"Chase him down? And then dump her? Why is that?" Don looked at Master Imaha in puzzlement, and Don felt as if he had done this sort of thing at some point.

"It's fine if you don't abandon her, but, you must destroy her."

"Senior, I don't understand why you're doing this."

"To tell you the truth, Tian Xiang's master and I were old rivals in the past, back then, we were both genius Immortal Pill masters, but unfortunately, later on, Tian Xiang's master harmed me and designed me to take the wrong medicine, causing me to lose much of my perception of Immortal Pills, and after I upgraded to a third level Immortal Pill master, I was unable to advance half a point. No one knows about this except you, and I guess even Tian Xiang's master, Green Hair himself has forgotten about it."

"Tianxiang's master is so despicable."

"Hmph, knowing people's faces and hearts, what kind of good thing do you think he is, a piece of trash." Master Imaha scolded in exasperation.

Omi asked, "Master, why would Tianxiang's master want to harm you?"

"Back then, we were the two of us, recognized as geniuses in the Upper Fellows Island, neither of us inferior to the other, and then we both fell in love with a girl at the same time. When we were martial together in the Xiantian Meeting, Green Hair set me up so as to win me. After that, my talent got worse and worse, regardless of being surpassed by him, and after reaching the third level of Immortal Pill Master, I've been unable to move an inch."

"How despicable, then did he marry that woman later?"

"No, I'm not a vegetarian, I secretly found someone and killed that woman."

"What? That's a woman you like." A second to remember to read the book

"Which so what, she was already inclined towards Green-haired Trash, I could only kill her so that Green-haired Trash couldn't get it. What I didn't expect was that after that woman died, Green-haired Trash's spirit suffered a great blow, and his talent for alchemy was affected extremely deeply, and in the end, he only became a fourth-grade Immortal Pill Master."

"Yah." Omi was somewhat speechless, it seemed that they fought quite hatefully back then, and the result was considered a lose-lose, but Tianxiang's master would be a bit better, having achieved at least to the fourth level of Immortal Pill Master, while Master Jinxia had only reached the third level of Immortal Pill Master.

Jinxia gritted her teeth and said, "If that trash hadn't harmed me back then, I'm afraid that I would be at least a fifth-grade, more advanced Xiantian Master now."

Omi said, "That green hair, he wasn't also affected, and now he's only a rank four Immortal Pill Master."

"Hmph, he deserves it. Moreover, he became a rank four Immortal Pill Master at any rate, while I'm only a rank three, missing our status by a single level. He is now a well-known figure in the Upper Fellows Hell Continent, while I, on the other hand, am just a very ordinary upper level Immortal Pill Master."

"So, you want me, to pick up his disciple?"

"Yes, I can't even deal with that green hair right now, he's more accomplished than me, it's easy for him to kill me while it's impossible for me to hurt him, I can only hide incognito in the Star Clan and become a specially hired Immortal Pill Master for the Star Clan."

"Senior, you."

"Zhou Mi, you I want you to chase after Tian Xiang, play with her, and then destroy her. Tianxiang is that Green Hair's personal disciple, that Green Hair has high expectations of Tianxiang, destroying her is the same as destroying that Green Hair."

Omi said to himself, "How cruel, after all, they don't seem to be good for anyone."

Omi wouldn't do such a thing, to hurt innocent people for the sake of someone else's hatred.

But, Tang.

Tzu-Chen wasn't a good person either.

So, Omi could lie to him first, and then Omi could go back on his word after Omi learned his skills. Or, he could act with Tian Xiang at that time.

"Master, don't worry, I will definitely help you achieve your wish, but it's a bit difficult for me to really surpass Tian Xiang and gain her favor."

"What? You don't have confidence in my Immortal Technique?"

"This, Tianxiang is already so powerful."

"I pooh-pooh, Zhou Mi, from reality, apart from the occasional alchemy for the Star Clan, I'll do my best to guide you the rest of the time, don't worry, my master's Immortal Pill Technique will never be weaker than that trash master Tian Xiang."

"Thank you, Master, I will definitely work hard."

Omi was delighted inside.

And so, Omi began to work hard to learn alchemy under the guidance of Master This Summer.

Half a month later, the quality of Omi's First Grade Immortal Pill had risen to the fifth level.

Master This Summer was shocked, "Zhou Mi, your talent for immortal pills is truly beyond my imagination ah, have you refined it before?" Master This Summer was a bit sour, although he took Omi as his disciple, he saw that Omi was young, handsome, strong, and now even his talent for Immortal

Pills was more powerful than before he was killed back then, his heart was not sour, as a man, perfect to such a degree that even the elderly would be jealous.

This was also the reason why Master This Summer was willing to accept Omi as his disciple, try to ask, if Omi was ugly, how could Omi help Master This Summer accomplish his goal.

Omi smiled, "To tell the truth, I used to refine spirit pills in the Spirit Realm, and I'm a top spirit pills master."

"Damn." Master This Summer couldn't help but burst out, so he used to be a top Spirit Pill Master, no wonder his talent was so high.

Although spirit pills and immortal pills were different, many of the principles were similar, not to mention that Omi used to be a top other dan master.

Master Today Xia said, "Zhou Mi, in less than a month's time, the Immortal Pill Conference in Upper Feyama will be held again, and you can make a good appearance at the Immortal Pill Conference."

"Master, how exactly is the Immortal Pill Conference going to be compared."

"It's very simple, firstly, horizontal comparison, this one is to compare the power of their respective Immortal Pills based on the same quality, for example, you are now, the highest you can refine a first level five quality, then, you will compete with all other Immortal Pill masters at this level."

Omi said, "We're all on the same level of quality, is there any difference between high and low?"

"Nonsense, the waters of immortal pills are deep, and immortal pills of the same quality have different power because of the ratios of their respective techniques, auxiliary materials, and main materials. Some people concoct immortal pills that smell quite nice, but, it's hard to digest when you eat it, or, it takes a long time to digest, or, it causes other side effects, so it varies greatly. Just because the quality is the same, doesn't mean the efficacy is the same."

"Oh, so there's a difference between the quality and the power?"

"Quality is the basis, is the performance of the amount of impurities in immortal pills, high quality, looks, smells, are different, and the power of immortal pills, is to be taken to know, quality is the eyes and nose can see the smell."

"Oh, so. By the way, you just said that the Immortal Pill Competition Competition, what else is there besides horizontal comparison?"
