Not long after Omi had entered Tian Le Fang, Qing Shi walked up not far away.

"Zhou Mi." Qing Shi shouted, but Omi had already entered Tianlefang.

Tang Huan was busy turning back and asked in confusion, "Do you know my husband?"

Qing Shi also looked at Tang Huan and frowned, "This brother of mine is really headstrong, so many wives at home are waiting for him, but he's good, he's found another match in the Academy of Immortality."

Tang Huan said, "I'm his wife, may I ask you are?"

"My name is Qing Shi, and Zhou Mi is a brother I met in Upper Fey Yan Continent."

"Ah, you're Brother Qing Shi." Tang Huan was shocked.

"Er, you know me?"

Tang Huan nodded busily, "I've often heard my husband talk about you, but are you really a lapis lazuli?"

Qing Shi was speechless and said, "I don't know what Brother Zhou Mi has entered Tian Le Fang for?"

"This, your husband is investigating Grandpa Qingtian's matter." First URL m.kanshu8.net

"My grandfather." Qing Tian's eyes reddened and he gritted his teeth, "So, Brother Zhou Mi is also here for my grandfather's sake, what a waste for me to be a brother to him. I'll also go in and take a look."

"Brother Qing Shi, we'd better wait here, what if there are too many people to alert the snakes."

"Fine."

Immediately after Omi entered Tian Le Fang, there were many women coming towards Omi.

The women here were all good looking, and, surprisingly, they were all Earth Immortals or even Upper Immortals.

Omi was a bit unbelievable, the women of Earth Immortals and Upper Immortals actually came here to sell, gosh, what a ruin to Omi's three views, they were immortals.

"Hello, Upper Immortal, do you need me to accompany you?" An Earth Immortal's woman came up, with a very nice figure and posture.

Omi thought to himself, if he wanted to investigate Hua Ming Zhi's matter, he would definitely have to get in touch with someone here.

Omi nodded and said, "Yes, what's the charge?"

"One fairy coin at a time, or two fairy coins for one night." The Earth Immortal woman said.

Omi frowned, one immortal coin betrayed his personality.

"Good." Omi nodded his head.

"Guest, follow me."

Omi followed the woman to a room.

"Guest, do you need me to take a shower first? Still, you're in a hurry, don't mind."

"Er."

"It's okay, just mention any ideas you have, I'll do my best to meet your requests, as long as the guest has fun, and still look for me next time you come back."

"Oh, one fairy coin at a time, betraying yourselves so cheaply, you fairies, do you really treat yourselves this way?"

The woman didn't mind Omi saying that and smiled, "Looks like I've found a treasure, the guest must be very rich, or else she wouldn't have said such a low price."

"Isn't it."

"Guest, a celestial coin ah, how many people, ten thousand years may not be able to earn a celestial coin, while we, as soon as we lie down, we have."

Omi wanted to laugh, the description was so good, just one lie.

The woman said, "Guest, why are you indifferent, do it. To be honest, I and expect you to do it quickly, after all, I also have to do business only once every ten years."

"Ah, a business once every ten years or so? No way" Omi had the impression that these people had to pick up many customers a day.

"Of course, you think there are customers every day, if it was so easy to make money, I'd be a rich man already. Usually it takes more than ten years to wait to get a guest once. So, guest, don't be restrained ah, the smell left on my body by the last guest is long gone, my body is very clean."

"Hmm, okay, say."

"I want to ask, do you know Hua Ming Zhi?"

"Ah, Hua Ming Zhi, of course, he's my regular visitor here, he comes here about once every twenty or thirty years, and he's very generous, he spends at least three or four Xian coins every time he comes, but unfortunately, it's not my turn for such good deeds."

"Who is the girl that Hua Ming Zhi often comes here to look for?" Omi asked.

"It's Wan Hong."

"Which one is Wan Hong?"

"She's considered the woman with the best figure here, not only Hua Ming Zhi, but also many of the rest of the dudes in the Northern Clubs come to look for her, Wan Hong may have customers coming to her every year or two, she's done this business for over ten million years now, she's also a multi-millionaire."

"Oh, business?"

"Or what do you think it is?"

"Alright, this is five immortal coins, keep them."

Omi handed the five immortal coins to the woman.

"Hey, you're such a strange person, you don't have to do anything to give me so many immortal coins."

Omi said, "It's best that you never reveal this matter."

"Why?"

"No why, alright, I'm off to find Miss Wanhong."

"Oh."

Omi found Wan Hong, really a woman with an even more beautiful posture, an even better body, and a look that seemed practiced, giving people an extremely strong desire to conquer at first glance.

"Hello, guest, it's you who wanted to see me."

"Meet Miss Wan Hong."

"You're welcome, I charge more expensive oh, at least two Xian coins once, of course, if the guest gives more Xian coins, my service will be better oh."

Omi said, "So expensive."

"You would come to see me, naturally you have heard of my name, I can only say that it's worth every penny."

"Haha, it's so expensive, I don't want it."

"Then forget it, you go find another girl."

Omi left Tian Le Fang.

Omi mainly wanted to find out which woman Hua Mingzhi was looking for, and then, to seriously see that Wan Hong's face.

That's right, Omi wanted to change into Wan Hong's face, and when the next time Hua Mingzhi came, that would be the best time to do it.

After all, there was a Dao Immortal by Hua Ming Zhi's side, it was not easy to kill him, so some means must be used.

Walking out of Tian Le Fang, Omi immediately saw Tang Huan and Qing Shi waiting for him outside.

"Ah, big brother Aoshi." Omi ran up in a hurry.

"Brother Zhou Mi, I'm so happy to see you."

"Brother Qing Shi, me too, I never expected to see you here."

"Zhou Mi, I already know what you're doing in Tianlefang today, I'll thank you for my grandfather."

"What did Brother Qing Shi say, if it wasn't for Grandpa Qing Tian, I would still be staying in the Upper Fey Yan Continent, I just didn't expect that Grandpa Qing Tian would get killed by backstabbing people like this."

Qing Shi gritted his teeth and said, "Don't worry, I will avenge my grandfather's death, I will."

"Brother Qing Shi, leave this matter to me, I've already made inquiries."

"Hush, don't say much here, let's go first."

"Good."

Omi arrived at the inn room, only then did he say, "The girl Hua Ming Zhi goes to every time is Wan Hong."
