

King of kings 2001

2003

However, in the next second, that minion was hit in the face by reality.

Because, in mid-air, the Cloud Camel Prince who wanted to beat Omi into serious injury was punched by Omi and flew dozens of meters.

"Poof." Cloud Camel spurted out a mouthful of blood, just as well, that blood landed on the ground and scattered all over that minion's face.

"Ugh." That lackey was startled there, and the entire podium of royalty was startled.

Zhou Mi had actually punched Yun Camel and spat blood.

In the sky, Omi didn't even look at the cloud camel, occupying that largest water circle, the water circle emitted a strong attack, Omi felt like being under the water, as if he was going to suffocate him alive.

Omi shouted, a mana shocked in his body, and the water circle emitted a grunting sound, like a howl, Omi suppressed the water circle's own attack at once.

Omi succeeded in capturing one of the largest water circles and entered the top ten, but of course, it wasn't over yet, and there would definitely be people coming up to steal from Omi afterwards.

Sure enough, a few minutes later, a young man who had reached the end of the pre-human immortal stage flew in front of Omi.

This person, Omi knew, called Yi Hao, his father was also a First Grade Minister, however, Yi Hao's father's status in the court was far higher than Zhou Tie's. Because, Yi Hao's father, had two genius sons, the elder son, Yi Jing, was a middle Human Immortal, and the younger son, Yi Hao, was a pre-Human Immortal, and both sons were in the top thirty of the genius list, especially the younger son, Yi Hao, who was in the top ten of the last genius list.

This session, of course, still want the top ten, only, the top ten only ten circles, he scanned the circle, think Zhou Mi this circle, should be the best to grab, moreover, he is not afraid of offending Zhou Mi, even if he beat Zhou Mi into serious injury, so what. Remember the URL .kanshu8.net

At this moment, on the ground, in the courtier audience, a middle-aged man shouted, "Hao'er, grab it, there's no need to be polite on this kind of competition stage." After saying that, this man also looked at Zhou Tie next to him.

At this moment, Zhou Tie was very nervous, Yi Cake's youngest son, Yi Hao, was a famous genius, and an old genius, contacting the top ten for several hundred years.

"Mi'er, come on." Zhou Tie shouted.

That Yi Cake but a snort; "In front of a real genius, you think a few shouts of cheer will be useful? Save it, Chou Tie, haha."

"Hmph." Zhou Tie just snorted, he didn't argue with Yi Cake, he was more nervous that Zhou Mi would give Yi Hao the opportunity to take advantage of the situation, in this kind of competition, many courtiers who didn't agree with him would take the opportunity to injure their opponents, and even beat them for hundreds of years. Yi Cake had always despised Zhou Tie, so Yi Hao, Yi Cake's youngest son, would definitely take the opportunity to beat up Omi who couldn't recover for hundreds of years. Moreover, Yi Cake had just shouted that in this kind of competition ring, there was no need to be polite and was already assassinating Yi Hao.

In the sky, Omi looked at the youth in front of him, the corners of his mouth slightly Yang, this old former ten genius, Omi had already thundered like a thunderbolt when he hadn't died in his previous life, but at that time, Omi couldn't look up to him at all, that's why, right now, Yi Hao looked at Omi's eyes filled with disdain, as if Omi was a junior.

"Zhou Mi, let me have the water circle honestly, and I can just give you a few ear scrapes and then let you go. Otherwise, I'll make sure you won't recover from your injuries for five hundred years." Yi Hao said.

Omi said, "Yi Hao, in your previous life, you were so famous that I couldn't look up to you, but in this life, I'll make you look up to me

.Don't worry, I'll make sure you won't recover from your injuries for eight hundred years."

"Looking for death." Yi Hao was furious, and the reincarnated Zhou Mi was so mad.

After saying that, Yi Hao didn't bother to talk nonsense and directly cast spells.

Omi didn't hide it either, striking before Yi Hao and casting the Silence Spell was a powerful one after all.

"Empty Silence Starry Sky."

"Bang." As if a planet had struck, in the blink of an eye, Yi Hao wasn't even prepared for this prowess of Omi's to hit.

"Ah." Yi Hao let out a scream, feeling like his arms and legs weren't his own anymore.

"Boom." Omi showed no mercy, another palm strike to Yi Hao's brain, and Yi Hao let out a scream.

"Clack." Omi slashed at his lazy waist, cutting Yi Hao's body into two fractures. Of course, it wasn't broken, just two broken, Yi Hao's body was an immortal's after all, it wasn't so easy to cut off, and Omi didn't want to act too vicious in front of the emperor and countless other people.

"Boom." Yi Hao's body blasted into the ground, smashing up a cloud of dust.

"Ah, Hao'er." On the courtier audience stage, Yi Hao's father, Yi Cake, was dumbfounded, his genius son was so vulnerable in front of Zhou Mi, and the terror wasn't going to recover for eight hundred years.

"No." Yi Cake hissed, and many courtiers cast sympathetic glances at him, while at the same time, they cast affectionate glances at Zhou Tie.

Zhou Tie's position in the hearts of the courtiers scuffled upwards in just one moment.

Zhou Tie hehely smiled: "Yi Cake, it's still my son who is stronger, your son ah, although he is an old top ten genius, unfortunately, he is still not as good as my son. It's also fortunate that my son is stronger, otherwise, I'm really afraid that my son will be beaten even worse by your son."

"Hmph." Yi Cake's eyes were fierce, panicking to see Yi Hao, Yi Hao was so damaged, he definitely couldn't continue to compete for the ranking, but he remembered Zhou Tie and Zhou Mi's father and son, he would never be polite in the future as long as he found an opportunity.

Omi's mid-air performance was naturally seen by everyone.

On the podium, the emperor's eyes narrowed as he watched Omi without letting go, saying inwardly, "This person, after being reincarnated is so different, this time the top ten, I don't know if the top three seats of my royal family will be threatened by him."

In the sky, the princess called Yun Zi, her eyes looked towards Omi, Yun Zi was the first place in the previous Human Pre-immortal Genius Ranking, she was younger than Omi in her previous life, she was a very powerful genius, last time, Yun Zi became the first with the strength to absolutely spike the second place.

At this moment, Yun Zi said inwardly, "Zhou Mi, you just beat my brother Yun Camel vomiting blood, wait, me, in order to regain my royal dignity."

Omi seemed to feel Yun Zi's gaze and looked over as well, only, Omi's eyes were fearlessly looking at her.

This Yun Zi, who was also extremely beautiful looking, not inferior to Princess Yun Meng, was also the dream lover of an unknown number of men. In his previous life, Omi had also drooled, but in his previous life, this Yun Zi was still relatively small, and Omi paid relatively little attention to her. But coming back again in this life, Yun Zi grew much more mature.

Omi smiled, a provocative charm in his eyes, and at the same time, Omi also aimed at Yun Zi's upright chest.

Yun Zi saw Omi's provocative gaze, and her heart was even more furious.
