Where are so many of them?" Omi asked anxiously.

"It's the Vajra Clan, a group of strong Vajra Clan members just appeared somehow and suddenly landed here."

"What, the Vajra Clan? How is this possible, we're already far away from the Vajra." First published at m.kanshu8.net

"Uncle Minister, the Vajra Clan has been following us silently behind us. They don't know what kind of magic treasure they possess that can shield our spiritual awareness so that we can't even discover it."

"The Vajra Clan." Omi was furious inside, Omi was already far away from the Vajra Clan's territory, Omi had already chosen to retreat, but the Vajra Clan had even quietly followed and captured Omi's family members while Omi was away.

"Uncle Chen, go save them, leave me alone, Sebastian was also captured by them."

"Why didn't you get captured?"

"Uncle Minister, that group of Vajra, they only catch women, hurry up, they're going this way, they just left a short while ago, it'll be too late. I heard them say that these humble humans, with good looks, they will definitely defile my aunt and the others, as well as my daughter-in-law, Mei, and Little White Princess."

Omi let out a monstrous rage, this was their provocation of Omi.

"Zidi, take care of yourself, I'll go after them." After saying that, Omi quickly caught up.

However, Omi couldn't sense the location of the group of Vajra Clan because they carried a magic weapon that could shield their spiritual sense, and they could only rely on the naked eye to find them.

However, this was an ordinary Immortal, and Omi was not an ordinary Immortal.

Omi cupped his hands, a flame the size of a match appeared in his fingers, and his mouth chanted, "Heaven and earth are limitless, chase."

"Swoosh." The flame instantly flew off in a certain direction, and Omi immediately followed.

In almost a few seconds, Omi moved tens of thousands of meters.

"Swoosh." Omi's figure was like a string of afterimages, intercepting in front of a group of people.

"Ah." A group of people who were running fast, suddenly intercepted in front of them, panicked and braked.

Omi's face was cold as he said, "You are looking for death."

This group of people were precisely from the Vajra Clan.

The one who was the leader of the Vajra Clan grunted, "Humble human, get out of my way, or else."

"Bang." That leader hadn't finished his words, Omi's fingers suddenly pinched out a flame, and with a swoosh, the instantaneous speed of the flame struck that person, then, with a bang, the head was exposed.

Suddenly, that group of Vajra people were terrified, Omi's skill was unheard of.

In fact, it was a spell from Omi's previous life, but of course, it needed immortal energy to boost it, and Omi had already used immortal realm spells at all costs.

The power of the spell was undoubtedly powerful, not to mention that they were even

It was the leader of their Vajra Clan, but I'm afraid they couldn't stand up to it.

"Senior spare your life." The remaining group of Vajra Clan members knelt down, as the strength Omi displayed was too strong.

"Where are my people?" Don asked angrily.

"Here." The Vajra people scrambled to bring up the woman tied up behind them.

As expected, Mu Qianji and the others were tied up, not knowing what kind of weapon they had used, Mu Qianji and the others were unable to move or speak, but they were able to open their eyes, and right now, they were looking at Omi in celebration.

Omi raged, "You bunch of sons of bitches."

"Senior, spare my life."

“Spare my life, give me a reason to spare my life.”

“Senior, in fact, this was all Prince Seding’s idea, not ours at all, the man you just killed, he was Prince Seding of our Vajra Clan. Half a day ago, you came to the outskirts of our Vajra Clan, and it just so happened that Prince Seding was hunting there, and we all saw your strength. However, Prince Seding said that he liked this group of beautiful women around you, so Prince Seding brought us along quietly to follow. That’s what happened.”

Omi said, “I’m letting you go back alive now, go back and tell the head of your Vajra Clan, and tell him that if you Vajra Clan has angered me, I, Tang Someone, will destroy it. Please prepare all of you Vajra Clan, tomorrow at noon, I will come. Roll.”

“Yes.”

Omi didn’t kill these Vajra Clans because they were just little people, killing them wouldn’t be of any use, so why not let them go back and report back and pass on Omi’s words to their Vajra Clan’s chief.

Anyway, tomorrow, Omi would definitely kill the Vajra Clan.

The Vajra Clan, it doesn’t have to exist.

Omi untied the rope on Mu Qianji and the others, the rope was a magic tool.

“Ooooh, that scared me to death.” Tang Huan Xiaoxin and the others burst into tears, they all thought that this time it was over and they were going to be defiled by the Vajra Clan.

“Brother Omi, I’m so scared.” Xiaobai jumped on Omi.

Omi said, “Alright, don’t be afraid, it’s alright now.”

“Brother Omi, you came just in time.”

Mu Qianji said, “Are you really going to come to the door tomorrow to exterminate the Vajra Clan?”

“Must.”

“Are you sure about this? I heard that the Vajra Clan has a quasi-immortal, and I heard it from them when we were just kidnapped.”

Omi snorted, “Which so what, I said, it will be destroyed.”

Omi was very angry inside, if it wasn’t for the fact that Omi had a bit of tracking spells, it would have been difficult to catch up, mainly because this Prince Seding of the Vajra Clan, had a magic weapon that shielded his spiritual sense, Omi had to chase after them, not knowing which direction exactly, once they chased the wrong one, they would get further and further away, it was really dangerous, once the delay was a bit longer, then, Omi these few beauties, all of them were spoiled. Even extermination couldn’t relieve the hatred in Omi’s heart.

Omi swept a glance and didn’t see Zi Hitomi’s daughter-in-law, Mei.

“Where’s Ah Mei?” Omi asked.

Mu Qianji, who was having trouble speaking, said, “That prince of the Vajra Clan threw Amei away halfway.”

“Why?”

“This, they say, Amei is so ugly, so.”

Omi understood, that Amei’s heart, I don’t know whether to be happy or depressed, happy because she won’t be tainted, depressed because she’s so ugly.

“Alright, hurry up and find Amei, back at the camp, Zi Hitomi is still at the camp, Zi Hitomi is injured.” Omi said.

Omi and the others immediately went all the way back.
