1942

The Qilin chief waved his hand.

“Boom.” In the main hall, a few bull clan’s ninth stage of Tribulation that had just been arrogant were immediately blasted out of the main hall like mosquitoes.

Those few strong Bulls ran away in a panic, hurrying back to report to their clan’s ancestor.

However, the ancestor of their Bull Clan definitely didn’t dare to drive away the Qilin Clan anymore, after all, the Qilin Clan also had the Tenth Order of Tribulation, and only needed to cross the Thunder Tribulation, they were Quasi-immortals, and even Quasi-immortals also had a level of strength, but everyone was a Quasi-immortal, and their destructive power was very strong, and then, even if they really could kill the Tenth Order of Tribulation of the Qilin Clan, their own family would definitely suffer heavy casualties.

“Clan leader, you, how are you?” The people in the palace were happy, it was really time for the clan leader to break through.

“Everyone, it’s fine now, they Bull Clan, let’s see if they dare to look again.”

“Clan Chief, I’m afraid that the Bull Clan is trying to do nothing this time and simply exterminate us ah.”

“Hmph, you think I can’t see that banishing us is just an excuse, this time our Qilin Clan has no parahumans, they have long wanted to seize the opportunity.” The Qilin Clan Chief snorted.

“Clan Leader, you’ve broken through just in time.” Everyone in the palace cried with excitement, as this one breakthrough saved the entire Qilin Clan.

However, only the Qilin Clan Chief himself knew that the reason why he was able to make such a timely breakthrough was not because of him, but because a stranger stabbed him in the butt, and there was no telling what that person had done to him, but there was no doubt that that person had helped him.

The Qilin Clan Leader looked around in a panic, but there was no sign of Omi. The first website

“Strange, where is that stranger? No matter what, he is the savior of my entire clan.”

The Qilin Clan Chief said, “Everyone, you can go back first, it’s all right now, go back and pacify the clan, and, spread the word about me stepping into the tenth step of the Tribulation.”

“Clan Chief, there’s a chance that I’ll be able to cross the robbery in the next few months, or even years.” Everyone looked at the clan chief worriedly, if the tribulation failed, it would be zero.

"Don't worry, I shouldn't be so unlucky." The Qilin Clan Chief said, in fact, the Qilin Clan Chief really didn't have a very strong confidence as he was a bit scared since he had failed by a hair's breadth the last time he had a robbery.

At this moment, Omi and Little Fire had already left the Kirin Clan's headquarters.

"Brother Chen, that bit you just did can really help the clan leader break through?"

"Of course."

"Wouldn't the chief be very grateful to you, then, and why are we leaving so soon?"

"Oh, it's because he's very grateful to me, that's why we have to pretend to leave, don't worry, we're so slow now, he'll catch up with us in no time."

Sure enough, before Omi finished his sentence, a voice came from behind him, "Grandfather En, wait a moment."

Little Fire was speechless.

Not long after, the Qilin Clan Leader caught up with him.

"Grandfather En, thank you, you saved our entire clan." The Gryphon Clan Leader bowed to Omi.

"No need, I helped you just because, my brother is also from the Qilin Clan." Omi pointed at Little Fire.

"Ah." The Kirin Clan Leader immediately looked at Little Fire.

Right now, Little Fire was very grateful to Omi for indirectly taking credit for saving the entire Kirin Clan.

Little Fire was busy saying, "See the Clan Leader."

"You are?"

"Junior Little Fire, but Junior was not born and raised here, I used to be a fire beast and then evolved into a unicorn. I came here this time to find some of my fellow clans, and my big brother accompanied me."

"Welcome, Little Flame.

, you are truly the lucky star of our Qilin Clan."

"It's all because my big brother is powerful, it has nothing to do with me."

"Grandfather En, where are you going?"

Omi said, "Prepare to leave."

"Grandfather En, can I thank you properly?"

"Of course, how would you like to thank me? Buy me a meal?"

"Whatever you want."

"In that case, why don't you take my brother, Little Fire, and add him to the Qilin genealogy."

"Of course, I can still take him as a disciple, even if it's a son, I'll give him all of my best."

Omi said to himself, "You're the only one who can afford to give him the best?"

Don Omi said, "What do you think, Little Fire?"

"This."

"Be a son, or a disciple, you choose one."

"Me, I don't want either."

Omi said, "Suit yourself then."

Omi and Little Fire went to the headquarters of the Qilin Clan, Mu Qianji and the others didn't go, they waited in Little Fire's stone house, they didn't want to waste time, so they practiced there.

That night, the Kirin Clan Chief ceremoniously hosted a banquet for Omi and Little Fire.

Of course, the dinner ended, and the Kirin Clan Chief was an understanding man, arranging for two beautiful women of the Kirin Clan to serve them.

In the room, Little Flame was shy.

"Brother Minister, let them go."

"Little Flame, the other clan chief is being kind, how dare you refuse?" Omi asked laughingly.

Omi must let Little Fire have his fun today, don't take his virginity as a baby.

"Brother Chen, what's so embarrassing about this."

Omi smiled, "Little Fire, look at these two beauties, which one isn't prettier than that village flower, Yang Yang? Alright, it's getting late, enjoy yourself and don't let down the beautiful scenery." Saying that, Omi walked out of the room door while saying to the two beauties, "Serve my brother well."

"Yes."

"Brother Chen, don't be like this, these two beauties, the patriarch is arranging for you to have one."

Omi laughed, "I won't have to, give them all to you, I can't play with the women of the Qilin Clan, the women of the Qilin Clan are too skinny, I really doubt that they will fall apart." The characteristic of the Qilin Clan was that they were skinny, Little Fire was also skinny, these women, even skinnier, Omi really couldn't play with them.

Little Fire was nervous.

Omi lived right next door, the sound of Little Fire's room could still be heard, at first, Little Fire died not to and let the two women go, but, the two women did not go, probably also took the initiative to take off their clothes. In the end, the little fire may not be able to take it anymore, slowly, openly.

There were some discordant sounds after that.

"Hahaha." Omi laughed loudly and said in his heart, "Little Fire, congratulations, you've finally become a man."

Little Fire wasn't at a disadvantage, because Omi could see that the two women the clan leader had arranged were also pure.

Tonight, it belonged to Little Fire.

Omi quickly went into cultivation and did not listen to the sounds of Little Fire's room.

The next day, Omi came to Little Fire's room.

"How did last night go?"

"Brother Chen, I." Little Fire was very embarrassed.

Omi laughed and patted it, "Alright, it's good to be cool."
