2168

omi felt her heartbeat and said, "The heart should not beat, the heart should be calm."

"Brother Tang, do you have a wife." Yun Xiaoyao asked.

"Nonsense, not here at home."

"Oh." Yun Xiaoyao looked a little lost.

"Don't get distracted."

"Oh."

For the next half an hour, Yun Xiaoyao turned listless, learning that omi had a wife and didn't even seem to be in the mood to practice.

"Alright, you can practice by yourself, it seems like I'll be disturbing you if I'm here."

"It won't, Don."

"I'm leaving."

"Don't go, Don, I like you." Cloud. First URL m . kanshu8.net

Don turned back and said, "Thanks, I already have a wife."

"Brother Tang." Yun Xiaoyao's heart ached, but she was rejected.

"What for?"

"Do you think that I'm not good enough for you?"

"No."

"Don't lie to me, your master are all high ranking immortals, how can he see a level like me, I won't blame you, I only blame that I'm too ignorant of myself."

"I'm leaving, you practice well." omi left without looking back.

In his heart, omi said, "Damn, find another girlfriend, I'll have to share another share of my Immortal Pill, I won't be so stupid."

The more women there were, the more omi's Immortal Pill would of course be divided up, and omi was relentless.

"Brother Tang." Yun Xiaoyao even chased out.

"What else is there?"

"Don, did you leave and never come back here again." Cloud.

"How so."

"You've become an Upper Immortal, so naturally you'll go over to the Upper Immortal's class to practice."

"Theoretically yes, I'm already an Upper Immortal, there's no point in staying here anymore, but I don't rule out continuing to stay here, there's no need to go with the flow anyway."

"Tang, I want to be you."

"Be me what?"

"Being your girlfriend during your time at Fairy Academy, I thought you didn't have a girlfriend yet at Fairy Academy, I can."

"Er." omi was startled.

"Other strong people have girlfriends or boyfriends in the Immortal Academy, if you don't have one you don't deserve the status of a genius, you'll lose face." Yun Xiaoyao seemed to be advising omi as much.

"Is that so."

"Mmhm, Brother Tang, okay ah, don't worry, in the future, everyone will leave the Immortal Academy, if they don't fit, they'll naturally split up."

"Then according to what you mean, wouldn't it be sleeping with me at the Academy of Immortality for nothing."

"Er, this, everyone else is like that too."

omi said, "No need, what's the difference between such a frivolous woman and a pig, a woman has to love herself, Yun Xiaoyao, farewell."

"Brother Tang, think about it, okay?"

omi quickly walked away.

Yun Xiaoyao was dazed for a long time, originally she was indeed very self-loving, she had entered the Immortal Academy for more than 100,000 years without being chased away by anyone, unlike some female students, came in not even a few hundred years you, and was easily slept with by a stronger guide. However, in the face of omi, Yun Xiaoyao, who was originally very self-loving, didn't even want to be self-loving, even if everyone went their own way in the future after leaving the Immortal Academy, she didn't care.

"Ugh, am I that unattractive, don't you know how many people I've rejected? successive days and months

I've refused to train the divine sword to the ninth level of the Upper Immortal." Yun Xiaoyao sighed as she watched Omi's departing back.

After Omi left the area of the Sun Moon Divine Sword, he immediately came back to the valley of the Shura Divine Sword.

Omi was going to repeat what happened over there at the Sun Moon Divine Sword again and then hold a three-day training session to make a profit here as well.

After tasting the sweetness, Omi had turned into a wealthy man.

However, Omi must first train the Shura Divine Sword to at least the seventh level.

Omi asked a man about it, "Friend, who is the person who is currently practicing the Shura Divine Saber to the highest level?"

"Why do you ask?"

"Just curious, I've practiced to the sixth level, and I want to know what level our late Earth Immortal class side, the strongest has practiced to."

"Wow, you've practiced to the sixth level, it seems you're also very powerful, sorry, just now the tone was much offended."

"You're welcome, you can directly tell me what layer the strongest one has practiced to."

"Seventh layer, but you're an Upper Immortal, why are you still here, you should have gone to the early Upper Immortal class to practice ah, that's the place where there are opponents of your level."

"Oh." It seemed that Omi's breakthrough was not at the right time, he was already an Upper Immortal, it would be too shameless to challenge the Earth Immortal of this valley, even if he won, it wouldn't show Omi's power, and he would be called shameless.

There was no other choice, it seemed Omi could only go to the pre-Shura Divine Blade Upper Immortal class, defeat the strongest person in that class, and then open a training course.

However, Omi must first instruct the person who received the deposit last time, or else it would be a fraud.

After that, Omi spent half a day instructing the dozens of people who had received the deposit last time before Omi left this valley and went to a valley not far next door that was full of pre-Superior Immortals and also had caves dug all over the sides of the valley.

There were also some caves that were unoccupied, and the ones that were unoccupied could be used casually.

Omi came to an unoccupied cave and prepared to practice the Shura Divine Saber in this cave and then make a fortune here as well.

No one cared whether or not Omi practiced the Shura Divine Blade, anyway, the Immortal Academy said it was an academy, but most of the time it was equivalent to self-study, the so-called instructors, Omi had never seen.

As such, Omi practiced for almost three years in this cave of the Shura Divine Saber.

Three years later, omi had trained to the seventh level of the Shura Divine Blade.

“Haha, the seventh layer, I don’t know how many layers this class in the early stage of Upper Immortal is trained to the strongest, I must reach that layer before I am qualified to open a training class here to make money.”

omi walked out of the cave.

Just then, omi heard a voice coming from next door to his cave, “Bai Hanyan, I advise you to better know your place, otherwise, our boss is not that good-tempered.”

“Go back and tell your boss to leave me alone, I won’t like him.”

“Bai Hanyan, what qualifications do you have to dislike our boss, our boss is a middle stage Upper Immortal, and the Shura Divine Blade has been trained to the tenth level, and you all come from the Eastern Victory Divine State, his family background is also bigger than your family, what makes you reject our boss, our boss has been chasing you for two hundred thousand years, that’s enough sincerity.”

“I’m sorry, I came to Immortal Academy, I just want to practice the Shura Divine Blade and increase my strength for my family, I didn’t come here to fall in love.”

“It seems that you’re serious about toasting the wine.”

“Get out of here.” A woman shouted with a cry.

omi was at the cave entrance next door, shaking his head and sighing, how come there are such ruffians everywhere?

However, it doesn’t seem to be the Don’s business, so it’s better to stay out of it.
