

King of kings

Chapter 2196

omi stayed in Tang Huan's dormitory for the time being, because he had to return to the Air Tearing Department after a hundred years, so he was going to hang out in the Spell Department for those hundred years.

Unfortunately, omi wasn't in the Spell Department after all, he didn't have an identity token and couldn't enter the library to read books about spells, but omi wasn't prepared to read books, reading books to learn on his own was too slow, besides, omi had already practiced the more powerful Air Tearing Technique, was there really any need to practice spells?

Regarding this issue, Tang Huan gave omi's opinion, which was that it was completely unnecessary.

With this time to waste here, it would be better to train the Four Great Empty Tearing Departments for a hundred levels.

Therefore, after thinking it over, omi decided to return to the Empty Tearing Department.

"You've decided?"

"Yes, since practicing spells again is purely a waste, why not go back and practice Air Tearing properly, my Air Tearing, the strongest one is only at the twelfth level, Nima, I have the nerve to open a training shop at such a low level."

"But didn't you say that you won't go back for a hundred years, those friends of yours helped you promote that you're suitable to appear in the Air Tearing Department."

omi said, "I can be disguised ah, I don't have to go back with my real face ah. When I go back, I'll go find a training course and have them demonstrate the Four Great Empty Tearing Techniques to me layer by layer, and I'll only need to do it once, and I'll have practiced it. In that case, in a hundred years' time, I should be able to reach the highest practiced person other than my mentor."

"omi." Just at this moment, a shout came from outside.

Tang Huan was shocked, "It's Nong Yao." Remember the URL .kanshu8.net

omi also heard that it was Nong Yao's voice.

"This son of a bitch, this is just a case of forgetting the pain and coming back, could it be that he thinks I've left the spell department after only a few days. Hey, no, he's shouting my name, he's specifically looking for me."

omi immediately rushed out and Tang Huan followed, wondering what this Nong Yao was doing here again.

"Nong Yao, what else are you doing here? I've made my point very clear." Tang Huan said resolutely.

Nong Yao looked at Tang Huan's alluring body, but unfortunately it had already been played by omi, and he was very upset.

"Tang Huan, I'm not here to find you, don't be self-absorbed." Nong Yao snorted, using this to strike Tang Huan.

"Oh." Tang Huan ohed.

"Pah." At this time, a slap sounded.

It turned out to be omi who slapped Nong Yao.

"You." Nong Yao looked at omi furiously, while feeling even more unfathomable about omi's strength.

omi said, "What kind of thing are you, you also dare to speak disrespectfully to my wife."

Nong Yao gritted his teeth and said, "omi, don't be too presumptuous, in the Immortal Academy, I may not be able to do anything with you, but after leaving the Immortal Academy, I have too many ways to kill you."

"Slap." omi slapped again.

"What did you say? To kill me? Believe it or not, I'll kill you right now."

Tang Huan was busy flying up and said, "Husband, forget it, don't get along with this kind of person, but it's just that he thinks he's so powerful, completely ignorant of how powerful you are, he's a frog in a well."

omi said, "Nong Yao, say, what do you want with me?"

Nong Yao gritted his teeth and said, "omi, listen to me, Ole wants to meet you for a sparring session."

omi snorted, "Cut his sister's spar, what is he, what do I want to spar with him? Does he deserve it?"

"You're so crazy, even Ole."

"Roll."

"Good, very good." When Nong Yao saw how disrespectful omi was to Ole, he was instead even happier inside.

&nb

sp; Originally Nong Yao had a hard time convincing Ole to challenge omi.

However, that Ole was a coward and didn't dare to challenge. Nong Yao just kept talking and talking, and used provocative methods, so he finally got Ole to be willing, but he didn't say challenge, he just said cut to the chase.

Nong Yao left in a panic, his heart seemed to be saying, omi, just wait for me, someone will always be able to take care of you.

After Nong Yao left, Tang Huan said, "Husband, will something happen if you don't give face to Ole like this?"

“What do you mean, an accident? You’re being funny. By the way, who is that Ole?”

“Ole is a late Spell Department Upper Immortal, ranked fourth.”

“I go, I thought it was some big shot, after messing around with it for half a day, it’s just one place ahead of that idiot Nong Yao in the rankings ah.” omi despised it for a while, just one place ahead of Nong Yao, would the results be very different in front of omi?

Tang Huan said, “Husband, although Ole is only one place ahead of Nong Yao in the ranking mountain, but he is much stronger.”

“Regardless of how much stronger he is, come and beat him once.”

At this moment, Nong Yao came to a place in high spirits.

“Brother Ole.” Nong Yao saw a man busy calling.

“Brother Nong Yao, before you encouraged me to challenge that person, but we are all civilized people, I don’t want to do such a thing, but there is no harm in cutting and sparring, have you gone to talk to that person yet? When is he going to cut with me?” The man called Oule asked.

Nong Yao was busy saying, “Brother Ole, do you want me to tell the truth or a lie?”

“Of course it’s the truth.”

“The truth is, that omi, doesn’t care to compete with you.”

Ole smiled, “Brother Nong Yao, this isn’t something you intentionally lied to me to irritate me, is it?”

“Lying to you heaven forbid, if you don’t believe me, you can go find him yourself.”

“What were his exact words?”

“I told him that Ole wanted to cut his teeth, and he immediately answered me, Ole you sister’s pleasure, what are you, he wants to cut your teeth, do you deserve it. Those were the exact words.”

“That’s a good grip.” Ole was furious inside.

“Brother Ou Le, this omi, is not from our spell department, but is making a fool of himself, don’t you think you should take action to teach him a lesson? Otherwise, people would still think that we’re not alone in the spell department.”

“Let’s go, come with me to find him, I’d like to see if he dares to be so draggy in front of me.”

In front of Tang Huan’s dormitory.

omi was about to leave.

“I’m going back then.” omi said.

“Good, be careful with everything.”

“Don’t worry.”

At that moment, a shout came from the distance: "Slow down."

In the next second, Nong Yao and another man flew in.

omi looked at Nong Yao and that man and smiled, omi seemed to guess that the other man was Ole.

omi said, "This must be Ole."

"You are omi from the Air Tearing Department?"

"Exactly, I don't know what to ask."

"omi, Nong Yao said that I asked you for a sparring session while you treated me very disrespectfully and abused me, is that true?"

"Yeah, it's true."

"You." Ole didn't think that omi would actually say yes without hesitation, without any slyness at all, and he really wasn't afraid of Ole's anger at all?
