Omi was waiting in the barracks, wondering when the people the princess had sent to help him dispose of Shen Medicine would come.

Just then, the voice of Captain Ming Cheng came from outside, "Brother Tang."

"Big brother, what's wrong?"

"Tangdi, I don't know if you're free, but my grandfather wants to invite you to my house for a meal."

"Your grandfather, how can that be, your grandfather doesn't even look down on me, he even told you to cut me off before not."

"Brother Tang, I'm really very embarrassed to ask, my grandfather is very snobbish, you understand."

Omi nodded his head, he must have just heard that he had entered the Sky Wolf Battle Team, and then it was nah.

"Brother Tang, give me some face." Captain Ming Cheng said.

"Of course, I didn't even think about your grandfather, for the sake of you and Miss Mingyue, I'll go too."

"Thank you for not thinking about my grandfather in general."

Omi soon followed Ming Cheng to the Ming family. The first website m.kanshu8.net

However, what neither Omi nor Ming Cheng knew was that the Ming family had just had a guest, and at this moment, Ming Cheng's grandfather, was receiving that guest in the main hall.

Ming Cheng asked a servant, "Where is my grandfather?"

"Back to Young Master Ming Cheng, the Master is receiving a guest in the main hall."

Ming Cheng Dao: "You quickly go and tell my grandfather to come here, just say, our family's most distinguished guest has arrived, tell grandfather to hurry up."

"Yes, Young Master Ming Cheng." After saying that, that servant went busy.

Ming Cheng apologized to Omi, "Omi, I'm sorry, I didn't expect that my family would suddenly have a guest, but it's fine, no matter what kind of guest, it's not as noble as yours, I've asked the servant to invite my grandfather."

Omi smiled, "It doesn't matter, just let your grandfather entertain that guest first."

"How can this be possible, you are the most noble and most honored guest, how can you slow down." Ming Cheng busily said.

"Hehe." Omi didn't say anything.

At this moment, in one of the main halls of the Ming Family, Ming Cheng's grandfather was very warmly entertaining a noble guest, this noble guest was really expensive because he was the Palace Master of the Law Enforcement Divine Palace.

Palace Master of the Law Enforcement Divine Palace, what level was this? This was simply not a level that the Ming family dared to offend. It was because he was a First Grade Immortal Official of the Immortal Court, a high ranking official that the Ming family always had to send gifts to make connections with.

If Ming Cheng knew that the guest that had come was so distinguished, he definitely wouldn't have said those words.

However, it was already too late, that servant had already gone to call.

At this time, that servant had already arrived, walked into that main hall and said to Ming Cheng's grandfather, "Master, the guest that Young Master Ming Cheng brought is here and is waiting in the side hall. Young Master Ming Cheng asked me to come and tell you to hurry over."

"This." Ming Cheng's grandfather's face changed, he was busy looking at the Palace Master of the Law Enforcement God Palace sitting across from him, and sure enough, the Palace Master of the Law Enforcement God Palace did not look good.

The Palace Master of the Law Enforcement God Palace smiled and said, "Ming Li, if your family has any distinguished guests, go ahead and ignore me, after all, the distinguished guests are more important, I don't care."

Ming Cheng's grandfather heard the Palace Master of the Law Enforcement Divine Palace say this, his heart was in awe, so not to climb up this high branch, should it be yellow like this?

Ming Cheng's grandfather was really depressed ah, who the hell thought that today was such a coincidence.

However, the two guests were still able to distinguish clearly who was less important and who was more important.

Member. As for Omi, to put it bluntly, at best, he was a future guard of the princess, and still in the future, so Omi's status was low and far from the Law Enforcement Palace Master's esteem. If they could both be befriended, then, of course, it was great, but if one had to choose one, then it was obvious without thinking that the Law Enforcement Palace Master was the one to choose.

And right now, the Law Enforcement Palace Master didn't seem to be in a very good mood anymore, the high branch he had climbed so easily was likely to be yellow, so he had to have a choice.

Thus, Ming Li Ton roared, "Insolence, is there a more expensive guest than the Law Enforcement Palace Master? You go and tell Ming Cheng to tell that whoever, while waiting to go, Old Master has no time to care about such a small person."

That servant panicked, "Yes, Master, I will go now."

Ming Li looked at the Palace Master of the Law Enforcement Divine Palace and saw that the Palace Master's face had improved a bit.

Ming Li was busy saying, "Palace Master Si, I'll punish myself with three cups."

"Hahaha, Ming Li, why are you so polite."

"No, I've disturbed your elegant mood, I must punish myself three cups."

After saying that, Ming Cheng's grandfather Ming Li Ton drank three cups in a frenzy.

At this time, in the other main hall, Omi and Ming Cheng were chatting.

At this time, that servant returned.

"Where is my grandfather?" Ming Cheng was busy asking.

"Young Master Ming Cheng, just now I went to call the Master, but he was angry at me, and he asked me to tell you that he has no time for a little man."

"What." Ming Cheng's face changed and he was busy looking at Omi.

At this moment, Omi was quite embarrassed, he didn't expect that he was still a small person in Ming Cheng's grandfather's eyes, he still looked down on Omi.

Omi smiled, "It doesn't matter, big brother, I don't know your grandfather anyway, it doesn't matter what your grandfather says about me, anyway, the brotherly love between you and me will never change."

When Ming Cheng heard Omi say this, he was even more ashamed and said angrily, "My grandfather is too really crazy, obviously he told me to invite you here, no, I have to go find him and ask him clearly why the sudden change in attitude." After saying that, Ming Cheng exhaled and walked away.

"This." Omi also had no choice but to follow him.

At this time, on the other side of the main hall.

Ming Cheng's grandfather finished punishing himself with three cups and drank three more cups.

"Palace Master Si, I've finished six cups in a row, I hope Palace Master Si won't be angry about what just happened ah."

"Haha, come on, I'm not that stingy." The Law Enforcement Divine Palace's Palace Master's mood turned better.

Ming Cheng's grandfather asked, "Palace Master Si, why did you suddenly come today, you didn't give any advance notice so that I could prepare for the reception ah."

"I didn't come on purpose either, I was just passing by, I was originally ordered to go on a matter."

"What's the big deal again."

"It's not a big deal, but the people ordered by the higher-ups are too big, so it became a big deal, and to be honest, it's about someone from the Heavenly Emotions Shrine sabotaging the Heavenly Emotions System."

"Oh, I see." Ming Cheng's grandfather didn't think much about it, much less think about the Shen Pill thing that his grandson had said before going up.

“Palace Master Si, come on, keep drinking.”

“No more drinking, I don’t want to delay the big event. I’m not going to hide anything from you, this matter is related to Princess Nianxie, I also went there on her orders, she told me to go find someone first and assist him in this matter, I heard Nianxie Palace Master’s tone, she is quite important to that person, so I don’t dare to slack off.”
