"There's also the longitudinal comparison, that is, the same age group, who has a higher level of Immortal Pill, usually with one thousand years as an age group. By the way, Zhou Mi, which age group are you from?"

"Back to Master, my situation is complicated, but even if I include the mortal realm and the spirit realm, my years combined are less than a thousand years old."

"Well, that's less than a thousand years old, you damn well can, less than a thousand years old, you're a first level, fifth level Immortal Pill Master."

"Hehe." Omi smiled.

Today Xia said, "Do you know that a normal person, to reach a Grade 1, Level 5 Immortal Pill Master, is at least a hundred thousand years old."

"Hehe."

"Of course, it's nothing to be proud of, after all, there are quite a few very talented Immortal Dan masters who have reached this level at over a thousand years old, and as far as I know, Tianxiang she's only three thousand years old today, and she, on the other hand, is already at the third level of the second level."

"Wow, such an oxymoron."

"Zhou Mi, I hope you can reach her level before you're three thousand years old."

After that, Master This Summer continued to instruct Omi with reckless abandon.

It made Omi a little embarrassed. First URL m.kanshu8.net

Of course, Omi didn't forget the Immortal Machine Tumeric while studying the Pill, doing both together.

Just one day half a month later, a maid came to look for Omi.

"Zhou Mi."

"What is it?" Omi recognized the maid, the one from Xing Luo's house, called A Lu.

"Zhou Mi, Miss Xing Luo asked you to go there."

"Oh, good."

Omi immediately went there, in fact, the place where Omi lived, which was the alchemy room of Master This Summer, was also within the confines of the Xing Luo family.

Omi arrived at Xing Luo's residence.

"Miss Xing Luo, what are you looking for me for."

"Omi, why haven't you moved in more than half a month, I heard that you've worshipped Master Imha as your master."

"Yes, although you suggested that I should worship Tian Xiang as my master, Tian Xiang won't accept it, so I'd better worship Master Jin Xia."

Xing Luo said, "Why don't you ask me, you're in too much of a hurry, alas."

"What's wrong? Is Master Tianxiang now willing to accept me again?"

"That's not true, Tianxiang must also ask her master's permission, but, your conditions are very good, I had thought that you would participate in the Immortal Pill Conference this time, and make a name for yourself at the conference, and perhaps, you would be able to attract the attention of Master Green King, who would most likely have the permission to let Tianxiang take you as a disciple. I had planned it all out for you, but unfortunately, you were in too much of a hurry."

Omi smiled, "Thank you Miss Star Luo for your care, but it's alright, I think that Master This Xia's Immortal Pill Technique is also very clever."

Star Luo said, "No matter how brilliant he is, he is only a third level Immortal Pill Master ah, third level and fourth level, the difference is not only Immortal Pill Art, but also vision, status, ah. If you really become Green King's disciple, your status will immediately be higher. However, you worshipping Master Jin Xia as your master won't bring you much improvement in status. In the Upper Fey Yan Continent, there are more than a hundred Third Grade Immortal Masters, while there are only two Fourth Grade Immortal Masters."

"Ugh."

"Ugh." Star Luo sighed and complained that Omi was in too much of a hurry.

After such a comparison by Star Luo, Omi also did feel that it would be much better to become the Green King's apprentice.

However, Omi had already made his choice, so he wouldn't retreat any further.

Omi said, "Miss Xing Luo, don't worry, although worshipping Master Jin Xia, the status may not be

How much can I bring to the table, but the standard of Master This Summer is really quite high."

Star Luo smiled, "I know what you're implying, regarding the true identity of Grandmaster Ima Xia, perhaps you already know that back then, Grandmaster Ima Xia's talent was indeed not inferior to that of the Green King."

"Ah, you know about that too?"

"Of course. It's just that Master This Summer himself thinks that no one knows, but in fact I already know his true identity. Back then, Master This Summer and the Green King, were deadly enemies and rivals. The Green King harmed this summer, causing this summer to fail in an important competition, and the woman they were pursuing together chose the Green King. However, Master This Summer raped and then killed that woman, which led to the Green King's mental breakdown, and the journey

of the Immortal Pill was greatly affected, and the two of them were considered to have lost both. The two of them also became sworn enemies, which is why Grandmaster This Summer went into hiding.”

Omi cursed, “Damn, Master only killed, I didn’t think that he would rape and kill first, Master is ruthless enough, no wonder the Green King’s spirit collapsed to the point that it affected the alchemy.”

Star Luo said, “I’m not being nosy when I tell you this, I just want to remind you that the Green King and this summer, are sworn enemies. You are now worshipping Master This Summer as your master, if the Green King finds out Master This Summer’s true identity in the future, you will be in a difficult position.”

“Uh, it would implicate me?”

“What do you think, you’re his disciple, it’s no wonder you’re not implicated, with the Green King’s position today, Upper Immortal could kill for him.”

“Ah, Upper Immortal.” Omi’s body trembled, if the Upper Immortal came to kill, what would Omi have to stop him?

Is it possible that Omi is really impulsive? Being pulled into a quagmire without a cause, deep in it?

Star Luo said, “It’s already too late for you to go back on your word, since Master Jin Xia has told you all about his true identity, it means that he treats you as his beloved, if you go back on your word and you learn his secret, he will definitely kill you. Although Master This Summer is a third level Immortal Pill Master, but his Immortal realm is at least late Mortal Immortal, even if he has an empty realm and can’t beat the same level, he can kill someone below the middle Mortal Immortal stage without any effort. I’m only at the early Mortal Immortal stage as well.”

Omi said, “Since you can’t go back on your word then let’s not go back on it, you have to face it bravely if you have chosen.”

Star Luo asked, “Omi, tell me honestly, did Master Xia take you on as a disciple this summer, did he ask you to do anything?”

Of course Omi wouldn’t say that, asking him to pick up Tianxiang and then ruin her, after all, Tianxiang was Xing Luo’s best friend.

“No, he’s just saying that he wants me to surpass Tianxiang in the future and be better than the Green King’s disciples.”

Star Luo nodded, it was reasonable for Master This Summer to ask this, so Star Luo didn’t suspect that Omi had any reservations.

“Alright, this is the first thing I’ve asked you to do.”

“Uh, could it be, there’s a second thing?” Omi asked curiously.

“Of course I have, and the second thing, haven’t you heard it all yourself?”

“What is it? I refine pills every day at my master’s place, and I don’t hear anything outside the window.”

Xing Luo said, “I heard from my servant that someone from the outside had learned that you had come to Upper Yarn. Therefore, a person named Wang Zhi Bottle wants to challenge you.”

“Wang Zhi-bottle, who is this person?”

“Wang ZhiBottle is the top ranked pre-Human Immortal, he wants to challenge you, you defeated Gu Ruinba before, you are already famous in this circle.”

Omi laughed, “Gu 吋巴 is only ranked top twenty, but that Wang ZhiBottle, ranked number one, is challenging me?Isn’t that jump a little big.”

Xing Luo said, “Wang Zhi Bei has been chasing Kuwan Ba, alright, I won’t say anything unnecessary, you should understand, do you want to deal with it?There’s a lot of crazy talk out there right now, a lot of people saying you’re afraid to respond to the fight and calling you names, but of course, you can ignore it.”
