Just then, there was a shout from outside, "Omi, come out."

As soon as Omi heard it, he knew that it was Shen Medicine's voice.

"Hm? This guy, he actually dared to come looking for death."

Omi walked out and saw that Shen Pill had actually brought over a hundred celestial soldiers with him.

"Shen Pill, what are you doing?"

Shen Yao snorted, "Omi, today is the day of your death."

"Date of death? Are you my opponent?"

"Hahaha, Omi, you're too naive." Shen Medicine immediately said to the hundred or so celestial soldiers, "Brothers and sisters, as long as you help me kill Omi together, when I return to my family, I will definitely help you and hold an official position somewhere in the Immortal Realm."

"Good." Those more than a hundred people shouted incessantly, Shen Pill also said so on purpose, and afterwards killed Omi, the investigation said that they were compelled by Shen Pill, and then helped Shen Pill to kill Omi, anyway, the greatest responsibility was Shen Pill, and they, at most, expelled from the celestial soldier status, and imprisoned to the prison.

Omi's brow furrowed, more than a hundred people, including more than twenty Dao Immortals, actually wanted to come and kill Omi.

At this moment, inside the military tent, Jia Tianyu heard, panicked and went to find the captain. The first website [m.kanshu8.net](http://m.kanshu8.net)

Right now, in the captain's army tent.

"Brother."

"Akatsuki, why are you here again."

"Brother, it's not quick to see you."

"What does sending troops have to do with coming to see me."

"Of course it does, in case I die in the battlefield, I won't be able to see you again." Akatsuki said, in fact, the reason might not be that.

Ever since the last time Ming Yue had seen Omi, she had been thinking about him, and to this day, she couldn't help but want to come and see him, and besides, she was afraid that since the first war, she would never be able to come back. Ming Yue didn't know if she was possessed or not, anyway, she just kept thinking of Omi, Omi's handsome face, she couldn't stop thinking about it in her mind.

“Alright, now that you’ve seen it, you can go back now.”

“Brother, why keep chasing me away, right, why haven’t you seen Omi.”

The captain rolled his eyes, “Little sister ah, you’re not here to see him, are you?”

“Ah, where is it.”

“Little sister ah, don’t blame me for not reminding you, he is Ding Lan’s husband.”

“I know ah, it’s not like I don’t know Ding Lan, it’s the youngest daughter of Ding Cang Dao, the one who’s about the same age as me.”

“If you know, you still.”

Just at this time, Jia Tianyu came running.

“Captain, something big has happened, hurry up.”

“Jia Tianyu, what’s the big deal?”

“Captain, don’t ask questions, come with me quickly, or else it will be too late and our commanding officer, will be dead.”

“Omi?What’s wrong with him?”

“Captain, just now, Shen Pill came to see Omi, he said that he wants to kill Omi.”

The captain snorted, “This Shen Medicine, isn’t he afraid of violating the military rules, but if he wants to fight, go ahead.”The captain knew Omi’s strength, Shen Medicine was no match at all anymore.

“Captain, Shen Yao has called more than a hundred heavenly soldiers, including more than twenty Dao Immortals, to beat Omi together, bound to kill him ah.”

“What.”

“Captain, let’s go, those more than a hundred people, they really did it, because I heard that they wanted to deliberately scope out military regulations, so that after they killed Omi, they could be locked up and not have to go to war.Moreover, the time I came, the number of people involved in the siege of Omi, is still increasing.”

“What.”The captain’s face changed, at the same time, the captain felt that it was a shame for him, the soldiers under his hands, but he did such a ridiculous thing.

&nbsp;

; The captain immediately ran away.

Ming Yue also followed.

At this moment, outside Omi’s military tent.

Nearly a hundred and fifty celestial soldiers were surrounding the front.

Omi said furiously, "You guys, when you're really against it."

At this moment, Omi already knew why they came together to kill themselves, because their purpose was to violate the military rules ah.

Omi was truly unheard of.

Moreover, the commotion here immediately drew out the other group's heavenly soldiers.

"What are you guys doing?" An unsuspecting Skirmisher asked.

"We're going to kill Omi."

"Why?"

"Killing him would be a serious violation of military rules, he'll be locked up, and isn't there going to be a war in a few days."

"Ah, I'll join too."

Just like this, in just a few minutes, the number of heavenly soldiers who joined in killing Omi exceeded two hundred.

Shen Yao was delighted to see so many people joining the group fight.

Shen Yao shouted, "Everyone, don't just stand there, do it. Slaughter Omi, so we don't have to go to war."

"Okay, everyone, let's go together."

"Kill."

Suddenly, two hundred people charged up towards Omi to kill.

"Kill."

"Kill."

Two hundred people were besieging Omi, which showed that Omi couldn't even survive without dying.

At this moment, in the distance, the captain had arrived.

"Stop." The captain shouted.

But, it was too late.

More than two hundred people attacked at the same time ah, almost blocking Omi's front and back, left and right, up and down, all of them, Omi was killed by an attack from all sides.

Everyone thought that Omi would surely die.

However, Omi didn't even blink an eyelid.

In the next second, everyone, with a clamor, as if fireworks had exploded in the sky, the 200 or so celestial soldiers flew backwards in all directions at once, as if Omi had blown over 200 people away at the same time.

The captain and Ming Yue, who were on their way here, were shocked.

Facing a siege of over 200 people, Omi had blown over 200 people away with just one move.

Actually, the principle was very simple, with the power of the 18th level of Omi's Star Shift Great Law, no matter how many people you attacked, you could instantly transfer the attack to everyone, so when more than a hundred people had just killed Omi at the same time, Omi instantly transferred the attack to each of them according to their respective strength levels, and the power transferred to each of them was just a little bit stronger than each of them, so they were all blown away by the invisible power.

The two hundred or so people who were blown away smashed down on the ground in all directions away from each other, smashing their heads and screaming incessantly.

At that moment, the captain came.

The captain exhaled and roared, "Do you want to rebel."

The first thing you need to do is to take a look at Omi, full of worship, feeling that Omi is handsome over the world, beautiful over the universe, so charming.

Omi said, "Captain, you're here, we've just been sparring."

The captain glared at Omi, what time is it, and harbored these people.

A mid-Dao Immortal commanding officer immediately climbed up and said, "Captain, it was my lust for profit that made me want to kill Omi when I heard the benefits Shen Medicine gave us, I hope the captain won't condone it and severely punish me."

The rest of them also climbed up and busily said, "Captain, I am not worthy of becoming a glorious Heavenly Soldier, you fire me."
