Charging forward a few dozen meters, Omi saw at a glance, twenty steel giant-like demonic beasts, muscular to the extreme.

“Roar.” Suddenly, one of them pounced on Omi.

Omi, however, waved his sword in his hand, completely unable to see how it was shot, and in the blink of an eye, the demon beast’s head flew down.

Although Omi didn’t die completely with one sword, it was still an easy kill for such a strong demon beast.

Over the next few minutes, a huge head rolled to the ground.

In less than a minute, Omi had killed the last of the demonic beasts.

The rest of them, who were now struggling to deal with the attacks of the twenty demon beasts, could no longer think of killing them, and only hoped, that they would be able to stay alive for three minutes.

However, among the remaining six people, there were actually two of them who had also killed several of the last batch of demon beasts.

It could be seen that these two people were also extremely powerful.

At the end of three minutes, all six of them were still alive, but only one of them, Omi, had killed twenty of the last batch, and the rest, one had killed five, one had killed four, and the rest no one had killed any more.

“Congratulations, you six, you become the only six people alive after one hour, now, come out through the Illusionary Gate.” The voice of the Three-Eyed War God rang out. Remember the URL . kanshu8 . net

Omi was the first to walk out through the door of the Illusory Realm.

As soon as he walked out, a cheer came from outside.

After Omi, five more people came out separately.

Omi looked at the five people who came out behind him, and one of them was the Nine Daoist Demon King.

“Big brother Demon King.”

“Hehe, Omi, how are you?” The Nine Daoist Demon King smiled, and it looked like the Nine Daoist Demon King was satisfied with his performance.

Omi didn't think that the Nine Dao Demon King was so strong.

Right now in the crowd, a woman was looking at the Nine Dao Demon King with eyes full of love, that was, the Nine Dao Demon King had just married Leng Tian Ling's daughter, Leng Cui. Previously, Leng Cui did not like Li Jiu Dao, and was not willing to marry Li Jiu Dao, unless, Li Jiu Dao could enter the Sky Wolf Battle Team, but now, Li Jiu Dao not only entered the Sky Wolf Battle Team, but also became the person who survived to the end of the Sky Wolf Battle God competition, just now, Li Jiu Dao's performance in the Illusory Realm, Leng Cui and her father Leng Tian Ling both saw, they were very satisfied. Especially Leng Tianling was secretly happy inside, not expecting to pick up a big advantage and unintentionally recruit such an outstanding son-in-law to the door.

Omi said, "I'm good, the demon beasts I've killed should be number one."

"Wow, so confident." The Nine Dao Demon King smiled and said, "In fact, I also feel, inside, confident of being number one."

"Ew, you're so confident too." Omi smiled heedlessly.

"Hahaha, honestly, how many demon beasts have you killed?" Li Jiudao asked.

Just then, the Three-Eyed War God shouted, "What are you six still standing around for, don't come up yet."

The six of you went up and lined up.

None of them knew how many others had killed, except for Omi, they were all nervous.

The Three-Eyed War God shouted, "Below, I'll announce the results of the six of you, the one who killed the most number of demon beasts is Omi, who killed a total of 400 demon beasts."

"What, 400." The five of you, including the Demon King, were shocked.

"Isn't that a total kill?"

"Right, Omi, twenty batches of demon beasts, twenty in each batch, kill them all."

"The second in number of demon beasts killed, is Li Jiudao, killed 270 in total."

The rest of them were a bit nervous and disappointed, but not very shocked, after all, their number was not very different from 270 either.

"The third in the number of demon beasts killed, is Zhu Yufang, 268. The above three are invited to step out, the rest of you stand down."

The other three were very lost.

Omi, Li Jiudao, and Zhu Yufang, the three of them stood there.

The Three-Eyed War God asked, "According to reason, you three, are the top three respectively, but, in order to convince everyone, so, I'll give you a chance, you three, challenge each other, if you can win over others, then you can replace each other's number. For example, if Zhu Yufang defeats Omi, then the 400 that Omi killed will be counted on Zhu Yufang's head. Understood?"

The Nine Dao Demon King burst out laughing, "I wouldn't have to compete with Omi."

“Why?”

Everyone agreed that the Nine Dao Demon King was too unambitious.

However, the Nine Dao Demon King said, “Because, I can’t even block one move from Omi, do I still need to compete with him?”

That Zhu Yufang snorted, “Defeated before a battle, no good, I don’t believe that everyone is pre-Xuan Xian, how strong can he be.”

That Zhu Yufang, had to be compared to Omi, Zhu Yufang was a woman, ugly looking and poorly built.

Omi said, “Come on, if you beat me, you’re the one who kills the 400 Zhang Demon Beast.”

Li Jiudao on the other side said in his heart: “What a search for abuse.”

“Drink.” Suddenly, Zhu Yufang made her move, she used a spell.

Zhu Yufang was also its genius, her profound spells were more than five, and each of them was practiced to the highest profound kind.

Zhu Yufang suddenly disappeared in front of Omi.

At this moment, Zhu Yufang was casting an invisibility spell.

After being invisible, Zhu Yufang attacked Omi from the side.

Omi did not move, although Omi did not know where Zhu Yufang was invisible, no matter how invisible she was, she would definitely be discovered by Omi if she attacked Omi, Omi’s Shadowless Sword was so incredibly fast that even though Zhu Yufang’s attack was already under Omi’s nose, Omi was still capable of striking to restrain her.

Sure enough, in the next second, Omi sensed a sharp aura coming from the side.

Omi instantly raised his sword.

“Swoosh.” With one cut, the invisible Zhu Yufang, whose chest was sliced open by Omi, seemed to be about to fall off.

“Ah.” Zhu Yufang screamed, panicked and closed her hand, hurriedly covering her clothes to prevent them from falling off, or else she would be seen naked in full view of the public.

And Omi didn’t even look at it, his sword was already pointed at Zhu Yufang’s neck.

Omi didn’t mean to cut her clothes, who made her invisible, how did Omi know that it was so coincidental to cut her clothes.

“You lose, Zhu Yufang, it seems that you can’t take my 400 figures.”

“Hmph.” Zhu Yufang’s face was bad.

The Nine Dao Demon King laughed, “I told you, even I can’t stop him from one move, let alone you.”

Zhu Yufang looked angrily at the Nine Daoist Demon King and said, "What do you mean, I'm not as good as you? Fine, I don't believe that I can't beat you."

The Nine Dao Demon King waved his hand and said, "I'll accompany you."

After Zhu Yufang tidied up her clothes, she fought with Li Jiudao again.

However, the two of them were very close, the Nine Dao Demon King's Immortal Consciousness was powerful, and his consciousness attack collapsed Zhu Yufang, but of course, Zhu Yufang's spells were powerful, and the Nine Dao Demon King was screaming.

In the end, the two fought for a long time without a winner.

The Three-Eyed War God shouted, "Alright, stop fighting, your strengths are very close, and there's no time for you to be separated now. However, all in all, if we continue, Li Jiudao has a greater chance of winning, and Li Jiudao has more plasticity in the future, so Li Jiudao comes second, and Zhu Yufang comes third."

Zhu Yufang huffed, but didn't argue, perhaps she was convinced.
