"I don't know what you're talking about."

"You know what I'm talking about, you must be in love with Princess Ayana."

"Bullshit."

"Princess Ayana is so beautiful, it's really hard to put up resistance, I understand." There was a faint sense of loss within Mu Qianji, in the past, when Omi took Tang Huan, Lu Yuxi, Xia Xiaoxin, all for himself, Mu Qianji didn't have a bit of loss within him, let alone jealousy, but instead encouraged Omi to do so, but this time, there was a sense of loss within Mu Qianji.

Because, this time, the situation seemed to be very different, in the past, Omi didn't have that feeling of actively falling in love with Tang Huan, Lu Yuxi, Xia Xiaoxin and others, but this time, Omi was full of heart, but it showed that Omi actively fell in love with that person. It was a big difference, causing Mu Qianji to feel a bit lost for the first time, not that she was afraid that that Princess Ayana would take her place.

A woman's senses were really very sensitive.

Omi said, "Qianji, don't think so much, I'm just sorry I didn't take such a beautiful woman into my possession, I'm just using her as an outlet for my desires, you're thinking too much, didn't you say before that you didn't mind me sleeping with a few women, and encouraged me to take Tang Huan and the others as well, haha."

Mu Qianji shook his head, "Don't lie to your heart, this time, I feel that you're moving your true feelings. If you weren't moving your true feelings, I really wouldn't mind if you went and possessed her."

"Bullshit, according to you, I'm not true to Tang Huan, Lu Yuxi, Xia Xiaoxin, Mo Yuyan, they're all not true to me, bullshit."

"It's different, you treated them from the beginning of dislike, to gradually building friendships, and only at the end did you accept them. And now, for the first time, you're emotional, Omi, I don't mean anything else, I'm not trying to stop you, it's good that you're happy, huh?" Mu Qianji smiled, then flew forward, her back, making Omi feel a bit lonely.

Omi remembered, from the mortal realm to the spiritual realm and all the feelings with Mu Qianji, and his brain cleared up a lot. First URL m.kanshu8.net

"Thousand Jedi, wait for me." Omi caught up, took Mu Qianji's hand and said, "Qianji, don't worry, I'm loyal to you."

"It's really okay." Mu Qianji said.

"Qianji, how about I delete the memories of my past life, the memories of my past life, subconsciously, always have some effect on me."

"Don't delete it, the memory of your past life is more meaningful to you than the memory of your current life, besides, it really doesn't matter, if that Princess Ayana can be your woman, I'm happy for you."

"But I see the loss on your face."

"Me, I'm a woman, seeing my man, so directly in love with another woman, I'm sure it'll be a bit for a while, just get used to it." Mu Qianji said.

"Qianji, I'm sorry." Omi hugged Mu Qianji in his arms, seeing Mu Qianji constantly grieving himself inside, Omi felt a little hard, this is his childhood sweetheart ah, what could be deeper than a childhood sweetheart.

"You nerve, what's there to be sorry for, which man isn't like this in a place like the immortal cultivation world, I've already seen too much, my heart is numb, do I still expect you to be devoted to a woman? A lifetime of no infidelity? Where is that possible."

Omi said, "But you are devoted to me."

"I'm a woman, born different, most of the women in the immortal cultivation world are like that, how many women have three hearts."

"Alright, stop it, let's go, away from this place. Whether or not I really have feelings for Ayana, to hell with her, I just want you."

"Idiot."

Mu Qianji gave Omi an intensely affectionate glance.

Omi smiled heedlessly.

Just at this moment, Omi felt that there was someone trailing behind him.

Omi hadn't paid attention to it until this moment because his mood was affected by some of Ayana's.

"Someone is following us, let's go."

Omi pulled Mu Qianji and quickly caught up with the group.

"Brother Omi, what are you two whispering behind us." Tang Huan said.

"You want to know, come to my den at night."

"Rascal." Tang Huan glared.

Omi said, "Alright, everyone cheer up, there's someone following us back there."

"What? Who dares to be so bold?"

"Who else could it be, it must be the Half Immortals."

"Why are they following us?"

"Could it be that Princess Ayana, feeling that she has tarnished her reputation by you, sent someone? Trying to kill us?" Purple Pupil said.

Omi said, "It's not impossible, let's not move first, the person who followed us later is only a ninth stage of the tribulation, not a quasi-immortal, we don't need to be afraid, the most important thing now is to get as far away from the Half Immortals as possible."

Omi and the others, immediately accelerated.

However, as soon as they accelerated, the one who was trailing behind them, the ninth stage of Tribulation, immediately caught up with them.

"Stop."

Since they were catching up, Omi naturally stopped.

Omi looked at the old man who was at the ninth stage of the Tribulation, this old man should be very strong, otherwise he wouldn't have been sent to chase after him.

Omi said, "I don't know what this senior is chasing us for, do you want to invite us back to the princess's feast."

That old man snorted, "You have defiled the princess and ruined her reputation, do you think, you can really leave like this?"

Little Fire was furious, "It really was sent by that bitch Princess Ayana."

Omi said, "Princess Ayana sent you, right."

"It doesn't matter who sent me, the important thing is that you all have to die here today."

Omi smiled, "I never thought that the Half Immortals were such an inferior race, I thought that this kind of thing would only happen in those inferior races, I'm very disappointed in Princess Ayala, loss me, forget it." Omi's heart ached, for someone who disliked him and sent people after him, Omi didn't have the slightest fondness for him, at this moment, all of Omi's fondness for Princess Ayana evaporated.

"Hahaha, I'm glad you know, but unfortunately, it's too late, now, are you going to do it yourselves, or am I going to do it?" That old man asked.

Omi said, "Are you sure you deserve to kill me?"

"What? You're not going to have someone stronger than you around, thinking that you can still be protected?" That old man snorted with disdain.

Omi said, "I'm afraid I very much surprised you today at the Half Immortal Clan, your princesses are no match for me, but do you know that I actually only put out one percent of my strength today."

"You are dying and still blowing in front of me, do you think you can intimidate me." That old man snorted, he didn't believe it, Omi only took out one hundred percent of his strength in today's battle with Princess Ayana, if that was the case, how strong would Omi have to be? It's simply not human anymore.
