

King of kings

2018

A few people, naturally, Omi had no one to talk to and were left alone, but Omi didn't care, there were free places to eat and stay anyway, so why refuse?

"Cousin, the banquet has been prepared, let's go eat first, your uncle and aunt, they might not be back until tomorrow."

"Mmhmm."

Yun Zi said to Omi, "Zhou Mi, Belinda, Noddy, let's go to dinner."

Yun Zi's attitude towards Omi acted very natural, like a friend, because she was also afraid that people would see that she had become Omi's slave, after all, it wasn't a glorious thing.

Of course, Omi wouldn't go to the trouble of pointing it out, after all, it wouldn't do Omi any good if people knew about it, and he might even use Omi's relatives to force Omi to dissolve the relationship.

Arriving at the restaurant, Yun Zi's cousin, cousin and the others accompanied her to eat.

"Cousin, cousin toast to you."

"Yes, thank you, cousin."

"Cousin, I'll drink a toast to you too."

"Mmhmm, thank you cousin." Remember the URL . kanshu8 . net

Everyone was very good with Yun Zi, and the three Omi, no one looked at them at all, making it look like they were scrounging for food and drinks.

However, Omi was also quite thick-skinned, stood up, grabbed a big piece of meat, handed it to Yun Zi, and said, "Yun Zi, eat a piece of meat."

The atmosphere was awkward for a moment.

But what could Yun Zi do, busy smiling, "Thank you Zhou Mi, you eat too."

"Good."

Yun Zi's cousin, the more he looked at Omi, the more displeased he was, really damn it, he could only endure.

At this time, Yun Zi's cousin said, "Cousin, after lunch, in the afternoon, cousin will take you to Dragon Mountain to play, okay? Now the Dragon's Journey is more fun than ever again."

"Yes." Yun Zi was busy nodding her head, she used to go to Long You Mountain every time she came to Upper Feyan Island.

However, Omi suddenly said, "Yun Zi, we have other things to do in the afternoon, so we can't go."

"Ugh."

Yun Zi's cousin endured his anger and said, "Hey, Zhou Mi, you seem to be in charge too much, my cousin is a princess of a country, what are you? How dare you restrict her freedom?"

Omi smiled, "Brother, you think too much, Yun Zi and I are the best friends, how would I restrict her freedom, we really have something going on this afternoon, don't believe me, ask Yun Zi."

"Cousin, don't dare anything, put it all aside for now." Cousin Yun Zi said.

Yun Zi looked at Omi, seemingly with a prayerful look.

Omi pretended he didn't see it, sandwiched a big piece of meat to Belinda Ma and said, "Belinda, you've lost weight recently, eat more meat."

"Thanks." Belinda Ma was full of embarrassment.

Yun Zi Dao: "Zhou Mi, why don't we go to the Dragon Tour Mountain together this afternoon, I promise, that place is fun."

Omi said, "Yun Zi, people who only care about having fun are not good at anything."

Yun Zi's cousin immediately said, "Hey, Zhou Mi, what do you mean? You mean, we're all not much good for anything, right?"

"Oh, I'm just saying, if you guys have to take a seat, I can't help it."

One of Yun Zi's cousins said, "This brother, I also really like to go to Dragon Tour Mountain to play, may I ask if I'm also very useless?" This cousin has an aggressive gaze.

Omi laughed, "How do I know if you're successful or not, but in my eyes, it's just like that anyway."

"Hmph." That cousin of Yun Zi's stood up at once, his eyes full of wariness.

Yun Zi was busy advising, "Cousin, Zhou Mi didn't mean it .

Don't be angry."

Yun Zi was caught in the middle, very much in a dilemma, pinched for a little life on one side, and a cousin who was afraid of them knowing the truth on the other.

Yun Zi's cousin said to Omi, "This brother, you are also a pre-human immortal, I am also a pre-human immortal, do you dare to fight me, since you have such a big mouth, I think you should be very strong, I want to learn."

Omi said, "I'm a Yunluo Immortal Kingdom, the first genius, are you sure you want to learn from me?"

"Hahaha." Hearing Omi report himself, suddenly, those Yun Zi's cousins laughed.

"And the first genius of the Yun Gong Immortal Kingdom? I go, no wonder the arrogance is like this, what a frog in a well, in a place like Upper Fey Yan Continent, does he think that a genius from the Immortal Kingdom can come here and pretend?"

Yun Zi's cousins finally knew why Omi had been so tuggy throughout, so he was the first genius of the Yun Luo Immortal Kingdom, and they laughed to death after learning the truth.

Yun Zi was embarrassed at the moment, but said, "Zhou Mi, don't say it."

Yun Zi also felt very humiliated, causing her to be humiliated along with Omi.

Omi snorted, "Why? Am I not awe-inspiring enough for the Yunluo Immortal Kingdom, the first day of pre-human immortal talent?"

Seeing that Omi was still muddled, that wild beetle couldn't help but blush and said, "Zhou Mi, say less, no one will treat you as dumb."

That cousin of Yun Zi's, shamefacedly said, "Kid, I thought why are you so arrogant, what kind of identity do you have, but it turns out, you are the first genius of the Yun Luo Immortal Kingdom."

Omi said, "Yes, as fake as it is, even Yun Zi lost to me and worshipped me, admired me, how do you drop?"

Yun Zi's cousins were upset when they heard that Yun Zi worshipped Omi and were busy saying, "Cousin, this isn't true, a mere first place in the Immortal Kingdom and you're allowed to worship?"

"Me." Yun Zi didn't know how to answer, it really brought her status down several levels.

Yun Zi's cousin said, "Brother, do you dare to fight me? Truth be told, my name is Yang Feng, and I'm from the Upper Tree Fellows Continent, ranked in the top 50 of the pre-human immortals."

"Uh, top fifty?"

"Yes, let me see how many moves the first genius of the Yun Luo Immortal Kingdom can go through in my hands." Yun Zi's cousin, a strong battle intent in his eyes, he wanted to show Omi, a frog at the bottom of the well, what genius was.

An Immortal Kingdom's first genius, coming to a place like Upper Feyama Continent, might not even be able to enter the top 200, at least, it was almost rare to hear that an Immortal Kingdom's genius could enter the top 200 in Upper Feyama Continent, and even if there was one, it would only appear once in almost a thousand years.

Omi said, "Good."

Omi stood up.

"Please."

The two of them came to the open space next to each other, Yun Zi's cousins, all of them looked on with anticipation, they all wished in their hearts that Yang Feng, beat this ungrateful country bumpkin to shit.

Making his move, Yang Feng said with an arch of his hand, "I'm offended."

After saying that, Yang Feng's figure moved and struck directly at Omi, Yang Feng was worthy of being the 50th ranked in the Upper Fell Yama Continent, his strength was extraordinary, not comparable to the geniuses of the Immortal Kingdom.

However, that was for an ordinary person, but for Omi, that was not necessarily the case.

Omi had recently trained the ninth prowess of the first level of the Silence Technique, called World Without a Blade.

When Omi punched out, it felt, the momentum, suddenly made Yang Feng feel as if he didn't know how to avoid it, no matter how hard he tried, it was unavoidable.

"Bang." In just a moment of deference, that Yang Feng flew away like a sandbag.

"Boom." Finally hitting a wall, the wall collapsed and Yang Feng was buried in the rubble.
