

King of kings

2044

A good thing to have Omi here, the emperor definitely did not have good intentions is, always looking for an opportunity to eat Omi.

"Pay your respects to His Majesty."

"Pay your respects to Father."

The emperor looked at Omi, then snapped at Yun Zi, "Yun Zi, what are you doing here?"

"Ah, me." Yun Zi's body trembled.

Omi was busy saying, "When His Majesty summoned me, I was with Yun Zi, so I came along."

"I only summoned you." The emperor's eyebrows did not seem to be pleased.

Omi said, "I hope His Holiness will atone for his sins, I love Yun Zi very much and Yun Zi loves me very much, we are inseparable and don't want to be apart for a moment."

Yun Zi said, "Yes, Father, we're almost always together, I can't stand it if I leave Zhou Mi for a quarter of an hour."

"Hmph." The emperor snorted heavily.

Omi asked, "Sovereign, what do you want to see me about?" First web site m . kanshu8.net

"Can't you be found if nothing happens."

"If His Majesty wants to look for me, he can anytime."

"Zhou Mi, didn't you say a few days ago that you were going to Upper Yama, why haven't you left yet?"

Omi said, "From what Yun Zi said, Yun Meng will also be going to Upper Tree Canyon in two months, we are going to travel with them, isn't Father worried about us so that we will have a care on the way."

The emperor's eyebrows shook.

Yun Zi said, "Father, we've already agreed with Sister Yun Meng, and we still hope for Father's approval."

"This is your own matter, why do you need my gracious approval, okay, okay, hurry up and leave, don't disturb." The emperor waved his hand impatiently.

"Your humble servant takes his leave." Omi's heart was relieved, and Yun Zi left the Zi You Garden.

After Omi left, the emperor scolded, "Zhou Mi, I'll let you live for a few more months."

The emperor's eyes revealed a wisp of greed.

The Nine Dao Demon King was right, after living for so long, once the gap in his inner desires opened, there was no place for affection in his heart.

However, what the emperor didn't know was that Omi's goal was not really to leave with Yun Meng in two months, but to return to the Upper Fey Yan Continent with that pre-Earth Immortal who came to visit the emperor a month later.

It was too early to let the emperor know that Omi was really paying attention, or else Omi would definitely be dealt with early.

In the days that followed, Omi and Yun Zi, every moment of the day, were bored together, and outsiders only said that the couple was so loving.

Of course, Belinda Ma also managed to become Yun Zi's maid.

When Omi was with Yun Zi, he naturally also had the opportunity to cozy up to Belinda Ma, although he had to be careful, but Belinda Ma was already satisfied.

Omi also sent Belinda Ma to check out the small other courtyard, and found that no one was there, Mu Qianji, Little Fire and the others had already evacuated and were already on their way to Upper Fernia Yama.

"Have a safe journey, I hope we can meet up at Upper Fei Yan Continent." Omi secretly prayed, although Mu Qianji said that they were not in danger, but Omi knew that it must have been to comfort him, in reality, it was impossible that there was no danger at all, but Omi was very relieved for them, after all, they were not newcomers to the world, but also all the way up in the mortal realm, what experience would be lacking.

Time passed slowly, and in the blink of an eye, a month passed.

One day after a month, the Demon King suddenly informed Omi, "Omi, start to cheer up."

"What's the eavesdropping on?" Omi was busy asking.

"The day after tomorrow, that pre-Earth Immortal friend of the emperor will come to the Immortal Kingdom to catch up with the emperor."

"Good, whether or not I can successfully leave the Yunluo Immortal Kingdom depends on this moment." Omi felt the tip of the storm.

Without a pre-Earth Immortal powerhouse to accompany him, the Emperor could definitely eat Omi without a word.

"Cheer up, Tzichen."

"Mm. By the way, what's the name of that pre-Earth Immortal powerhouse?" Don Omi asked.

"Well, I don't know, why do you need to know his name?" The devil king was puzzled.

Omi said, "If I know his name, perhaps I can ask Star Luo for advice, she might know about this person and might be able to bring me some help. Otherwise, even if I can really meet that pre-Earth Immortal, people may not give a damn about me."

"Also, don't worry, I'll always monitor for you, or, you can ask around yourself, that person, who is a friend of the emperor, I don't think it should be hard to find out."

"Okay."

Omi cut off his communication with the Devil King and immediately went to the Dan Room.

However, this time, Omi went to the Pill Room, but instead of looking for Master Chen, he was looking for Senior Black Prisoner who was guarding the Pill Room.

The Black Prisoner's brother of the Emperor must have known everything about the Emperor.

Of course, Omi wouldn't ask him directly, otherwise, it would be troublesome for the Black Prisoner to report to the emperor.

"Brother-in-law Zhou, why are you here in the Pill Room, could it be that you want to refine pills again? This time, there's no permission from the Emperor, so I can't ask Master Chen to refine the pills for you. You can ask Ah Miao to refine it for you."

"Senior Black Prisoner is joking, Ah Miao's level of immortal pills may not be as high as mine."

"Then what are you doing here?"

"Don't you remember, Senior Black Prisoner, a few months ago, I wanted Master Chen to guide me in alchemy."

"Oh, then you go in." The Black Prisoner didn't stop Omi.

Omi pretended to come looking for Master Chen.

Omi entered the dan room first, where Master Chen was sitting with a bitter face, unable to leave a single step.

"Grandmaster Chen."

"Zhou Mi." Master Chen busily stood up.

"Zhou Mi, I've thought about it, I'll guide you in alchemy, but you must plead with the Emperor on my behalf and release me, okay?" Master Chen pleaded, he thought that Omi wouldn't come again, regretting that he didn't agree last time.

Omi smiled, "Master Chen, I came today just to tell you that I don't need your guidance anymore, I'm about to go to Upper Feyama, and when I get there, I'll naturally find someone who is better than you to guide me. Master Chen, goodbye."

Omi didn't stay any longer, turning around and walking away, it was supposed to be just an excuse.

Behind him, it was useless for Master Chen to plead bitterly.

Walking out of the dan room, Omi falsely came to the Black Prisoner's side and began to talk to him.

"Senior Black Prisoner, aren't you tired of watching here every day?"

"What the Sovereign has commanded, no matter how tired I am, I have to finish it."

"That's true, I heard, you are the Sovereign's brother?The entire Yunluo Immortal Kingdom is the most trusted person of His Majesty."Omi said with a burst of compliments.

"Oh."The Black Prisoner smiled slightly and seemed quite proud of himself.

"Does His Holiness only have one friend in you?In the Yunluo Immortal Kingdom, it doesn't seem like His Holiness is very close to anyone else but you."

"Of course, in the Yunluo Immortal Kingdom, His Holiness doesn't have anyone else he trusts but me."

"What about in the Upper Fey Yan Continent?Sovereign is able to stabilize the Yunluo Immortal Kingdom, he must have many friends as powerful as Sovereign, I only know that Yun Zi has an uncle who is also a pre-Earth Immortal, this is considered a backup for Sovereign, Sovereign should have more than this backup force."
