

King of kings

2043

"Senior Demon King, have you swept me off my feet this whole time I've been out?"

"No, but you're lucky that the emperor swept you off your feet once as soon as you got back, and he relaxed a bit when he saw that you were still in the same place." Ra's said.

"Old turtle, I can't figure out what he wants."

The Devil King said, "Let me observe him for a few days, he will always show his face, you should not leave for a few days."

"Fine, I'm in a hurry to leave now, that is, I'm in a hurry to die."

Omi must act as if nothing had happened and continue to the palace.

"Yun Zi."

"Husband, when are you leaving for Upper Fey Yan Continent ah." Yun Zi asked.

"There's no rush."

"Ah, there's no rush? Didn't you look like you were leaving soon before?"

Omi said, "It's still several months before the Immortal Pill Conference anyway, so why go so early."
One Second Remember to Read the Book

"Oh, well, in that case, Yunmeng might be able to come with us."

"Uh, Princess Yunmeng? She's going to St. Petersburg?"

"Yes, my uncle and the others, who have found another very good genius, are going to meet up with us in the Upper Yama Continent in a few months." Yun Zi said.

Omi laughed, "It's not going to be another one of those goods like Ancient Temple Ba, is it."

"I've heard that it's not, that person, far more powerful than Ancient Temple Ba, is a true peerless genius, top few in the Upper Fey Yan Continent, Late Human Immortal Ranking List. Moreover, his family lineage is more powerful than Guji Ba's, I've heard that the strongest possesses the late Earth Immortal stage."

"Yo, so it seems, it's really good." Omi looked very uncomfortable inside, after all, he was a dream lover from his previous life.

However, a family that possessed a late Earth Immortal was indeed extraordinary, this was already an extremely powerful family, one layer a day, the Emperor, this kind of pre-Earth Immortal, was two days lower in front of the late stage.

Omi wasn't in the mood to think about this right now, whether or not he had the life to reach Upper Fey Yan Continent was unknown.

Omi asked, "About when will Yun Meng depart for Upper Fei Yan Continent?"

"My uncle sent word that it's almost two months from now."

"Then we leave in two months too."

"Ah, that wouldn't be too late." Yun Zi was a little puzzled as to why it was so late.

Omi felt that the more people there were when we departed, the safer it might be, because the emperor was less likely to do it.

"No, two months is too late, so I'll go with Yun Meng and have a lookout on the way."

"Thankfully, my clothes are ready." Yun Zi pursed her lips, she thought she would be leaving soon.

Two days later, the Demon King contacted Omi again.

"Senior Demon King, did you observe the Emperor for the past two days, did you find anything?"

"Of course, I now know what he's trying to do to you."

"Uh, what attempts?" Omi was busy asking.

"Last night, the emperor talked to himself alone, saying why aren't you departing yet, and, in his self-talk, he also mentioned Cloudfall and the Immortal Marrow, and that he desperately wants to become a strong mid-Earth Immortal. So, I've already guessed what he wants from you."

"Immortal Marrow?"

"To put it bluntly, he wants to eat your bone marrow, and he thinks that you have a strong immortal destiny, and that eating your marrow will add some immortal destiny to his own."

/>

"Mother's egg, so that's how it seems, it seems that once that very genius prince Cloudfall, he was the one who ate his bone marrow, thanks to everyone thinking that he was killed."

"Yes, the saying that a tiger's poison doesn't eat its son doesn't hold true in the immortal world, if any immortal can rise one level, his son is nothing, his wife is nothing, except for himself."

Omi said, "This is the thinking of a heartless and unrighteous person, I do not agree with it."

The Devil King said, "Omi, if you had lived in the Immortal Realm for millions and millions of years and were always still in the middle stage of Human Immortality, perhaps, your values would have changed by then. No matter what kind of love or affection, it won't last this long, and living to this point, you would have long since disowned all six of your relatives except for your desire for Immortal upgrades."

"Uh." Omi didn't argue with the Devil King, after all, Omi hadn't spent such a long time wondering if it was true that no affection, no love, could last so long.

"There's no room for him to come."

"Yes, he seems to be waiting for you to depart for Upper Feyama for the past two days, so he can do it halfway."

"He doesn't know yet that I won't depart until two months from now."

"Omi, there is one more thing I learned."

"Say."

"I inadvertently overheard that in about a month's time, a pre-Earth Immortal will come to visit the Emperor in the Yunluo Immortal Kingdom, and this person, a friend of the Emperor, who has not seen him for many years, has come to catch up."

"Is this of any use?"

"There, this pre-Earthly Earth Immortal powerhouse, his home is in Upper Fei Yan Continent."

"Huh, then I'll go to Upper Fey Yan Continent with that pre-Earth Immortal powerhouse, he'll definitely have to go home after visiting the emperor, right?"

"Yes, if there's a pre-Earth Immortal strong man accompanying him on the way, then I'm afraid the emperor won't have a chance to do anything, after all, no matter what, he wouldn't dare to let anyone know about his ugly and evil deeds."

"Hehe, good." Omi smiled.

Having a Demon King to help spy on the Emperor made it a lot simpler for Omi, otherwise, there was no way to know about a strong pre-Earth Immortal visiting the Emperor.

On the third day, the emperor sent someone to summon Omi.

"Brother-in-law Zhou, the emperor asked you to go there, he's waiting for you in the Purple Garden." The palace servant said.

"Okay, got it."

Omi was wary within, "In the past, they used to receive him in the main hall, but now he's asking me to go to some kind of Zi You Garden, that Zi You Garden is a very remote imperial garden, if I go there alone, I really don't know if I'll be eaten by his bone marrow, no, I have to bring Yun Zi with me, it's safer that way."

Omi immediately called Yun Zi on.

Yun Zi was originally playing with the other princesses, when Omi called her away, the other princesses laughed at Yun Zi, had they become husband and wife.

So, Yun Zi pursed her lips along the way.

"What? They say you're unhappy that you've become a husband and wife?"

"No, I'm happy, they're jealous of me, it's just, I don't understand why you're bringing me along when my father summoned you. It's not like Father has summoned me, so what if I go with him rashly, what if he gets angry?"

“Yun Zi, shouldn't the two of us be inseparable if we're so in love?Your father will know how much we love each other when he sees us inseparable.”

“Alright.”

Omi and Yun Violet arrived at the Purple You Garden, Omi guessed correctly, it was indeed a very secluded garden.
