

# King of kings

2068

Omi walked into a large hall of the Yang residence, only to see a coffin in the middle of the hall, and inside the coffin, lay a corpse, which was Yang Qilu.

Around the coffin, there was a group of Yang Qilu's children kneeling, while below, there were rows of Yang House's servants kneeling.

Yun Zi and Yun Meng, also kneeling under the coffin, Yun Zi also sadly weeping, and as for Yun Meng, her eyes were red.

Originally, in a few days, Yang Qilu would have arranged for Yun Meng to meet with that person on a blind date, but now it was good that she was dead.

When everyone saw Omi come in, some of Yang Qilu's children, immediately pointed their spears at Omi and said, "It's all because of you, if you didn't have to seek some justice for Yang Cai, my father wouldn't have died, it's all because of you."

Omi didn't argue, indeed, if he hadn't been nosy, there wouldn't have been anything wrong.

Of course, he couldn't be completely blamed, although he had sought justice for Yang Cai, but this matter Yang Qilu himself also knew, the entire Yang House knew, at that time everyone didn't stop it, instead they thought that Omi was very righteous, but now it was unfair to blame Omi when something happened.

Omi kowtowed a few times to Yang Qilu and said, "Uncle, have a good journey, your revenge, I swear I will avenge you, I will use the lives of Wu Longquan's entire family to pay for it, but please give me time, I will."

Omi said to Yang Qilu's children, "You are in mourning, if there is anything I need to do, please feel free to do as I command."

"Don't cry cat and fake mercy." One man said.

Omi didn't say anything and turned around and walked away. One second to remember to read the book

However, Omi hadn't even stepped out of the Damen when a servant from outside hurriedly swooped in and shouted, "Everyone, run away, Wu Longquan is here."

"Ah." Everyone was shaken.

Omi's face changed and he was busy saying, "Everyone, Wu Longquan definitely wants to cut off the grass and kill you all."

"Son of a bitch, sob." Yang Fan and the others immediately cried out, completely helpless.

Omi said, "Quick, come with me, don't get scattered, follow me closely." After saying that, Omi pulled Yun Zi's hand and headed to the Yang residence's backyard.

Yang Qilu's dozens of children immediately followed without notice, they were weeping as they followed Omi.

Omi contacted the Nine Dao Demon King to help shield Wu Longquan's immortal consciousness, and Omi led them to escape from the Yang Mansion.

Omi takes the Yang Mansion and turns left and right in the courtyard, but not in the direction of the back door.

Yun Zi asked, "Where are you going? Isn't it to the back door?"

"Who told you to go to the back door, that's the only way to die, don't ask anything, follow me and don't say a word."

"Oh."

Everyone nervously followed Omi, not daring to speak, because although Wu Longquan's immortal consciousness was shielded, he could hear voices, in case he heard their voices, he would find them in no time.

Wu Longquan, on the other hand, didn't think of that, and he entered the main hall in a flash right now.

In the main hall, there was only one coffin, everyone had run away, and inside the coffin, Yang Qilu's corpse was still lying there.

"Hm?" Wu Longquan's eyebrows furrowed, it was all just now, and all of a sudden where are the people?"

Wu Longquan immediately expanded his Immortal Sense to cover the entire Yang Residence, but Wu Longquan found that the entire Yang Residence had not found any of Yang Qilu's children.

"Strange? Where did it go? One can't leave the Yang residence so quickly."

Wu Longquan flew up into the sky.

At this moment, Omi just happened to arrive at a well in the Yang Residence.

Without saying a word, Omi jumped into the well, followed by the others.

Entering

After the well, it immediately sank to the bottom of the well, and then continued on underground, constantly moving away from Yangfu.

There was the Demon King's Immortal Sense shield, and the underground was invisible to the naked eye, so it really wasn't that easy for Wu Longquan to discover it for a while.

As expected, Wu Longquan searched for ten minutes, and the entire Yang Residence was turned over, but he just didn't find those children of Yang Qilu, only some servants who were fleeing around.

"Zhou Mi, it must be you." Wu Longquan's gaze was cold.

At this time, Omi and the others, who had already gone to a faraway place, got out somewhere on a street far away.

Omi said, "Everyone, now you can't go home anymore, go somewhere else, start over, turn your grief into strength, and one day, I believe you will be able to slay your enemies. Provided it's before me."

"Ooooh." Dozens of people cried, a good home was gone, and they couldn't even come back to this city.

"Don't cry, now is not the time to cry, if we don't leave, it'll be over if Wu Longquan finds out."

Helplessly, dozens of people swiftly headed to the border suburbs of Upper Fernia afterwards.

Only Omi, Yun Zi, and Yun Meng were left standing in place.

Yun Zi cried and waved goodbye to her cousins and cousins.

However, Yang Cai cried as she walked, taking a few steps and looking back at Omi, her eyes seemingly filled with reluctance.

With a goodbye today, I don't know if there is still a chance to meet.

In the end, they all disappeared into the night.

Omi and his three men stood there, their hearts incomparably heavy.

"Wu Longquan." Omi gritted his teeth and said three words, then flew off in the direction of the Star Clan.

Yun Zi and Yun Meng could only follow Omi.

Ten minutes later, they arrived at the gate of the Star Clan.

Omi said, "You two, first stay with me to the Star Clan, where Master Xia is staying this year, and we'll talk about the rest afterwards."

Omi showed his token and smoothly brought Yun Zi and Yun Meng into the interior of the Star Clan, to the residence of Master Ima Xia.

Master Imaha was a residence of considerable size, with no shortage of one or two rooms.

"Alright, Zhou Mi, calm down and forget about this matter first, don't become a burden to you."

"I know."

"Turn hatred into power, only when power is attained do you have the right to take revenge. From now on, you should also be extra careful and reveal your talent less in the future. The stronger you reveal your talent, the more Wu Longquan will want to kill you."

"Wu Longquan." Omi's fists clenched and clicked.

Omi quickly shuffled off to sleep.

The next day, the normal alchemy was done as if nothing had happened.

Yun Zi said, "Husband, Yun Meng and I, have we always lived here?"

"I don't know how to arrange you guys, but in Upper Firs, you Yuns, don't you have any other friends?"

"No more, except for my uncle who is the closest, there are still a few of my father's friends, but they are just friends, not relatives. Why don't Yun Meng and I return to the Yun Luo Immortal Kingdom first." Yun Zi suggested.

Omi asked, "What is Yun Meng doing now?"

"In a daze."

"Uh."

Yun Zi Dao: "Yun Meng is also depressed, my uncle was supposed to arrange for her to meet on a blind date in a few days, but now my uncle is dead."

Omi asked, "I'm responsible for this, do you know the name of the man who went on a blind date with Yun Meng? I'll go arrange it for her."
