

King of kings

2297

No wonder Omi didn't feel a little bit of oppression once he saw the Devil King, because the Devil King was even weaker than him.

Omi's heart, for some reason, rose with a feeling of sadness.

Omi consoled, "Senior Demon King, don't be depressed, you too will one day regain your freedom and become strong."

"Let's talk about it when we have a chance to leave here. But you kid, what a surprise, you've surpassed me so quickly, I think that even if I didn't have my Immortal Spitting Method in the first place, you would have become a strong man, I just ran into luck."

"Senior Demon King, don't worry, I, Omi, will definitely lead you out of here." Omi said with full confidence.

The Devil King didn't know Omi's current status in the Celestial Realm, he was already a member of the Sky Wolf Battle Team, and he was acquainted with Princess Nian Shi.

"It's useless, I was still carrying a bit of hope that this was some kind of Gouno Immortal Palace, and the strongest one was just a low-level Immortal, but now I find out that you were right, this is the Leng Family. I've heard of the Leng Family before, like the sun."

Omi said, "In short, you have to trust me."

"Alright, I want to get some sleep, right, when they interrogate you later, don't say anything, now the Immortal Machine Spitting Method is the only thing we rely on to save our lives, once we hand over the Immortal Machine Spitting Method, there's no need for us to exist. They are afraid that we will spread it indiscriminately, and they will definitely silence us."

After saying that, the Demon King closed his eyes, not knowing if he was really sleeping.

However, Omi could see the sense of frustration and loss within the Devil King. First URL

The first was that his original plan was shattered and no one could save him anymore.

The second was that even Omi had surpassed him, and one could imagine the loss he felt inside.

Not long after, two people came and took Omi to another secret room.

In that chamber, a low-level immortal was waiting there.

"What's your name?"

"Hmph, knowingly, you must have heard my conversation with the Devil King just now, he called me Omi."

“Omi?”

“Yeah, I’m Omi, I don’t know if you’ve heard of me before, but I can tell you that I’m a member of the Wolf Battle Team, the Three Eyed War God is very familiar with me, and also, Princess Nianzhi is my future master, so you’d better weigh your options, I know you’re definitely not the one making the decisions behind the scenes, so you’d better go find the person behind your scenes now before you make a decision.”

“You.” The man was startled, indeed, Omi had threatened him.

Thus, that low-ranked Immortal immediately instructed his servant to bring Omi back to the prison cell he had just been in, and he quickly left. Of course, whether it was the prison cell just now or this secret room, both of them were within the confines of that powerful restraint.

Omi returned to the prison cell.

The Nine Dao Demon King said, “Why did you return so quickly, you didn’t hand over the Tathagata, did you?”

“Don’t worry, I’m not. Now, I think they’re already weighing up whether or not they dare touch me.”

“Er, what do you mean.”

Omi said, “Senior Demon King, don’t say anything, you do me a favor now, your Immortal Sense is powerful, you immediately inform whoever is nearby, tell him to go to the barracks and look for someone named Ming Cheng, just say, I’m trapped, ask for help, Ming Cheng will be rewarded heavily.”

“Good.”

The Nine Dao Demon King immediately did as he was told.

At this moment not far from that overhanging island, a passerby flew by.

“Hello, you are now to go to the barracks at once, find an officer named Ming Cheng, and sue the

Tell him that Omi is trapped and begs for help, and Mingcheng will reward you heavily. Go quickly, don’t care who I am.”

“Ah.” That passerby was stunned, then immediately turned around and went.

And now in one of the main halls.

“Third Master, he says he’s Omi, one of Princess Nianzhi’s men, or the Sky Wolf Battle Team.”

“No way.”

“That’s what he said, but if it’s true, we really have to weigh it.”

“Hmph, so what if it’s true, outsiders don’t even know he’s with us.”

“Should we report it to your Lordship.”

“Don’t let your lordship know about this beforehand, after all, I want to give my father a surprise when I obtain the Immortal Machine Spitting Method.”

“But in case you mess with the wrong person, it won’t be a surprise, but a fright.”

“What’s the point of being scared, now that Omi is locked up, who the hell knows he’s with us, and the prison’s restrictions were set up by my father, so it’s hard for anyone else to break them. For the sake of a Omi, I don’t believe anyone would dare to mess with us.”

“Okay, so what do we do now?”

“Give Omi three days, three days if he doesn’t tell us the Immortal Machine Spitting Method, kill it, so as not to leave behind any consequences, and be done with it.”

“Understood, I’ll go then.”

Omi was mentioned to that secret room again and asked to tell the Immortal Machine Spitting Method within three days, but Omi snorted in derision.

An hour later, Ming Cheng had gotten the message that Omi had distributed.

Ming Cheng immediately went to look for the Three-Eyed War God.

Upon hearing this, the Three-Eyed War God asked, “Why is the Leng Family holding Omi?”

“I don’t know the exact reason, but he must be in trouble right now, I hope the Three-Eyed War God will find a way to rescue him.”

“Alright, I already know about this matter, I will arrange it myself.”

“Thank you, War God, I’ll take my leave then.”

The Three-Eyed War God said inwardly, “Leng Tian Ling is not weak, I don’t want to offend him, and I haven’t even recovered from the injuries from the last Heavenly Demon War. I’d better go and report this to Princess Nian Shi and let Princess Nian Shi think of her own solution.”

So, the Three-Eyed War God went to tell the princess.

“Uncle Three-Eyed, what is it?”

“Princess, something is indeed wrong, I just received a distress message from Omi.”

“Ah, what’s wrong with Omi?”

“Princess, Omi seems to have been captured by Leng Tianling’s men, and since Omi would be sending out a distress signal, I think it should be more serious.”

“Then why don’t you rush to the rescue.”

“Oh, Princess, I haven’t even recovered much from the wounds left over from the last Heavenly Demon Battlefield, and at the moment I’m no match for Leng Tianling.”

Princess Nianzhi said, “It may not be necessary to engage in a battle ah, if you go, maybe Leng Tianling will sell you this face ah.”

“Princess, Leng Tian Ling and I have never been on the same page ah, if I can sell my face, then Princess your face, needless to say, is even greater than mine ah.”

Princess Nianzhi said, "But, Leng Tianling may not give me face ah, I'm a princess, but where so what, he's a high ranking War God just like you, my father has to rely on him ah."

"So, it's a bit difficult to do."

"How did Omi get caught by Leng Tianling?"

"I don't know about that either. Princess, then I'll go back first, and if I really can't think of a way out and the princess asks me to come again, I'll have no choice but to be open-minded."
