

King of kings

Chapter 2036

A few days ago, the emperor had told her that in the future, he would find a powerful young man for Yun Meng in the Upper Fey Yan Continent, and then marry that person to solidify the power of the Immortal Kingdom.

Just then, a man suddenly patted Yun Meng's shoulder.

"What's a person thinking about."

"Ah, who." Yun Meng turned around, but it was Omi in a groom's uniform.

"Ah, Zhou Mi." Yun Meng was shocked.

"Princess Yun Meng, what are you thinking about, a person so lost, are you thinking about how great it would be if the bride tonight was you."

Yun Meng said furiously, "Zhou Mi, you are bold."

"Haha, Yun Meng, I'm a person who has come here, I'm married to Yun Zi, you look lost, it's obvious that you also like me, I'm not wrong."

"Zhou Mi, hurry up and go back, see you and me here, that's the end." Yun Meng said anxiously.

"I've had too much wine, I came out to pee and ran into you, can't I."

"Zhou Mi, you should hurry back." Remember the website .kanshu8.net

Omi said, "Princess Yun Meng, do you know that you were my dream lover in my previous life, and tonight when I saw you looking lost, for some reason my heart ached a little, I suddenly wanted to hold you in my arms, after all, once you were an unreachable dream for me."

"Zhou Mi, you're crazy." Yun Meng was shocked, this was really playing with fire.

Omi had drunk a little too much.

"Yun Meng, I like you." Omi said through the alcohol.

"Zhou Mi, you." Yun Meng's body trembled, feeling both afraid and suddenly happy inside. If Father popped up out of nowhere, or if someone saw that Omi and her were here on the wedding night to make a secret confession, then it would really be game over.

"Yun Meng, why not you, actually I had been thinking about participating in your marriage recruitment contest, hoping that you would choose me, but I never thought that I would get married to Yun Zi first, what a fabulous thing to do." Omi said.

"Zhou Mi, please don't say it." Yun Meng was busy.

"Yun Meng, is it that I can't get you anymore."

"Zhou Mi, you."

Suddenly, Omi kissed Yun Meng's mouth.

"Ah." Yun Meng's eyes were wide open, completely stupid looking, this was her first kiss.

Just at this moment, in the distance of the back garden, there were voices.

"Someone's coming." Yun Zi woke up in a panic and immediately pushed Omi away.

Omi wanted to catch up and shouted, "Yun Meng, don't go."

"Pah." Yun Meng knocked Omi back with a slap and then quickly disappeared into the night, Yun Meng returned to her boudoir in fear, she didn't know if she had found out about tonight's events. However, remembering the kiss she just had, she immediately blushed.

Omi was slapped by Yun Meng, and the man sobered up.

"Damn, I actually got drunk and confused." Omi's forehead broke out in cold sweat.

The wine in the Immortal World was extraordinary, it was common for Immortals to get drunk, Omi was really drunk after drinking so much.

"I've just, surprisingly, shit, I'm looking for death." Omi wiped out a cold sweat.

On the wedding night, confessing to another princess, forcibly kissing, oh my god, no matter which one was known by the emperor, it was a matter of killing his head.

At that moment, a few servants came with lanterns.

Omi immediately pretended to be taking a piss.

"Ah." Those few servants panicked and left in fear.

Omi whistled and looked left and right to make sure no one was there, then returned to the wedding scene.

"Zhou Mi, where have you been." Yun Zi asked somewhat grudgingly.

"Pissed, you know, drank so much wine and peed so much." Omi said with a bit of a guilty conscience.

Yun Zi didn't ask more.

After that, they continued to drink and toast until late at night.

Only in the second half of the night, did he return to the cave.

This night, Yun Meng was just lying on the bed, not sleeping all night.

Finally, Yun Meng sighed, "I am your dream, where so what, we are no longer possible."

The next day, the emperor sent a great gift.

"Zhou Mi, this is a great gift from the emperor, three 100 million year old immortal grasses."

"Maaah." Omi held a 100 million year old Immortal Grass in his hand, and his entire body trembled.

Omi didn't know how much Immortal Fate he could accumulate and how much he could upgrade after refining this 100 million year old Immortal Grass into an Immortal Pill and taking it.

"Thank you, Father." Omi said gratefully.

"There's no need to be polite, it's the right thing to do, the emperor asked me to relay to you that you can take these three immortal grasses, that go and have Master Chen refine them into immortal pills, after all, what he refines is a second level immortal pill, while what you refine yourself is only a first level immortal pill."

"Uh, will Master Chen refine them for me?" If it could be refined into a Grade 2 Immortal Pill, Omi would certainly be happy to do so.

"Oh, Master Chen has to be willing even if he's not, alright, I'll leave first."

Omi put away the three 100 million year old Immortal Grasses.

Yun Zi said, "Zhou Mi, my father is expecting a lot from you."

"Why do you say that."

"Three 100 million year old Immortal Grasses, this is enough to show that even in the Upper Hell Continent, there aren't many families that can easily take out three 100 million year old Immortal Grasses."

"Well, I have you to thank for that."

"Fool, I'm already your wife, what's there to mention thanks for."

"Oh, also."

Yun Zi asked, "By the way, now that you're married to me, how do you handle your relationship with Belinda Ma?"

"Uh, Belinda Ma." Cloud Violet didn't mention it, Omi had forgotten that it had been over a month since Belinda Ma had gone home.

"What do you think should be done about it."

Yun Zi said, "I can mind what happened between you and Belinda Ma in the past, but, I hope that in the future, you don't have any relationship with her. I am, after all, the princess of a country, if any woman can share a man with me, then how can I put my face on. You say right, don't worry, I will treat you a thousand times better, I will never begrudge you." Yun Zi said with a pleasing face.

Omi smiled, Belinda Ma was a small matter, the key was what about Mu Qianji and the others, now Yun Zi and the others didn't even know they existed.

Omi said, "Meaning, I can only have you as a woman in the future?"

"Hmm."

"Haha, these three Immortal Grasses are really not that easy to take, paying so much." Omi said.

Yun Zi wiped out a cold sweat and said, "Could it be that three strains of immortal grass can't compare to one Belinda Ma?"

"No, no, no, you misunderstood my meaning, what I meant was that by marrying you, I can only sleep with one woman in the future, I could have had countless women, right, isn't that a big loss, no amount of fairy grass can change it back ah."

"Zhou Mi, don't joke about it, okay." Yun Zi pleaded.

"Ugh." Omi sighed, what a cocoon.

If on that day, when Yun Zi came to kill him, in that cave, Omi had directly killed Yun Zi, perhaps, there wouldn't be so much going on now.

If he had killed Yun Zi on that day, Omi would definitely not have been able to escape the wild beetle's pursuit.

Yun Zi thought that Omi was not satisfied, hesitated, bit his teeth and said, "Okay, Zhou Mi, if you really want so many women, all the palace maids beside me, you can let them serve you as much as you want, but only you know about this matter and I know about it, it can't be spread out, on the one hand, it will damage my reputation, on the other hand, if father knows about it, he will definitely not spare you. Is this okay?"

Omi was speechless, "Are you willing to aggravate yourself so much to satisfy me?"

"Zhou Mi, I love you, and since you feel so aggrieved about marrying me, I can only fulfill you."

"You, what a fool." Omi sighed.
