"Stop, what man."

"Don't you even know my son? Dog stuff."

Omi was stopped by two ungrateful servants as soon as he walked into the Yang residence gate.

Just then, Yun Zi ran out from inside and shouted excitedly, "Husband."

"Yun Zi."

"Husband."

Omi and Yun Zi hugged each other happily.

"Husband, did you get my letter?"

"Yes, I'm sorry, I've been so busy with alchemy these days that I didn't come to see you."

"It's okay."

"Seeing the grudging look in your letter, you still say it's okay, by the way, did you come that day when I went to fight the Wang Zhi bottle and Wang Zhi basin?" One second to remember to read the book

"Of course I have, I've been waiting there for you for days."

"Then why didn't you come out to me."

"You left too soon."

"Alright, let's go in then."

Omi and Yun Zi, bright and open, walked inside.

Omi asked, "By the way, has Yun Meng had a blind date yet?"

"Not yet."

"Why is it taking so long?"

"My uncle said that the fire hasn't arrived yet, and we can't go see that person yet, or the failure rate is high. Right now, no one knows that Yun Meng has arrived in Upper Fellows Yan Continent, and Yun Meng hasn't left the residence all these days."

Omi came to where Yun Zi lived, in a hall, Omi saw Yun Meng reading a book there, looking like a very ladylike woman.

Yun Meng saw Omi, put down the book and said, "You're here, it's been so long, you're finally willing to come see my sister, I thought you'd forgotten you'd married Yun Zi."

Omi said, "Yun Meng, seeing how you're holding a book in your hand but your heart isn't immersed in it, I guess you've been waiting anxiously, and you can't wait to meet that someone sooner."

"What do you care?" Yun Meng snorted.

Omi said, "It's really an owed day."

"What do you mean?" Yun Meng felt like Omi was scolding her, but didn't know what it meant.

"It doesn't mean anything."

Omi said to Yun Violet, "Violet, go into your room."

"Ah, why." Yun Zi was startled, Omi pulled her into her room, Yun Zi and Yun Meng, the two of them, were arranged to stay here, their rooms, just to the left and right of the hall, the hall was not big, it was very chic.

Yun Meng frowned and continued to read, but after less than ten minutes of reading, Yun Meng felt a strange sound coming from Yun Zi's room.

Yun Meng didn't even think that they would do anything in broad daylight, and Yun Meng was still a relatively pure girl, and wouldn't think one way or the other.

"Cloud Violet, are you alright?" Yun Meng thought Omi was bullying Yun Zi.

"Ah, I, I'm fine." Yun Zi panicked and responded.

"Then why are you sounding a bit pained."

"I, I'm practicing my gong."

Yun Zi who was in the room was speechless, where was the painful sound she was making. Yun Zi was busy staring at Omi, but her eyes were filled with love.

Omi hadn't seen Yun Zi for nearly a month, so naturally he couldn't control himself upon meeting her.

At this time, Yun Meng saw that there were still strange sounds emitted, and didn't think so much about it, walked up and pushed open Yun Zi's door to see what kind of gong was being practiced.

"Ah." Yun Meng saw a scene inside the house, Yun Meng was silly.

"Ah." Yun Zi screamed as well.

Omi was also depressed, and said to Yun Meng who was stupidly staring there, "Whether you want to come in or go out, if you want to come in and play together, then please come in. If you don't want to come in and play together, then please close the door immediately and don't disturb me."

"Bang." Yun Meng was busy closing the door and running back to her room, her face red. The scene she had just seen lingered in her mind, and it seemed like she couldn't erase it, the impact on her was too great.

At this moment, Yun Zi grumbled, "It's all your fault, how are you going to meet people now."

"Who knew she was so rude, she would come in." Omi said that Omi didn't care at all.

"Yun Meng didn't know either before she came in."

"We're all adults, what's there."

The more Yun Meng thought about it, the angrier she became, she felt that her purity had been tainted by Omi, but speaking of purity, Yun Meng suddenly remembered that her first kiss had been taken away by Omi before.

"Damn it, this bastard." Yun Meng really wanted to teach Omi a lesson, but, again, on top of Yun Zi's face, Yun Meng was very depressed. Although it was Yun Meng herself who pushed the door open, but Omi was already disrespecting her by doing that in the house in broad daylight.

An hour later, Omi walked out of the room.

Yun Meng glared at him in the hall in anger.

"Why are you looking at me like that, if you want to praise me for being handsome, just say so." Omi said.

"Zhou Mi, you've gone too far." Yun Meng said furiously.

"I'm too much? It seems like you barged in by yourself, besides, our couple doing things were seen by you, the one who suffered is us, you didn't apologize to us, and you still have such a tone."

Yun Zi came out from the room, embarrassed and said, "Yun Meng, I'm sorry."

"Hmph." Yun Meng turned her head.

Just at this moment, a servant came.

"Miss Yun Zi, the master has set up a banquet and invited Mr. Zhou to come and drink."

Omi was astonished, "Invite me?"

"Yes."

"Yo, the sun came out in the west, but you invited me, let's go, don't eat for nothing."

Omi instantly went.

Yun Zi said to Yun Meng, "Yun Meng, do you want to go with me."

"Don't go." Yun Zi still had anger in her heart, defiling her purity, however, Yun Meng was confused inside, why did Yun Zi's uncle suddenly invite Omi to dinner, before Yun Zi's uncle disliked Omi very much. Thinking of this, Yun Meng said, "Forget it, I'll go too."

At this moment, in a solemn hall of the Yang residence, Yang Qilu was waiting for Omi to come. In addition to Yang Qilu, there were some other sons and daughters of the Yang Mansion.

"When Zhou Mi comes later, you all be polite to him, he has a good relationship with Xing Luo of the Xing Clan, and he's also apprenticed to Master Jin Xia, and now he's not what he used to be, he's another mid Human Immortal replacing Wang Zhi Ban as a top 100 genius." Yang Qilu said.

"Oh." Yun Zi's few cousins nodded, all jealous inside, but were not to be denied.

Soon after, Omi came.

"Nephew Zhou, you're here." Yang Qilu said with an attentive face.

"Uh, really invited me to dinner, I thought that, if I came to stay here for a few days, I would be blown out and be ready to die." Omi said looking at the large table full of wine and food.

"Oh, Nephew Zhou is joking, now with your talent, how could we dare, besides, you are already Yun Zi's husband, you are already a family member. There were some places in the past where we did not entertain well, I hope that nephew Zhou will not remember this." Yang Qilu said.

"Yes, Zhou Mi, I hope you'll be responsible for the places that offended you in the past, I'll toast to you with this glass of wine." Yun Zi's that cousin Yang Fan raised his wine glass and said.
