

# King of kings

1997

When Belinda Ma opened her eyes again, she had already arrived at the capital city of the Yunluo Immortal Kingdom.

Belinda Ma sat up sharply, only to see Omi sitting on the side with his eyes closed as he cultivated.

"Where is this?" Belinda Ma asked subconsciously.

Omi opened his eyes and said leisurely, "You're awake, this is my Zhou residence, my room."

"You." Belinda Ma panicked and covered her body tightly.

"Oh, I've already told you, from now on, I won't touch you without your permission, you can relax."

"I want to go home, I don't want to follow you." Julie Ma said hatefully.

"It's too late to say you won't until you're at my house now, it's too late, when I took you away from the Ma family, why didn't you say a word and let me take you away in front of everyone, if you had said you didn't want to at that time, I would have left on my own right away, it's too late."

"I was so disappointed at that time because I was so disappointed."

"Aren't you disappointed now? Even if you go back, do you think your family will welcome you? No, what they want to see is that you follow me, not that you go home. If your family doesn't welcome you back, why are you asking for embarrassment?"

"Me." Belinda Ma suffered inside, indeed, the family, save for her parents and other close relatives, didn't want her home at all. Suddenly, her desire to go home faded. Remember the website .kanshu8.net

Omi said, "You have nowhere else to go now, you might as well follow me well."

"Hmph, why should I follow you, is there no place for me to go when the world is so big? I, Julie Ma, am at least a fairy, and fairies are not lowly in any fairy kingdom."

"That's true, but you're the lowest ranking immortal, and you're so pretty, aren't you afraid of leaving your hometown and being raped again?"

"You." Julie Ma was furious, her insides tingling at the word rape, and Don Omi actually mentioned which pot.

"I'm telling the truth, the best thing for you right now, is to stay by my side. I know you hate me, but there's nothing safer than being around me, I've already said I won't touch you again, so why not take this opportunity to get to know me better, and maybe, you'll find out what's so lovely about me."

"Please don't insult the word 'cute', you only make me sick," Julie Ma scolded.

"Hahaha, it's no use talking about it, one day, you'll know how nice I am and, you won't even want to leave if I drive you away."

"Dream on."

After that, it was true that Belinda Ma did not leave again, she also wanted to see if it was true that Zhou Mi would never touch her again, she was not afraid to take the risk, after all, she had already been tainted by Zhou Mi three times, so what if she was tainted once more.

One day, Omi said, "Belinda Ma, do you know a true fire spell?"

"Well, it's none of your business."

"Oh, of course it's none of my business, but I'd like to exchange a spell with you."

"Not interested."

"Don't be in a hurry to refuse, if you learn the spell I impart to you, I guarantee that your strength will increase greatly, at the very least, I can guarantee that you will be able to enter the top one hundred of the Yunluo Immortal Country's pre-human genius list."

"Hmph, you continue to blow."

"Why don't you give it a try, if I can really help you enter the top hundred of the genius list, what will you repay me with?"

"I

Don't want to try."

"Belinda Ma, I know that inside, you're actually shocked to hear about the top 100, and I know by how disbelieving you look that you're still quite rare inside. In that case, why don't you give it a try."

"You want to cheat me out of a true fire spell, no way, don't think I don't know."

"Haha, yes, I do want to learn your true fire spell, but I'm not trying to cheat. Alright, I Zhou Mi insulted you many times in my past and present life, now I will teach you a powerful spell for free, after three years, the genius list will be reshuffled, I hope that by then, you can go for it and enter the top 100 of pre-human immortals. After saying that, Omi taught the first layer of the Silence Technique's recipe to Belinda Ma."

Belinda Ma originally just hummed, not thinking that Omi would teach her anything profound, but after listening for a few minutes, Belinda Ma was a bit shocked, because Omi's Silence Art was indeed very profound, so profound that she couldn't understand it once.

"Alright, once has been taught, how much you understand depends on your own talent. By the way, you can use this spell, but you must never teach it to anyone else."

Omi didn't pass on the entirety of the Silence Technique to Belinda Ma, but only the first level, the first five styles, and there were still ten styles that Omi had yet to pass on, and most importantly, there were still seven styles that Omi had yet to practice in the back.

"If you learn these five styles I've passed on to you, I don't think it will be difficult for you to enter the top 100 of the genius list. Belinda Ma, don't forget the promise you and I made, if you enter the top one hundred, you have to give me a reward."

"What kind of repayment? Did I say that?"

"I don't want anything in return from you either, pass on your True Fire spell to me, plus, give it to me again willingly, remember, willingly, no longer forced like before, alright, you practice."

"Wait, I didn't promise you that."

"If you didn't promise, then forget I didn't teach you my spell just now, don't practice it."

"Me." Belinda Ma was a bit reluctant, the spell that Omi had imparted to her was powerful and she wanted to learn it, she found that she had been trapped by Omi.

Julie Ma said, "I didn't fully understand just now, can you teach it again?"

"Am I to understand that you've agreed to what we just agreed to?"

"Choomi, you said yourself that you'd never touch me again."

"Right, unless you want to."

"Okay, I'll bet you that if I can really enter the Pre-Human Immortal 100, then I'll teach you the True Fire spell, and then, willingly let you, that one time." Julie Ma blushed, she herself had never expected to agree to such a shameless thing. However, the temptation to enter the top 100 was indeed too great, as her fiancé, Niu Dancershui, had not been able to enter the top 100 of this ranking before entering the top 1000, and she was not as strong as Niu Dancershui before, but of course, she had just recently become an Immortal, and had not participated in anything ranking related before.

"Deal, then I'll impart it to you once more."

Omi imparted it to Belinda Ma once more, after which Belinda Ma began to cultivate the Silence Technique.

Although the Silence Art was precious, but Omi believed that the Nine Daoist Demons that there must be stronger spells, so Omi did not cherish it as a family heirloom, when it should be passed on to others, Omi did not hesitate to pass it on, and after Mu Qianji and others became immortals, all of them could learn it.

Omi had also started to spit out his cultivation, Omi hoped that after three years, he would be able to move up in the pre-human immortal rankings, for example, into the top ten.
