"Well, theoretically, it's time to fly the coop."

"But alas, I am not so villainous. I thought the Immortal Emperor would definitely come out to stop it, but alas."

"I, Tang, rely on myself without relying on heaven or earth, and whether or not I sleep with the princess today, it has no effect on me."

"Just one thing that I don't understand is why the Immortal Emperor hasn't shown up even though Princess Nianzhi and I are like that, I was just trying it out, but I didn't expect it myself."

"Princess Nianzhi calls the Immortal Emperor's name over and over again, there's no way the Immortal Emperor can't sense it, if it was someone else, you could say that he's being ignored, but Princess Nianzhi is the daughter of the Immortal Emperor. A daughter calling out to him desperately and not even ignoring him?"

"There must be something wrong with this."

Omi entered the house with doubts.

"Tzu-Chen, where have you been?"

"Oh, send Li Jiudao to the Leng family. Alright, it's time for me to go to the Academy of Immortality."

"Do you want me to go with you?"

"No." Remember to read the book in one second

Omi immediately went to the Academy of Immortality, where he met up with Little Fire and instructed them on their cultivation, and there was nothing else. They had to stay at the Immortal Academy for the time being, Omi couldn't take them to the Immortal Realm, and there was nothing for them to do in the Immortal Realm, they were all still relatively weak.

Of course, this time down, Omi didn't forget to bring some pills to aid their cultivation.

After spending seven or eight days at the Academy of Immortals, Omi set off again for the Eastern Sheng Shenzhou.

Omi wanted to go see Mu Qianji.

I don't know where she was hanging out in the Eastern Victory Divine State.

A few days later, Omi arrived at the Eastern Victory Divine State.

Unfortunately, it was such a big place, Omi didn't know where to find Mu Qianyi.

After asking around for a few days without finding out anything about Mu Qianji, Omi had no choice but to stop and return to the Immortal Realm.

A few days after returning to the Immortal Realm, the celebration Ding Cang Dome held for Omi to enter the Wolf Squad arrived.

On this day, high friends were all over the place and many, many people came.

Even Captain Ming Cheng, and Miss Mingyue, and so on and so forth came.

The most incredible thing was that even Princess Nianxie came too.

Omi knew that it was all in his honor.

“Thank you, thank you all very much, but, coming here today, I have something else I want to say.”

Omi wouldn't forget about helping Ding Lan clear his name.

“What is it.”

“As you all know, I married Ding Lan, but everyone thinks that Ding Lan had a child with an ordinary immortal in the Earth Immortal Realm when she was young, so everyone called her a slut, right?”

The crowd didn't say anything, as if they were saying in their hearts that it would have been.

Omi said, “Today, I just want everyone to say that rumors are scary, in fact, Ding Lan has never had a child, back then she picked up a child in the Immortal Academy, she saw the pity and carried it back, but never thought that it would be misunderstood that she had a child with someone. Once the rumor spreads, it simply can't stop. I know that people won't believe me, so I'm going to have someone check today to see if Ding Lan has actually had a child. There is any immortal here who is better at this.”

Suddenly, many male Immortals on the scene raised their hands.

Omi damn it, he really wanted to curse his mother.

Omi looked at one of the women who raised her hand and said, “This senior, can you examine it?”

That female immortal said, “When I was a young child, I was a witch in the Earth Immortal Realm

Medicine, whether or not I've ever had a child, can't hide it from my eyes, and I'm also working in the Heavenly Fertility Shrine now, so what I say is considered to have absolute authority.”

“Good, then I'll take care of it.”

After that, that female immortal took Ding Lan to a hidden place and gave her a checkup.

It wasn't long before she returned.

The crowd asked, “How was it?”

“I can hereby pledge with my life that Tintan has indeed never given birth.”

“Ah, there really hasn't been one.”

"Yes, absolutely not."

"That is, it was really a rumor before."

"Yes."

Everyone was half convinced, but no matter what, at least it slightly cleansed Ding Lan a lot, and everyone looked at Ding Lan with a look that was no longer a slut, but with a look that doubted whether it was a slut or not, at least half cleansed.

After the feast was over, everyone dispersed.

Princess Nian Shi walked to Omi's side.

Princess Nianzhi didn't look good, and Omi could see that she had agreed to be together, so why did she look wrong when she saw her today.

"Omi, find a place where no one is around, let's talk."

"Okay, follow me."

Omi brought Princess Nianzhi to an empty place and set up a restraining order.

"Princess, hehe." Omi wanted to go up and hug her at once.

"Don't move me." The princess said seriously.

"Uh, what's wrong?"

"Omi, it's all a misunderstanding, the reason why my father couldn't sense my call before is because, I'm the only one whose destiny is higher than the Three Realms."

"Ah, no way." Omi was shocked and seemed to understand.

"It wasn't my father who set us up at all, it was all my self-righteousness."

"Oh, is this something the princess regrets?" Omi asked.

"Let's not talk about regrets now, just the day before that time, I went to the Sea of Five Flowers for a day with a hairdresser, Yul Sky, and was reported by a traitor that I had a relationship with him, after that, my father killed Yul Sky and, killed all of Yul's family. My father is scrupulous and doesn't want me to have a relationship with any man, and any man who has a relationship with me will probably be exterminated by my father."

"Ah." Omi's body trembled.

"Why?" Omi was busy asking.

"Because, any man who is with me, or has a relationship with me, will be covered up by my destiny, thus making my father unable to sense him, that's why, that day we were like that, my father couldn't sense me, nor you, because I covered you up. My Father controls the Three Realms, he will not allow anything he cannot control to exist, do you understand?"

"It would be foolish not to understand."

"That's why I came today, I didn't really want to come to your celebration, I just wanted to tell you to stay away from me if you want to live."

Omi smiled bitterly and said, "I've never thought of using your position to help me do anything, on the contrary, I'm more worried about what your father will do to you."

"Don't worry about that for now, I'm his daughter after all." Seeing that Omi actually cared about her instead, Princess Nianzhi was a little gentler towards Omi inside, and when she thought about what happened that day, she was already completely Omi's person, Princess Nianzhi also had a strange feeling inside.

"By the way, Omi, I could have requested for You Sky to prove that the two of us are innocent, only, I prove that I'm still an innocent body, but, it happens to be such a coincidence that I had that with you that day, so, You Sky's family took the blame for you."
