"Oh, not just a little."

"There's no need to compliment me, you'd better tell me what's going on."

Omi said, "Senior Demon King, Princess Nianzhi's ability is limited, and she can only save me, but when I was leaving, I suddenly had a change of heart, and thought about how the conflict between us isn't that intense, it's just that they want the Immortal Machine Tumeric Method, and you don't give it to them because you're afraid that they'll silence it, right?"

"Right, otherwise, why would I let myself be imprisoned for so long, the Immortal Machine Spitting Method isn't precious enough to keep me so guarded, it's just that I'm afraid that if I say it, there's no point in existing."

"Senior Demon King."

"Omi, don't call me senior, if you still think highly of me, how about, I'll become a brother with you? Of course, if you don't want to, then forget about it, but your great kindness to me, I have no teeth to forget."

Omi busily said, "Don't ever say that, the one who said the words of great kindness should be me, if it wasn't for you supporting me all the way, although I could have come to the Immortal Realm on my own, but definitely not so fast."

"Then you're willing to be brothers with me?"

"Big brother is on top, please accept brother's worship."

"Good, I'm older than you, so I'll take you as a big brother."

"Big brother." First URL m.kanshu8.net

"Brother."

The two hands clasped together heavily.

Omi said, "Big brother, I'd better talk about important matters first. Today, I made a deal with Leng Tian Ling, we'll reconcile, we'll give him the Immortal Qi Spitting Method, and at the same time, you'll join the Leng family, what do you think?"

"Impossible, I regard the Leng family as enemies, how is that possible."

"Brother, listen to me first, actually the one who arrested you and forced you to ask about the Immortal Spitting Method has nothing to do with Leng Tianling, Leng Tianling only learned about this matter today, this matter was completely done by one of Leng Tianling's sons. So it's not necessary for you to hate Leng Tianling. Moreover, I also told Leng Tianling today that that Immortal Machine Tumeric Method was created by you, and Leng Tianling heard that he was very interested in you and

eagerly wanted to induct you into the Leng family. Furthermore, he was willing to take out a Second Grade Fetal Pill in order to show that he was making amends to you.”

“But despite that, I have only hatred for the Leng Family.”

Omi said, “Big brother, hatred can remain in your heart, besides, with Leng Tianling’s current strength and status, do you think you are capable of taking revenge? Leng Tian Ling is on the same level as the Three-Eyed War God, even I, in the eyes of the Immortal Emperor, won’t be able to reach this height in the future, so it’s pointless for you to hold a grudge against the Leng Family, it’s more correct to join the Leng Family and use their power to help you grow. In the future, when you really grow up, if your strength surpasses Leng Tianling, there’s no harm in settling scores again, or even if you slaughter the culprit, that son of Leng Tianling. It’s too premature to talk about revenge or anything like that now, don’t you think?”

“Brother, you mean for me to join the Leng family.”

“Yes, I see that you are also an orphan, so what’s the harm in becoming a family, with the Leng family’s power, you can certainly go all the way in the future, you can take it as a kind of compensation from the Leng family for all these years of being delayed.”

“Good, I’ll listen to you, I’ve been imprisoned and deserted for so many hours all these years, I must make them compensate.”

“So, join the Leng family, yes, only when you have strength yourself will you have the capital to raise your eyebrows.”

“Fine, but that Immortal Machine Spitting Method, I didn’t create it ah. How could I have that ability to create it.”

/> “That’s right, even I don’t know the origin of that.”

“The Immortal Machine Spitting Method was really something I got by accident.”

“Uh, where did you get it? It’s reasonable to say that you can’t, because it’s something that so many high and mighty immortals can’t get.”

The Nine Dao Demon King said, “It’s true, I accidentally picked up a tile-like object at that time, I thought it was ordinary, but I used my high-intensity Immortal Sense to sweep it, and only then did I discover that this method was engraved inside the tile.”

“That’s right, your Immortal Sense is so strong to find it, others wouldn’t be able to find it even if they picked it up, so you just assume you created it yourself.”

“How can this be good, in case a true creator appears in the future, wouldn’t I have no place to go.”

Omi said, “Big brother is overly worried, if I’m not wrong, the person who created the Immortal Machine Spitting Method should have been an Immortal Pill Master, and must have died, otherwise it couldn’t have been lost, besides, it’s not much of a miracle to create a magic door, and I won’t lie to you, I can say that I created multiple magic doors myself.”

“So ah.”

“Big brother, go boldly on.”

Three days later, Omi brought Li Jiudao with him and returned to the Leng family.

"How was it?" Leng Tian Ling was busy asking, in the past few days, Leng Tian Ling also learned one more thing, Li Jiudao's Immortal Consciousness was very powerful, and in the prison where he had set up a restriction, he could actually contact the Earth Immortal Realm with his Immortal Consciousness. Leng Tian Ling was even more certain that Li Jiudao was a talent, even if Li Jiudao hadn't created the Immortal Machine Spitting Method, he was still a very worthy recruit.

For this reason, Leng Tian Ling gave his untalented third son a good scolding.

Omi said, "My big brother has already agreed."

"Your big brother?"

"We have bonded as brothers of the opposite s*x."

"Very good, hahaha." Leng Tian Ling looked at Li Jiu Dao and said: "Li Jiu Dao, don't worry, from now on, I won't treat you badly, in order to compensate for the loss to you, I will now give you a Grade 2 Fetal Pill, in addition, I will marry my ninth daughter, to you. After saying that, Leng Tian Ling shouted, "Come, call Leng Cui to come."

"Yes." A servant went to call out.

Li Jiudao looked at the fetal pellet and didn't reach out to pick it up.

Omi immediately went to pick it up for him.

Second-grade fetal pellet, Omi was also very gluttonous ah, this was a very rare fetal pellet, even Immortal Emperors were not able to take it just because they wanted to, and it was second-grade, I'm sure Leng Tianling was also very fleshy, this move could also show that Leng Tianling really wanted to recruit Li Jiudao.

"Brother, take it, and don't thank the Tian Ling War God yet."

Li Jiu Dao reluctantly said, "Thank you."

"Oh, Jiu Dao, it will be our own people from now on, I know you still hate me, but the matter of holding you was only known to me three days ago. I hope, we can resolve the hatred." Leng Tian Ling didn't seem to be afraid of Li Jiu Dao going back on his word, or taking revenge in the future or whatever, because, he was confident enough that there weren't many people in the entire Three Realms who could have made it this far, and it was even more impossible to surpass him, so he wasn't afraid at all, this was the bottom line of a truly strong person.

Not long after, a woman came.

Omi took a look, she was quite pretty looking, and was busy winking at Li Jiudao.

That woman was busy saying, "Father, what is it that called me here."
