Omi returned to the World of Wolves.

The mood was good.

"Omi." Cheng Yu, who had been waiting for a long time, suddenly sprang out of the corner and shouted from his mouth, frightening Omi into a violent turn.

"Cheng Yu, what are you doing, you're so old, and you're still playing children's games." Omi was depressed.

"Hehe, you're back."

"Yeah, what are you doing?"

"Hehehe, nothing doing." Cheng Yu looked at Omi with a smiling face.

"Nerves."

"Heehee."

"Khan, really nervous?" Omi rolled his eyes, wondering if Cheng Yu was suddenly sick and strange.

Omi didn't know to death that the person in front of him was the granddaughter of the East Sea Dragon Clan. A second to remember to read the book

Cheng Yu asked, "Omi, what have you been doing these days?"

"Nothing much, just a trip home," Don Omi said.

"Is that all?"

"Or else what."

"Did you know that the granddaughter of the King of the East Sea Dragons is recruiting?"

"Uh, you knew that too?"

"Of course, it's the hottest topic in the entire Immortal World right now. Honestly, have you gone to sign up, do you want that Dragon Gnosis Sword too? However, it's normal for you to want that sword, after all, you are the sword master, if you have that divine weapon, you will be instantly powerful."

Omi said, "You're overthinking it, I didn't sign up for it."

"Er, you didn't sign up?"

"Of course not, I already have a wife, how could I sign up again."

"Ah, no."Naru muttered.

"Hey, what are you muttering about."

"Nothing."

Cheng Yu said inwardly, "Hmph, must be embarrassed, don't dare to admit it, it doesn't matter, anyway, the result of the final candidate has been internally decided in my heart, hehehe."

Cheng Yu looked at Omi, his eyes filled with tenderness and honey.

Omi got goosebumps, said he was bored, and hurriedly left.

The next day, Omi went on to complete this month's hunting mission.

"Is everyone here yet?"Don shouted.

"They're all here."The Nine Daoist Demon King said.

Now the Nine Daoist Demon Kings were all hanging out with Omi, and although they were in the same realm, pre-Xuanxian, Omi was much stronger than the Nine Daoist Demon Kings.Of course, despite as, the Nine Dao Demon King was also the second strongest of their nine groups, and the third ranked was Cheng Yu.The remaining five, Du Fei, Yao Fang, Brother-in-law Ni, Hu Guangrong, and Kasoli, were all of equal strength.If the five of them were strong, they would have already been poached by the other eight groups, and it was because they were too bad that they had been unwanted and remained in Group 9.

Omi said, "Let's go, finish this month's mission."

The eight of them, once again, entered the forest.

This time, the demon beast was an earth ape with a golden body.

In total, there were sixteen of them, twice as many as their number.

"Kill."Omi rushed straight up, not having any kind of scatter attack strategy like before.

The Nine Dao Demon King said, "Omi, let's continue working together, I'll attack with my mind."

"Good."

"Puff, puff."

Three minutes later, Omi had killed fourteen demonic beasts.

&n

bsp;There were still two left, one of which was left for those five very weak team members, and one for Cheng Yu, who couldn't be left without something to do.

And Omi and the Nine Dao Demon King, sat down and drank on the side.

The Nine Dao Demon King said, "It's too easy for the two of us to practice our hands."

"Oh, your Immortal Sense is strong, there are hardly any demonic beasts that are not attacked by your thoughts, while I am strong in combat, we join hands, indeed, it's too easy."

"My main focus in the future will still be on intent, you can take better care of me."The Nine Dao Demon King smiled.

"Of course, we are brothers."

The Nine Dao Demon King's combat strength certainly couldn't compare to Omi's, no matter if he practiced spells or anything else, it was very ordinary, but he had a strong intent and wasn't weak when he worked with it.

A few years ago, when the Nine Dao Demon King first joined the Wolf Team, Omi suggested that he should give up everything else and specialize in one area, perhaps achieving more.

Thus, there was this situation today.

With the two of them cooperating with each other, not to mention these demons, even if they were ten times more, they would be easily crushed.

Soon, Cheng Yu killed the one demon beast she had.

"Phew."Cheng Yu tiredly ran over.

"You two, drinking while watching me get tired over there, it's so inhumane."Cheng Yu said.

Omi said, "The two of us have already taken care of fourteen demon beasts, of course we have to leave one for you and one for each of the five of them, otherwise you guys would just come along for a spin every month ah, how could it be so easy."

Cheng Yu said, "You two, it's simply a match made in heaven.With the two of you working together, your strength has increased by more than a hundred times.These demonic beasts are only three times as strong as you are, where are they your opponents."

"Hehe."The two of them and the Demon King laughed at each other, they could say that no one could be without each other, especially the Demon King, he would be attacking ideas in the future, and the spell aspect would get worse and worse, so he had to rely on Omi for protection.And if Omi didn't have the Devil King to assist him, he was originally more or less strong.

At this moment, in the distance, five other people, Du Fei, Yao Fang, Brother-in-law Ni, Hu Guangrong, Kasoli, they were working together to kill a demon beast.

Cheng Yu said, "Do you want me to go up and help?"

"No, everyone needs to grow, and so do they, I've given them each directions and pointers on how they should become stronger going forward.The five of them are on their way up, too, and they're already a lot stronger than when I first met them.Back then, the five of them, plus a team leader, Fen, could only round up and kill one demon beast, and they didn't need Fen to do it."

"Well, the five of them have really improved a lot and worked hard, Omi, it's all thanks to you, they are very grateful to you inside."

"Oh, we're all brothers."

Cheng Yu asked, "What about me?"

"You're also a brother."

Cheng Yu's eyes brightly smiled, "Just a brother?"

"Or what."

"Hehehe." Cheng Yu said in his heart, "You'll know later."

After a few more minutes, those five people also practiced killing the demon beast with their hands.

"Haha, it's dead." The five people came running to Omi.

Omi said, "Not bad, this time you killed the demon beast in less than ten minutes, there's progress."

"Thank you, Omi, if it wasn't for you showing us the way on our lost path, we would definitely still be chased by demon beasts like we were in the beginning, let alone the five of us working together to kill a demon beast many times stronger than us."

"Alright, let's cut the crap when I'm a brother, this month's mission is complete, go back to your training."
