Chapter 2041

"I won't go, you guys go ahead." Omi said, it's not like Omi had any feelings for that Cloudfall.

"Okay, we'll go first then."

"Well, go early and return early."

"Okay."

Yun Meng saw Omi and Yun Zi, who looked like a loving couple, and was envious inside.

Yun Zi and Yun Meng left, Omi was alone at home, closing his eyes and cultivating.

At this moment, in one of the palace's main halls.

A close minister said, "Your Majesty, today is the anniversary of Prince Yun Fell's death, and many princes and grandsons have gone to visit the tomb."

"Oh." The emperor waved his hand and let that servant out.

In the Emperor's eyes, a scene could not help but appear, a youth, hysterically crying out, "Father don't, Father don't."

"Yunluo, fulfill your father." First URL [m.kanshu8.net](http://m.kanshu8.net)

"Please, Father Emperor, don't do this to me, Father Emperor."

"I'm sorry, Yunluo, Father Emperor wants to be stronger, Father Emperor must extract your Immortal Marrow in order to be stronger faster, Father Emperor really desires Middle Earth Immortal, just fulfill Father Emperor."

"Father Emperor." In a tearing cry, the emperor drew out a youth's entire bone and ate all of the marrow into his mouth.

"Phew." For a long time, the emperor came back to his senses.

The emperor said inwardly, "Unfortunately, I ate the marrow of my son, but I still failed to step into the middle stage of the Earth Immortal."

At that moment, a figure flashed in the Emperor's eyes.

Omi.

That's right, a shadow of Omi flashed in his eyes.

Omi had only recently eaten three Immortal Pills (actually two), and he had directly stepped from the pre-Human Immortal stage, into the mid-Human Immortal stage, which meant that Omi's Immortal destiny was extremely high.

Eating his bone marrow, he could get his Immortal Fate, and although it wasn't necessarily 100%, it could at least be somewhat useful.

The emperor's face screwed up, "Even the marrow of his son is eaten, let alone a son-in-law hoo!"

The emperor was not willing to stay in the pre-Earth Immortal stage, right now, his heart was getting fervent again, one layer and one day, he was going to step into the mid-Earth Immortal stage, at that time, his position would be another world, he could be on par with those mid-Earth Immortal powerhouses in Upper Fey Yan Continent.

Everyone thought that that Yun Lu, had been killed, but little did they know that he had been eaten by the emperor's bone marrow.

The anniversary of Cloudfall's death quickly passed, but it was a small matter.

In the blink of an eye, more than half a year had passed again.

Omi felt bored in the Yunluo Immortal Kingdom, so, he wanted to go to the Upper Fey Yan Continent, and the Upper Fey Yan Continent Immortalist Conference, was about to start.

"Yun Zi, I'm going to go to Upper Wilderness Yama Continent, do you want to come with me? If you want, go together and report to your father."

"Fine, I'm also tired of staying in the Immortal Kingdom, so I'll go wherever you go."

So, Omi and Yun Zi, together, went to find the emperor.

On the imperial palace, the emperor looked at Yun Zi and Omi with a calm face, but when he looked at Omi, there was more than a hint of greed in the emperor's eyes.

"Father, Zhou Mi said that he wants to go to the Upper Fey Yan Continent, and I also want to go, so I came to report to Father."

The emperor looked at Omi, his heart wary, then asked, "Zhou Mi, what are you going to Upper Fey Yan Continent for again, isn't it good to stay at home?"

"Back to your majesty, the Immortal Pill Master's Conference is going to be held again, my humble servant wants to go there, and I need to improve my Immortal Pill technique, only in the Upper Fey Yan Continent will I have this opportunity."

The emperor said, "You want to improve your Immortal Pill technique

Easy, I'll let Master Chen teach you."

The emperor didn't seem to want Omi to leave the Yunluo Immortal Kingdom.

Because the Emperor had begun to covet Omi's bone marrow, he thought that Omi's Immortal Fate was strong, and by eating his bone marrow, he could also enhance some of his own Immortal Fate.

Wouldn't it be a pity if Omi went to Upper Feyama and ran away, or if he was killed?

Omi said with a resolute attitude, "Your Majesty, I will definitely go to Upper Feyama Continent, and I hope that the Emperor will grant me permission."

The emperor saw the situation, it was not good to be too forceful, if he was too forceful, he might let Omi see his intentions.

"As you wish, but be sure to be safe, how about this, I'll send a strong late Mortal Immortal to protect you personally."

Yun Zi said happily, "Thank you, Father Emperor, Father Emperor loves me the most."

However, Omi was a little puzzled, the emperor seemed to be overly caring.

Omi said, "Your Holiness, I don't think it's necessary, we will protect ourselves."

"No."

Omi said, "Then why don't I go alone? Yun Zi doesn't need to come with me, so that His Holiness doesn't need to send anyone to protect him."

The emperor's brows furrowed, hesitated, and said, "Since you insist on not wanting me to send someone to protect you, let it be."

"Father, I want to go." Yun Zi said hauntingly.

The emperor said, "If anything happens, don't blame father."

"Yes, Father Emperor."

The emperor waved his hand and Omi and Yun Zi walked out of the main hall.

Omi's heart was riddled with doubts, Omi was a very sensitive person, after all, he had seen too many people all the way up from the mortal realm, and Omi had been on the Emperor's guard from early on.

"Unusual, this place is not a place to stay for long, it seems that I have to plan early." Omi said inwardly.

After Omi and Yun Zi left, the emperor said inwardly, "Zhou Mi, I originally didn't want to make a move so soon to raise you a bit more, but unfortunately, you were in too much of a hurry to leave, I don't want to miss an opportunity. Then, I will have no choice but to take action early. If you die halfway on your way to Upper Fey Yan Continent, it will be nothing more than letting the world have one more sorry genius, just like my son Yun Fei back then."

Omi returned home.

As soon as Omi arrived home, the Nine Daoist Demon King's Immortal Nerves sent out a message, "Omi, how have you been lately."

"Back to senior, I've stepped into the middle stage of Human Immortal."

"Uh, so soon." The Nine Dao Demon King was stunned.

"Oh, a little opportunity, eating two 100 million year old second grade Immortal Pills."

The Devil King said, "Two 100-million-year-old second-grade Immortal Pills? This amount of weight shouldn't have made it so easy for you to step into the middle Human Immortal stage ah, even if you had the Immortal Machine to spit it out, it wouldn't have been this fast."

"Uh, yeah? Then I don't know." Omi was a little confused, could it be that the Immortal Machine Spitting Technique he refined was somehow special.

The Devil King said, "Even if you have the Immortal Machine Spitting Technique, at least it has to be accompanied by five or more hundred million second-grade Immortal Pills before you can almost step into the middle Human Immortal stage, and it's only three of them. What's the reason for this." The Devil King couldn't figure it out either.

Omi smiled, "Perhaps my Immortal Fate, which was already strong, is even stronger because of the Immortal Machine spitting."

"That's the only way, wait." Right at this moment, the Devil King was startled.

"What's wrong?"

"Omi, a pre-Earth Immortal Immortal thought just swept through you." The Devil King said.

Omi was shocked, "Pre-Earth Immortal Immortal Thoughts swept me?"
