

King of kings

But Omi didn't come for nothing, because he found a sword in the Dragon Palace, which was ordinary, but it was by no means comparable to an ordinary stall, and the hardness and all, was several times stronger than the previous demon beast's claws.

"Fine, I'll use this sword for now, and if there's a chance in the future, I'll replace that Dragon Sword." Omi smiled heedlessly.

With that, Omi left the Dragon Palace of the Eastern Sea.

Omi, who rushed out of the sea, did not immediately return to the Immortal Realm.

"I heard from Ao Qiu that the East Sea Dragon Palace isn't far from the Ten Thousand Purple Mountains of the Eastern Victory Divine State, and not long after landing, it's the territory of the Ten Thousand Purple Mountains, see? The last time I came to look for Mu Qianji to the Eastern Sheng Shenzhou, but I didn't go to the Ten Thousand Purple Mountains."

Omi didn't think of that much and immediately leaned towards the east coast.

He soon went ashore.

Not long after getting on shore and continuing forward, he saw a huge, sprawling mountain range in front of him, with a very vast geographical area.

Moreover, within this mountain range, there were many small mountain villages spread out.

"There are even humans living there, isn't the King of Ten Thousand Violet Mountains a Demon Immortal?"

Omi entered that mountain range and stopped at a small village at random, Omi did not dare to go deeper for fear of encroaching on someone else's territory. The first website m.kanshu8.net

The small village where Omi stopped was inhabited entirely by humans, and the humans here lived peacefully and happily, and the environment was super nice, with all sorts of fruits and flowers planted everywhere as far as the eye could see.

"Wow, paradise." Omi's first feeling was that it was a paradise, the doors of every home were open, there were no thieves, and everyone was one with nature.

At this moment, a voice came from behind Omi, "Omi?"

Omi snapped back.

"Ah, Qianji."

Omi was shocked, he just stopped at a random small village in the Ten Thousand Violet Mountains, and as a result, he met up with Mu Qianji.

"Thousand Jedi, why are you here."

"I'm the one asking you, why are you here, shouldn't you be in the Immortal Realm?"

"Yes, I came down this time to look for a weapon and went to the Dragon Palace, and I heard that it's close to the Ten Thousand Purple Mountains, so I came to take a look. By the way, I also came to look for you in the Eastern Sheng Shenzhou a while ago, but unfortunately I didn't find you."

"How could you find me so easily."

Omi fiercely hugged Mu Qianji.

"Thousand Jie, how are you now?"

"Don't worry, I'm doing fine."

"What are you doing here by yourself."

"I'm really tired of staying in the Immortal Academy, I feel that the Immortal Academy isn't suitable for me, so I came here. After I came here, I heard that the Ten Thousand Violet Mountain King is very powerful and many people want to enter the Ten Thousand Violet Mountain Grotto Cave, and what's more, they might even become the inherited disciple of the Ten Thousand Violet King and get all kinds of resources from the Ten Thousand Violet Mountain, so I came here."

"What is the Grotto Cave?"

"That's a cave opened by the Ten Thousand Purple King himself, and in layman's terms, it's the talent pool center of the Ten Thousand Purple Mountain."

"Understood." Omi's current Sky Wolf Battle Team was no less than the talent reserve center of the Immortal Court.

"Then have you entered the Cave of Stones now?"

Mu Qianji said, "I've already passed the first assessment, and I was the first in the first assessment, I think it's very capable to enter the grotto, although, not everyone can enter every assessment, on average, only one or two people managed to enter in dozens of assessments."

"Uh-huh, Xi.

Hopefully you can enter the grotto cave and be able to get personal guidance from the Ten Thousand Violet King, this is much better than the Immortal Heavenly Wolf Battle Team, where does anyone personally guide the Heavenly Wolf Battle Team, they only know that everyone does missions monthly."

Mu Qianji said, "You also know about the Sky Wolf Battle Team ah, I heard from the people here that the Sky Wolf Battle Team is also similar to our Grotto Cave. It's just that the Celestial Wolf Warband is a cut below the Grotto Cave of the Ten Thousand Violet Mountain."

"Haha, a fraction worse." Omi laughed.

"Everyone here thinks so ah, and I heard that the Ten Thousand Violet Great Sage sneers at the Heavenly Wolf Battle Team."

Omi laughed, "That's right, with the pride of the Ten Thousand Violet Great Sage, the Immortal Court didn't even put it in their eyes, let alone the Sky Wolf Battle Team."

"You."

"That's right, I'm now a member of the Skywolf Battle Team."

"Ah, you entered the Sky Wolf Battle Team?" Mu Qianji was pleasantly surprised, although she said on her lips that the Heavenly Wolf Battle Team was inferior to the Grotto, she also knew that the Heavenly Wolf Battle Team wasn't so easy to enter, after all, it was the talent reserve center of the Immortal Court."

Omi smiled, "I've just entered the Skywolf Battle Team, and I'm still among the worse in the Skywolf Battle Team."

"It's fine, I'm sure you'll be strong now."

"Thousand Extremes, do you live in this small village?"

"Yeah, come on, let's take you to where I live."

"Uh-huh."

"By the way, when you meet someone later, don't tell them you're from Fairy Court."

"Why?"

"The Ten Thousand Violet Great Sage once said that anyone who saw a dog of the Immortal Court would be blown out."

"Holy Sh*t, my hall."

"Shh."

"It's actually turned into a dog." Omi laughed wordlessly.

He arrived at a home in a small village.

"Miss Mu, you're back,"

"Lady Rao, this is my man, Zhou Mi." Mu Qianji introduced, the reason why he didn't say his real name was that there was no need to make it so clear, and he was also afraid of any future trouble in case there was any.

"Oh, this is the man you always talk about ah, it really is a talent."

"Hello, Onii-san." Omi was busy greeting.

"You're not welcome, you immortals, you all have longer lifespans and are older than me, it's reasonable to say that I'm your junior, so why are you so polite. Miss Mu, you guys make yourselves at home, I'm going out."

"Onii-sama be careful."

Omi entered the house.

Mu Qianji said, "Dame Lao is an ordinary commoner, and was born without cultivating anything, even if she has a little bit of realm now, that is not cultivated, but naturally there, after all, this is the immortal world, often breathe immortal qi, and then the food that she eats for years and years has some spirituality, after a long time, without cultivating, she will spontaneously grow several realms."

"En, understand."

That Lady Lao was probably at the Spiritual Harmony Realm.

Being born in the Immortal Realm is happiness, you don't have to do anything to become a Spiritual Harmony Realm Immortal, but in the Immortal Realm Immortals are too weak, becoming an Immortal is what everyone dreams of.

That Lady Lao was already over 7,000 years old, in another 2,000 years, she would definitely die, after all, the life span of immortal cultivators was limited to 10,000 years.

The reason why it's ten thousand years is still because this is the Immortal World, if it's the Spiritual World, it would be good to be three thousand years old.

"Omi, sit down." Mu Qianzhi greeted.

"Thousand years, there's no need to be polite, I'm not a guest."
