

King of kings

2083

"Ah." Master Ima Xia was startled there, messing with this meaning for half a day, and thought that omi was too modest to be considered at the same level as Mei Tianqing.

Mei Tianqing was already going to die of anger at being considered on the same level as omi, if he were to hear what omi had just said, I don't know how many liters of blood he would have to vomit.

"Hehe, Master, then I'll take the pills and go, thanking Master for his love for his disciple."

"Hehe, you brat, go."

omi nonchalantly took the pills and went back to his room.

And at this moment, at the Mei family.

"Old Green, what are you doing here." An old man smiled.

The Green King laughed, "Mei Seed, can't you come to see you."

"It's rare for Old Green to come here of his own accord, come in and have some tea."

The Green King walked in.

That plum seed smiled, "Old Green, I'm afraid you've come for something, what is it." One second to remember to read the book

"Brother Plum Seed, there's really no hiding it from you, indeed, I've come here for a bit of business, I don't know if you've heard of a man named Zhou Mi."

That plum seed snorted, "How could I not have heard of him, I'm really angry."

"What's wrong? Did that Choomi offend you?"

"That's not true, Old Green, you also know, my grandson Tian Qing, what an outstanding person, but the rumors out there, that Zhou Mi actually dared to be on the same level as my grandson, my grandson is such an outstanding person, where did that Zhou Mi come from."

The Green King was busy saying, "I won't lie to you, I am here precisely for this person, according to my apprentice Tianxiang, that Zhou Mi, when he is bored, he also refines pills, but the level at which he refines pills when he is bored is more than a whole lot. Zhou Mi also participated in this year's Immortal Pill Conference, and not only did he get a perfect score in theory, but he also far surpassed the same level in practice. When I saw that he was so talented, I wanted to take him as my disciple, so I hinted to him, but to my surprise, this grandson, actually, actually didn't worship me as his master, what did he take me Green King for."

"Ah." Plum Seed was also startled.

"I just heard from Tianxiang again that that Zhou Mi's alchemy is only a side job, not his main job, and that's why he didn't pay me homage. Zhou Mi's strength is the strongest, even on the same level as your grandson Mei Tianqing, so I came to ask for clarification."

Mei Seed snorted, "On the same level as my grandson, bullshit, this is just those ignorant people outside chewing their words."

Mei Seed couldn't accept that there were still geniuses at the same level as his grandson in the middle Human Immortal stage.

Green King said, "Brother Mei Seed, I heard that Tian Qing is planning, a duel with Zhou Mi?"

"Exactly, when my grandson is ready, he will definitely beat that brat up in public, my Plum Seed's grandson is not something that can be compared to a kitten or a puppy, etc."

"Haha, I'm looking forward to it, just in time, also help me out, that son of a bitch, who thinks he has a bit of strength, but doesn't even bother to worship me as his master, should be taught a lesson. Unfortunately, I'm inconvenienced by my own status, it's just as well that I let Tian Qing help me, they're both mid Human Immortals, even if they kill and maim Zhou Mi, everyone will only say that Zhou Mi doesn't have the strength to do it."

"Hahaha." Mei Seed also laughed happily.

The Green King added, "By the way, what I said before about setting up my apprentice Tian Xiang with your grandson Tian Qing, have you told Tian Qing yet?"

"Of course, Tianqing has also heard of your apprentice's name and expressed great anticipation for Tian Xiang, however, Tianqing has been busy with his cultivation lately and hasn't had time to pay a visit to Master Tian Xiang."

"There's no hurry, it's not too late to consider the love between a man and a woman when Tianqing is done with his busy schedule."

"That's not necessary, when Tianqing challenges Zhou Mi, there will definitely be countless onlookers, you put

Bring Tian Xiang here, and also let Tian Xiang see my Tian Qing's elegance in the ring."

"Hey, this is a really good idea, if my disciple Tian Xiang sees Tian Qing, killing in the ring, invincible, and suave, I'm afraid she will immediately come to feel it."

"Hahaha, that's exactly the idea, what woman wouldn't like such a powerful side of a man." The plum seeds laughed together, seemingly full of anticipation.

At the residence of this summer master.

omi had already taken all the immortal pills.

"Phew." omi felt as if an energy was about to explode inside him as his hot blood boiled.

omi felt that his Immortal Qi was accumulating.

However, it didn't accumulate as much as omi had imagined.

Ten minutes later, omi let out a long, prominent breath.

omi's realm had been upgraded from halfway to the backstretch of the middle Human Immortal stage. In other words, omi's mid Human Immortal stage had reached the end of his cultivation, and if he took another step forward, it would be the late Human Immortal stage.

"Hey." omi sighed.

"So many pills, yet they only let me upgrade to the end of the mid Human Immortal stage, I thought, it's possible to rush to the late Human Immortal stage." omi looked a little disappointed.

omi was going a bit too far, he didn't think about it, in other people's shoes, it would be difficult to go up a level for hundreds of thousands of years, others had taken more than a basket of immortal pills between hundreds of thousands of years, and these immortal pills omi was taking now were not much at all.

Not to mention an ordinary person, even if it was Star Luo who also possessed the Immortal Spitting Technique, the same pills she took definitely didn't have as strong an effect as omi, otherwise, Star Luo would have already flown, with her family background, which Immortal Pill resources were comparable to omi, but Star Luo was only at the pre-Mortal Immortal stage now.

Of course, it was also possible that the later it got, the harder it would be to upgrade.

omi walked out of the room.

Yun Meng was dazed outside.

"Yun Meng, what are you dazing about?"

"Ah, no, no."

omi looked at Yun Meng, who seemed a little pitiful or, well, confused.

"Come on, it's been a long time since I've talked to you, too, and at the moment I'm in a good mood to keep you company. Are you still thinking about that blind date thing?"

"You're thinking too much, people don't see me, so why should I trample." Yun Meng arrogantly said.

"Then what are you staring at."

"Zhou Mi, I don't know what I'm doing here, doing nothing every day, living here with you in this present summer master's place."

"You can go home if you want."

"I do want to go back, but Yun Zi doesn't want to."

"Yun Zi is my daughter-in-law, why should I go back with you."

"This."

"Just, Yun Meng, you're at least Yun Meng's sister, let's say I'll keep an eye out for you to see if there's a suitable young talent for you, and I'll introduce you until you're satisfied."

"I don't need it, what kind of person do you think I am, do you think I hate marrying?"

"So what do you want?"

"I, I don't know." Yun Meng was lost and walked back to her room.

omi felt as if Yun Meng liked him a little bit again.

omi smiled coldly, "A little bit like me again? Well, what did you do long ago."
