

King of kings

Chapter 2316

"Since you're not a guest, just order whatever you want, Auntie Lao's family is fine."

Mu Qianji washed a fruit for Omi.

Omi smiled, "There's so much fruit here, it's all over the mountain."

"Of course it is, within the Three Realms, this is the place with the most fruit, you have everything you want."

"Why is there so much fruit?"

"I'm not sure about that, anyway, our Ten Thousand Purple Great Sage, he loves to eat fruits, and this place is close to the East Sea, no matter if it's humid or seasonal climate or whatever, it's perfect for growing fruit trees, even those that like cold and shade, there are fruit trees here, because some parts of the Ten Thousand Purple Mountain are very cold and shady."

"No wonder."

"The people here also live in peace, everyone worships the Ten Thousand Violet Great Sage and is proud of him, and the Ten Thousand Violet Great Sage often sends his people down the mountain to help the people. The people here also aim to be able to become the Guardian of the Ten Thousand Violet Mountains."

The Guardian of the Ten Thousand Violet Mountains was the equivalent of a Heavenly Soldier, right?

"By the way, what kind of Demon Immortal is the Ten Thousand Violet Great Sage?" Don Omi asked.

"A favorite fruit eater, don't you think?" Remember the URL .kanshu8.net

"Oh!"

Mu Qianji said, "Omi, since you're down here, stay here for a few years, or, simply don't leave."

"How can I do that, after all, I'm a member of the Heavenly Wolf Battle Team, switching to this place is impossible, and the Ten Thousand Violet Great Sage definitely doesn't welcome me as a dog of the Immortal Court, haha."

"Then live for a few years, we haven't been together for a long time." Mu Qianji said aggrievedly.

Omi hugged her, it's also true that the two places have been separated for a long time ah, fortunately they are all immortals and can discard distractions, if they are mortals who eat grains, how can they stand the loneliness.

"Then I'll stay with you for twenty days."

"Ah, it's only twenty days."

"Thousands of days, I'm in the Skywolf Battle Team now, I have to complete the hunting mission ah every month, I have to go back when the time comes. But don't worry, I'll have plenty of free time from now on, I'll come to you every now and then."

"Well, after all, we're all cultivators, we shouldn't spend too much time on men and women."

Omi smiled hehehe, "These next twenty days, you should also relax and unwind, just think of it as a honeymoon."

"Mmhhh, it's really hard to enjoy the world for two for once."

"Haha." Omi smiled ashamedly, but unfortunately, Omi couldn't give her the promise of a forever world for two.

After an unknown number of minutes, the two who were still joking and laughing, suddenly their bodies caught fire like, precisely like their clothes were on fire, both of them desperately tore and threw away.

I don't know how many hours of this battle, but when they came to their senses, they heard someone outside shouting, "Sister Mu."

By the sound of the voice it was a man.

"Who is it?" Omi asked.

"Oh, it's Auntie Lao's son, Lao Xiaojun, this boy has a good talent for cultivation, I happen to be staying at his house, I'll guide him when I have time."

"Oh." Omi didn't ask any more questions.

"Let's go out."

After walking out of the room, I did see a little boy, with a very low realm, around the Mahayana stage.

"Sister Mu, he is?"

"Xiao Jun, he's your brother-in-law."

"You're Mu Sister's man."

"Mm." Omi nodded.

"Little Jun pays his respects to brother-in-law."

"You're welcome."

Mu Qianji asked, "Lao Xiaojun, what are you looking for me for?"

"Sister Mu, I'm stuck in my cultivation again, can you help me?"

After that, after Mu Qianji instructed him, that Lao Xiaojun went back to his cultivation.

Omi and Mu Qianji, entwined in the Ten Thousand Violet Mountain for twenty days.

The time of loving kindness was always short, and after twenty days, Omi had to leave.

Mu Qianji sent Omi away with tears in her eyes, seemingly unable to forget these twenty sweet days.

“Qianji, come on, you’ll make it.”

“Mmhmm, you too, work hard.”

“I will, one day, I will definitely create something for you, a world of our own, from now on, we will never part.” Omi shouted in the sky.

Mu Qianji waved his hand on the ground with difficulty.

Omi flew off into the sky, Omi was also very reluctant to let go inside, he really wanted to be sweet like this forever, but the reality was that there was still a lot he had to do. It wasn’t so easy to get ahead here.

Omi returned to the Immortal Realm, and there were still four or five days until the next month’s mission.

Omi returned early as well.

Omi went back to Ding’s Immortal Mansion for a night, no matter what, he had worshipped with Ding Lan as well, so he couldn’t snub people.

It’s really a lot of love and tired beauty.

Omi took the opportunity to go to Leng Tianling’s residence to find out, the Nine Dao Demon King has successfully become a Pre-Xuan Immortal after taking that Second Grade Birth Pill, and has already entered the Taikoo World to assess Tian Lang.

Whether or not he could succeed in the assessment, perhaps he would be able to find out the result in another hundred thousand years, or even tens of thousands of years.

The Cheng Yu who had been assessed with Omi hadn’t come out yet either.

After staying at home for the night, Omi went to pay a visit to Princess Nianzhi the next day, but unfortunately, now that Princess Nianzhi wasn’t so easy to see, Omi could only go to the Three-Eyed War God for help in informing him.

“I’m sorry, Omi, but I can’t keep running off to find Princess Niancius.” The Three-Eyed War God refused at once.

“Why?”

“You don’t need to know that, alright, you’ve found your sword too, hurry back to the Wolf World, and don’t move if you can’t get away with anything after that.”

“Alright.”

Omi had no choice but to return to the Sky Wolf World and prepare for this month’s hunting mission.

The Three-Eyed War God didn't dare to move to find Princess Nennius, but he was actually afraid that the Immortal Emperor would suspect him, and if the Immortal Emperor suspected that he was having an affair with Princess Nennius, then what would happen to You Sky would be his downfall.

"Team Leader Tang, you're back."

"Team Leader Tang, when are we going on this month's hunting mission, ah."

The five people from Team 9 were busy greeting Omi.

Omi said, "We'll go tomorrow to finish this month's mission."

"Good, listen to the team leader, this time, even if I die, I won't run away by myself.

"Me too." Everyone swore.

Omi said, "Don't worry guys, no matter what, I won't let my group members die in the hunting mission."

The next morning, Omi set off with his five group members.

This time, Omi possessed a better sword and his strength definitely rose.

Omi asked, "This month, we killed the same demon beasts from last month, right?"

"No, every month's demon beasts are different ah, the last one had thick skin, hopefully this month's demon beasts won't be so hard to deal with."

Omi was startled, the demon beasts were actually different every month, how many kinds of demon beasts must there be in this Wolf World.
