

King of kings

2295

Omi tried again for a long time, sparing the surrounding area, and the Devil King did not appear again.

In the past, as long as Omi appeared within a certain range of this area, the Devil King's Immortal Sense was able to discover Omi and communicate with him.

The Devil King's Immortal Sense was very strong, and the person who captured the Devil King was at least at the Immortal level, but the Devil King, who was just a Daoist Immortal, was able to make it impossible for even Immortals to discover him, so it was clear that the Devil King was originally a non-equal person.

Suddenly, Omi looked towards an overhanging island in the distance.

The Devil King was held in one of the homes on that island.

Omi flew up.

"What for." A man asked.

"This hanging island, how many families live there?"

"Why do you ask?"

"If you don't, you'll die."

"Yoho, boy, very tuggy, a Xuan Xian, and you dare to be so arrogant in front of me." The man sneered, he was an Imperial Immortal, one level higher than Omi. Remember the website .kanshu8.net

Omi took out his sword and said, "I'll remind you again, if you don't say it, you'll die."

"Fuck you, a Xuan Xian, daring to be arrogant in front of me." That Tai Xian was furious, but this Tai Xian had no idea who the person in front of him was, this was Omi. It didn't matter if he didn't know Omi, as long as he knew that Omi had entered the Sky Wolf Battle Team.

"Buzz." Omi struck with his sword.

That Tai Xian's mouth snorted in contempt, he wasn't someone who could fight, just an ordinary Tai Xian, if Omi was also an ordinary Xian, he would definitely not be a match.

"Ka-cha." Omi cut off that Tai Xian's head with his sword.

However, Omi didn't kill his Primordial Spirit.

Omi placed his sword across the neck of that Tai Immortal's Yuan Shen.

"Ah, good man spare his life." That Tai Immortal was scared.

“Say, this hanging island, who lives here?”

“I said that there are four families living separately, the Leng family, the Hu family, the Gao family, and the Mi family, of which the Leng family occupies two-thirds of the entire Hanging Island, and the other three families together only occupy one-third of the area.”

“Why can the Leng Clan take up so much?”

“Originally, the four families shared this Hanging Island area equally, but because of the rise of the Leng Clan, one of the strongest people has emerged, and is now a high ranking immortal. Moreover, this Leng Clan has many very talented offspring, and there is even a scion of one of the ten most talented and beautiful women in the Heavenly Realm, so it can be called a boom.”

“Which family are you from?”

“I’m from the Hu Clan, I still hope that Senior will be gracious and not cut off my Yuan Shen.”

Omi let that Yuan Shen go.

The person who captured the Demon King was one of the four families of this Hanging Island, Leng, Hu, Gao and Mi, as for which family, Omi guessed that ninety percent was the Leng family, because the Leng family had risen and dominated two-thirds of the entire Hanging Island as soon as it rose, which showed that this Leng family was very ambitious. It was because of their ambition that they were so greedy for the Immortal Machine Turing Method, if they had the Immortal Machine Turing Method, they could obviously strengthen the family, although the Immortal Machine Turing Method had a limit, the family would already be strong enough if everyone could become a Dao Immortal.

Omi had to find a way to blend into the Leng family and find clues to the Demon King.

Of course, Omi could also go find helpers, but it was not appropriate to make this matter known, because what if there were more people who wanted the Immortal Tathagata Method?

Moreover, if we alert the snake, we are afraid that the Leng family will destroy the evidence, and the devil will be quickly made if he is not dead.

Death.

After thinking it over, I still decided to mix into the Leng family and plan how to rescue them after finding the news of the Demon King first.

But how to proceed?

Omi arrived at the military camp.

“Hey, Brother Tang, what are you doing here, I heard that you have successfully entered the Sky Wolf Battle Team.” Ming Cheng saw Omi and said very enthusiastically.

“Brother, I am here to visit you.”

“Haha, Brother Tang has a good heart, but you are now mixed up in the world, big brother is a bit afraid to reach higher.”

“Where is big brother talking about, even if I enter the Sky Wolf Battle Team, I’m only a seventh rank official ah, it’s not as good as big brother you.”

“Don’t be modest, you’re a person of Princess Nianxie.”

“To put it nicely, you are the princess’s person, to put it badly, you are the princess’s dog, aren’t you.”

“Haha, you’re also really, Tangdi.”

“Big brother, I’ll buy you a drink.”

“Fine, let’s go, I’ll take you to a place to drink.”

Omi and Ming Cheng came to a very busy and bustling place and found a nice restaurant.

“Do you know why I brought you here for a drink, because the owner of this restaurant is a cousin of the Empress, he, by virtue of his relationship with the Empress, will occasionally get some Jade Territory Qiong Brew, this is a fine wine that is only available in the Immortal Palace.”

“Wow, it’s so good, I must drink it then.”

During the banquet, Omi asked, “Brother, how much do you know about the Leng family?”

“The Leng family?Which cold house?”

“The one whose family has a top ten genius beauty, the Leng family.”

“Haha, the one you’re talking about is Leng Lone Moon, right.”

“I want to know more about this Leng family.”

“I don’t know much about the Leng Family, but I do know something about it, the Leng Family has been developing quite well in the last few billion years, it was originally just an ordinary Immortal family, but since the rise of a person from their family named Leng Tianling, who became a high-priced Immortal and was inducted into a key position in the Immortal Pavilion, the Leng Family has risen completely. Moreover, the Leng family had several other very strong descendants since this Leng Tianling, and among them, one of his granddaughters was Leng Guiyue, one of the ten most talented and beautiful women in the Immortal World. That Leng Yue, has already entered the Sky Wolf Battle Team. That’s all I know, why are you suddenly asking about this, could it be that you’ve fallen in love with that Leng Guoliu Yue again?”

“Oh, brother is joking, I was just asking. Right. That Leng Tianling, how strong is he?”

“Leng Tianling, is also an Immortal Legend, very powerful, probably not too far off from the old war gods like the Three-Eyed War God, the Wind and Fire War God, and the Totha War God. By the way, the Totha War God is very close to Leng Tianling, and back then, the Totha War God even married his daughter to Leng Tianling.”

“Oh.” Omi was shocked.

Unexpectedly, the Leng family was so powerful, reaching this level, not to mention that they hadn’t found the Demon King, even if they did find the Demon King, the Demon King was placed in front of Omi, Omi couldn’t save it.

Because, someone who could be on par with the Three-Eyed War God, even if Omi asked Princess Nianxie for help, he might not be able to save the Demon King.

Omi exhaled deeply, it seemed that the Demon King was not as simple to save as he thought. The person who hit the attention of the Immortal Machine Tumeric Method was someone who had such a position in the Heavenly Realm.

“Brother Tang, come, it’s rare to meet, let’s drink up.”

“Okay, cheers.” Omi drank it all while saying inside, “Senior Demon King, don’t worry, even if it’s hard, I’ll save you.”
