2185

"That's rubbish, I'll tell you what, Cloud, I'll say you're my girlfriend now, and if he touches you, I'll take care of him."

"Is that okay?"

"Try it."

A few minutes later, several men rushed up.

"Cloud, why are you hiding here?" One of the men asked.

omi purposely straightened his clothes and pulled the waistband of his trousers, then grunted, "What a spoilsport, who the hell interfered with my good fortune, causing me to not enjoy myself."

Suddenly, the faces of the men changed, as if they had guessed what they had just been doing.

The man who was chasing Yun Duo among them said angrily, "Yun Duo, what were you just doing with him?"

Cloud said, "Yao Liao, you've given up now, I really don't like you, I already have someone I like, and now you can see that he is."

The one called Yao Liao yelled, "I'm asking you, what did you just do?"

Cloud, "You know it yourself, don't you." One second to remember to read the book

"Yun Duo, you slut, I thought you were so noble and a clean and loving person, but I didn't expect you to be a slut." That Yao Liao was furious and cursed.

omi snorted, "You have the guts to say it again, I'm here on a date with my lover, what's it to you."

"Lover?"

"Yes, my lover, Cloud and I have been together since ten thousand years ago. Now get out of here immediately, otherwise, don't blame me for being rude."

Yun Duo busily said, "Yao Liao, my brother Tang, is a seventh-grade Immortal Pill Master, you better be sensible."

"Hahaha, I pooh, a seventh-grade Immortal Pill Master? Do you know who my grandfather is? Yun Duo, a mere seventh-grade Immortal Pill Master, you f\*cking backstabbed to sleep with him, I despise you."

Yun Duo said, "I have no interest in who your grandfather is, even if he's more powerful than my brother Tang, I'll say so."

Yao Liao looked at omi and gritted his teeth, "I don't care who you are, get out of here right now, since Yun Duo is such a bitch, I want to treat these brothers of mine, let my brother have a good time today."

omi sneered, "You have the guts to say that again?"

"I'm not afraid to tell you that my grandfather is a teacher at the Academy of Immortality, and the realm of the Immortal Pill is definitely above you, so you better not mess with me."

"Fuck you." omi slapped away.

"omi, this will be alright, right?"

"I don't get it either, what's this guy's story?"

"He's from a powerful family in the Northern Clubs."

"North Club Lushland?"

"Right."

"What about you?"

"I'm from the Northern Club as well."

"What if you if he does something to your family?"

"That's why I have such a headache."

omi said, "Wouldn't that be, now even I'm offended by him."

"Are you from the Northern Club as well?"

"Sort of."

"Ah, what about that?"

"As things stand, I'd better advise you to leave here."

"Alas, it seems that I can only go to my good sisters and learn spells from her. By the way, my good sisters' name is Hua Mingxin, have you heard of her?"

omi was startled, Hua Mingxin, isn't that the lady from the family where Qingtian's grandfather worked as a doorman? omi had heard about it before he entered the Academy of Immortality, that there was a genius woman named Hua Mingxin who had entered the Academy of Immortality.

"I've heard about it."

"Then you should accompany me to find my good sister and ask her to help me out."

"Me."

"Do you have anything else?"

r />

omi thought, it's just a matter of time, since he came to the Academy of Immortality, he must have to walk through every place, so he might be able to learn a few spells by going to the spell department for a walk.

Although the spells might not be as good as the Air Tearing Technique, but the arts might be of great use at a critical moment.

omi disappeared with the clouds.

The few people who had just been slapped away by omi didn't wake up for a long time, not until three months later. Of course, this was the aftermath.

omi and Yun Duo arrived at the Spell Department and headed to a certain class.

"omi, my best friend Hua Mingxin, is a very talented woman oh, so far, it's only three million years, but she's already a celestial immortal."

"Wow, that's not bad."

"Of course, she's not just a genius, she's also a beautiful woman."

"Oh, you're also a beauty." omi said casually, but Yun Duo was overjoyed to hear omi say that she was a beautiful woman, and for some reason was happier for ten thousand generations than anyone else to praise her.

Soon, arriving at a certain class, she found Hua Mingxin.

Sure enough, a woman who looked graceful and elegant with an extraordinary temperament came out.

"Yun Duo, why are you here if you're not studying well in the Xian Dan Department." Hua Mingxin was busy, her eyes immediately looked at omi, suspecting that Yun Duo was not looking for a boyfriend.

Yun Duo smiled, "Nameoxin, I was forced to come here as well."

"What happened? Who is he? It's not your boyfriend, is it?"

"This." Cloud looked at omi, as if he was asking how omi should answer, and if he answered no, he was afraid that omi would hurt his pride or something.

omi said, "A friend."

"Right, friend."

"Oh, yeah." Hua Mingxin looked half-hearted.

omi said, "You guys chat, I'm going to go to the spell department for a spin."

Hua Mingxin was busy saying, "Outsiders can't walk around in the Department of Spells, if you really want to go for a spin, take my identity card, you can go anywhere with it."

"Okay, thanks." omi took Hua Mingxin's identity card and left.

After omi left, Hua Mingxin was busy saying, "Yun Duo, honestly, what is your relationship? Why do I feel like you look at him differently, I don't believe that you are merely friends."

"Name Xin, you're really overthinking it, in fact we're not necessarily friends. His name is omi, he's currently a seventh-grade Immortal."

"Wow, wouldn't put, such a young seventh-grade Xian Dan Master? I just scanned him, and he's only about four million years old, which is only a million years older than me." Hua Mingxin was shocked.

Under normal circumstances, even the most genius person who became a seventh-grade Immortal Pill Master would be at least ten million years old.

omi's true age was just over a million years old, and since it had been modified to three million years old, it now looked like it was four million years old. But a four million year old Immortal Pill Master was already shocking enough.

Cloud said, "This guy is, indeed, a super Immortal Pill genius."

"Honestly, do you like him?" Hua Mingxin asked.

Yun Duo smiled with a blush, "I do like it quite a bit, but unfortunately, he may not be interested in me."

"What? You haven't confessed to him yet."

"Khan, how dare I."

"I'll help you."

"Alright, Namexin, don't give me any trouble, I'm in a pile of trouble."

omi took Hua Mingxin's identity card, and sure enough, he could be anywhere, because people wouldn't check the card, they all thought he was from this department.

omi looked up and saw a book collection library.

omi went into the library at once to see if there were any powerful spells to learn a few of his.
