2308

Not long after he left, another man jumped out and stopped Omi.

“Yoho, newcomer, strong enough to lose to you twice in a row, and both are one move.”

Omi said, “Please state your name.”

“My name is Hu Guangrong, and you.”

“I am Omi this chamber is courteous.”

“Hehe, don’t think I’ll do it lightly just because you’re so polite.”The man said.

Omi said, “Are you really so confident?”

“Try it and you’ll see.”

“Come on.”

After saying that, Omi instantly launched his sword, as he didn’t know the other party’s strength, Omi didn’t slow down in the slightest.

Similarly, that Hu Guangrong also cast his spell “Sky Spear”. One Second Remember to Read the Book

Unfortunately, Omi’s sword was too fast, and casting any spell required a little bit of prelude time.

And Omi’s sword came in an instant, without any prelude at all.

“Buzz.”Omi’s sword pointed at Hu Guangrong’s neck.

“Ah, how could it be so fast?”Hu Guangrong was foolish, he felt that his spell Sky Spear was in no way powerful enough for Omi to block, but Omi didn’t give him time to make a move at all.

“Wrong, my sword, it’s too slow for myself, I should be faster.”Omi said unsatisfied.

“Damn, it’s so fast and you still say you’re not satisfied.”Hu Guangrong said with a scowl on his face.

“Oh.”Omi said with an arch of his hand, “I’ll oblige.”

After saying that, Omi continued to walk forward.

If he had the chance, Omi would definitely go find a sword secret known for its speed and incorporate it into his Heavenly Yuan Great Sorrow Sword, which would make him several levels stronger.

However, where to find a sword known for its speed?

Hey, it occurred to Omi that if he ever had the chance to see Princess Nian Tides again, he might be able to plead with her to give him a copy.

Omi came before the fourth person who tested him.

"Kid, it's awesome enough, it seems that I don't have to compete with you." That person said.

"I am Omi, I dare to ask this big brother your name."

"I dare not, I am Ni Brother-in-law."

Omi's eyebrows furrowed, "Your brother-in-law?"

"Yes, Brother Tang, just go to the next one and I won't do anything with you."

"You really don't want to try?"

"Haha, don't try, Hu Guangrong doesn't even have a chance to fight, let alone me, I may not be stronger than Hu Guangrong."

"Then thank you."

"You're very kind."

Omi moved on to the next one.

This was the fifth one.

A woman was blocking the middle of the road in front of Omi.

The woman, who didn't seem to have a weapon, but, looking at her huge body and swollen muscles, she was an expert body trainer, using both fists entirely.

"Omi."

"Hello, you know me."

"I've heard your conversation with Ni's brother-in-law, I'm Fen."

"Hello, Sister Fen."

"No need to call so politely, let's talk after passing my test, if you can't pass my test, I won't let you call me sister."

"Oh, crazy, really crazy." Omi said.

However, Omi was very scrupulous of body refining experts within, and this kind of expert was far more difficult to deal with than spellcasting experts.

Spell-type experts, most of them still needed a little bit of time to launch their spells, while body refining experts were just like weapon-type experts, instantly exploding, exploding

The speed of hair even far surpassed that of weapon experts, and there was an even more terrifying one, body refining experts their flesh was very strong, it was possible that Omi would only injure their skin when he slashed at them with his sword.

However, body refining experts did not become so easily, and after training, their entire body was out of shape, such as this Fen, if she covered her face, no one dared to say that she was a woman, the muscles on her arms were twice as thick as Omi's thighs, because of years of body refining, the height had also changed, this Fen's identity, it was already more than two meters and a half.

Omi looked a bit terrifying, a woman who had trained herself like this.

"Omi, do it, I'll let you make the first move."

"Let me make the first move, could it be that you're also afraid that I won't have a chance to make a move."

"Exactly."

"Then I'm going to be rude." Omi didn't bother to be long-winded.

"Swoosh." Omi killed at once, Omi's sword was naturally not subtle and powerful.

That Fen, both feet bouncing in place, bounced into the sky, and in no time at all, he was far away from Omi's killing range.

"Ah." Omi was busy looking up, but at that moment, another fist of Fen fell from the sky with a speed as fast as a meteor falling.

Omi was unable to defend himself in time and was forced to retreat in place.

"Boom." The ground trembled like a cannonball, and a hundred meter deep sinkhole exploded out of the ground.

Omi felt the ground shake, this kind of strong power was too strong, while the explosive power was even stronger.

Omi really didn't have any confidence at all.

There were splashes of gravel and dirt everywhere.

At this moment, that Fen had also lost sight of him.

Right at this moment, Omi felt a strong muffled air rushing behind him.

Omi wanted to dodge, but, Omi suddenly felt that it was difficult for him to get close to Fen, he had to shed some blood to get closer.

So, Omi didn't dodge and pretended not to notice.

Just as Fen's power was about to reach Omi, Omi turned around violently and killed him with a sword.

"Bang." Omi received a solid punch to the chest, but Omi's sword also pierced into Fen's chest.

Fen's face went white.

Omi pulled out his sword in a panic, but Omi was violently punched with a punch that could knock the ground out of a hundred meter deep hole, the power was visible.

Omi had also stumbled and was a bit unsteady.

Fen said, "I've lost."

Omi shook his head and said, "No, I didn't win either, Fen, you're really strong."

"You also surprised me." Fen said.

"Unfortunately, there's still a sixth test that I'm afraid I won't be able to pass."

Fen said, "No, there isn't a sixth one."

"Ah, why."

"I'm the sixth one, and the fifth one skipped."

"No wonder you're so powerful, so you're the last one, so you're the leader of Team 9 of Wolf Squad?"

"Yes."

"Oh, I'm sorry, I'm offended."

"Omi, welcome to Wolf Team 9." Fen extended her hand and said.

Omi shook her hand, but Fen's hand was so big that it was like shaking hands with a baby, and Omi had no intention of doing so.

At this time, several other people came up, namely Du Fei, Yao Fang, Hu Guangrong, Brother-in-law Ni, and one who was supposed to be the fifth test, because he skipped so Omi didn't know him yet.

That guy introduced himself, "Hello, Omi, my name is Kasoli, welcome, I was supposed to be the fifth to test you, but unfortunately, Fen said that I don't need to test because my spell launching speed is slower than Hu Guangrong, so I will definitely lose."
