

King of kings

2322

Cheng Yu walked out.

After Cheng Yu arrived not far away, a woman dressed as a servant was busy calling out, "Princess."

"Shh, keep your voice down, you want everyone to know who I am."

"Oh."

Only after coming a long way away did that servant say, "Princess."

"What is it."

"A few days ago, your grandfather officially notified the public that he was choosing a son-in-law for you, and announced that the dowry was that Dragon Sword. Now, many, many people have already come to sign up, even the Immortal Emperor's ninth son Nian Qing has signed up."

Cheng Yu sighed, "After all, there's no avoiding it."

"Princess, I think, you will be able to find a man you like, so many men have signed up, I don't believe there is not a single one that you like."

"What do you know."

"Princess, isn't it true that there isn't a man you like?" Remember the URL .kanshu8.net

"This." Cheng Yu suddenly thought of someone, that handsome and powerful, with great sword skills, but unfortunately, that person already had a family again.

"Ugh, so what if there's someone you like, people don't like me."

"Princess, who is it?"

"Don't pry, you think I don't know that you can't keep a secret with that mouth of yours. I'm asking you, I entered the Wolf Squad under the false identity of 'Cheng Yu', did you tell my grandfather about this?"

"I, I was forced to do so." That servant pouted his mouth in aggravation.

That's right, this Cheng Yu, the beautiful woman who was previously appraised with Omi in the Sky Wolf World, her true identity was, the granddaughter of the King of the Dragon Clan of the Eastern Sea, Ao Scuttlebutt. This time, the sensation of the three worlds, the heroine of the King of the Dragon Clan's selection of his granddaughter and son-in-law, was her.

Omi didn't sign up, but Ming Cheng had secretly signed up for him.

At this time, that maid took out a thick roster and said, "Princess, I have given you a copy of the list of everyone who has registered, you."

"Not interested, what a shame, I obviously never agreed to marry anyone, why does everyone at the Dragon Palace say that I'm the one who wanted to marry someone."

"Princess, it was your grandfather who drunkenly said something nonsense, as a result, it got out and everyone said that you yourself wanted to get married."

"It's so annoying, it's partial that my identity, Cheng Yu, is known again, should I go to another place and find another identity to hide" Although Cheng Yu said this, but in her heart, she didn't want to, because, she didn't want to leave the ninth group of the Sky Wolf Battle Team, this place, there was a person that she didn't want to leave, she also wanted to go with him to hunt demon beasts.

"Princess, you'd better take a look at the list." That maid said.

Cheng Yu looked at the thick roster and said, "All of them are some people I don't like, what do I seem to be doing."

"Princess, that's not necessarily the case, what if there are people in here that you like and are interested in. By the way, all kinds of genius dudes and genius war gods in the Immortal Realm have signed up, even the top ten geniuses in the Immortal Realm have signed up."

"Not interested."

"Princess, just take a look, a woman will always marry anyway, can't hide from this."

Cheng Yu had to be bored and picked it up and flipped through it.

Jumping and flipping through the pages a good three times, he reached the last few pages.

"Princess, where can you look at it like this,."

"Don't want to." Cheng Yu hadn't finished his sentence, but suddenly, in the last few pages, he saw a familiar name.

"Omi?"

Cheng Yu was startled inside.

"This Omi, is it the Omi I know?"

Cheng Yu immediately looked at Omi's registration profile: a member of the Sky Wolf Battle Team, under a thousand years old, with a realm of Pre-Xuan Xian.

"Ah, it's really him." Suddenly, Cheng Yu was so excited that he was going to jump up, no, so happy that he was going to cry.

"Princess, what's wrong with you?" That maid was shocked.

"It's nothing, ahhh, I'm so happy, Chun Xing, thank you, hahaha." Cheng Yu laughed happily, and kissed the maid a few times.

"Ah, the princess is crazy?" That servant looked puzzled.

Inside, Cheng Yu said, "Omi, I never thought that you would sign up, hehe."

Cheng Yu had liked Omi back when he was in the Wolf World.

However, Omi didn't know about Cheng Yu's true identity, and after leaving Wolf World, Omi didn't verify if there was such a person.

Omi would never have thought that Cheng Yu was the granddaughter of the King of the Dragon Clan, Ao Scullery, in disguise.

"Ahhhh, I'm so happy." Cheng Yu shouted out loudly.

"Princess."

"Alright, Chun Xing, you go back first, tell my grandfather, just tell him I'm fine, do not forget, about what he said about getting married, hehe, when will you officially recruit a bride, inform him, I will definitely go back on time."

"But you've just been."

"Don't ask so much for so long." Cheng Yu walked away, heading to the Sky Wolf World, and said in her heart, "I don't know if Omi has gone back yet, hehehehe."

Maybe she was proud of herself inside.

Of course, the secret of her true identity, she wouldn't tell Omi in advance, until the time of the marriage recruitment, she wanted to give Omi a surprise.

At this moment, Cheng Yu felt that the whole world was so beautiful.

At this moment, Omi was still at Ming Yue's house.

This guy, he's still got one in his arms.

I really don't know why this guy's emotional line is so developed, maybe it's really like he said himself, bring acid, he's only disfigured so he won't have any emotional worries.

"Akatsuki."

"Uh-huh."

"Are we going out? Don't keep your brother waiting."

"Give him another hug."

"It's been hours."

"Don't, who knows if the next time you call me, it'll be another hundred thousand years."

"No, don't worry, I'll always come to your brother for a drink."

"Well, don't lie to me."

“Sure.”

“Then one more hour of cuddling and we’ll go out.”

“Khan, aren’t you tired of hugging?”

“Not tired, not for the rest of my life.”

“Oh, what a bummer.”

An hour passed again.

Outside the main gate, Ming Cheng squatted at the door with a bitter look on his face, saying in his heart, “These two guys, do they really think I’m the gatekeeper? It’s been many hours, and they still haven’t come out.”

Ming Cheng was depressed, Omi was having an affair with his sister, he was helping them to watch the door, and it was just a few hours, if this came often, he wouldn’t collapse.

Now, Ming Cheng regretted helping Omi sign up, if he had known that Omi was having an affair with his sister, he wouldn’t have helped Omi sign up.

Just at this moment, Ming Yue’s voice came from inside: “Brother, you can come in now.”

Ming Cheng went into the courtyard and looked at Omi and Ming Yue with a dark face.

Omi smiled heavily and said, “Brother, it’s been hard for you, right, no one suspects it.”

“You two bastards, why did you make me guard at the door for so long.”

“Big brother, you know, certain aspects are stronger. It would have been nice if I was like some people and it was only a few seconds, so you wouldn’t have had to hold the door so long.”

“Bullsh*t.”

Ming Yue blushed and gave Omi a glance and said, “Brother, you guys talk, I’m leaving first.”
