Princess Nianxie took a few steps back.

Omi smiled, "Isn't it safe here too?"

Princess Nianzhi blushed a bit and said, "This is my private mountain resort and with my private shield, my father can't sense this place."

"Then it's safe." Omi rubbed his hands with a heated smile, Nianxie was a little afraid when she saw Omi's unkind smile inside, but, deep down, she seemed to have a little bit of anticipation.

Omi asked, "By the way, your destiny is higher than the three realms, the Immortal Emperor can't sense you, so can I, the Immortal Emperor, sense that I am with you at this moment?" Omi was wary of the question, all things considered better to be careful.

Princess Nian Shi said, "Of course you can sense it, within the three realms, I'm the only one whose destiny is higher than the three realms. However, you don't have to worry, as long as you stay with me, my destiny will be able to hide your scent, and my father will not be able to sense you, of course, if you leave me, such as if you go home, my father will immediately be able to sense you, but what you have done with me, my father does not know."

"Understood."

"The reason my father doesn't want me to find a mate is because anyone who lives with me can't sense what he's done as long as they live with me."

Omi stepped up and hugged the princess, and Princess Nianzhi's body trembled, a little unnaturally, and tried to back away, but Omi wouldn't let her get away.

"Don't do that." Princess Nian Tides.

"I'm partial to this, you're already my person." First URL m . kanshu8.net

"You."

Omi couldn't resist the impulse to kiss Princess Nianzhi all at once.

There was no need to elaborate on what happened after that.

Until a few whispers later.

Omi and Princess Nianxie lay on the ground tired, breathing heavily.

Princess Nianxie's mind was still replaying everything that had just happened, and it was somewhat unbelievable.

Omi took out a fetal pellet and said, "Nianxie, I gave this to you."

"Ah, you just obtained it today and you're giving it to me?"

"Right."

"Why did you give it to me, you should know how precious she is."

"As precious as the fetal pills are, you're not as precious as you are."

"Nonsense." Princess Nianzhi blushed, but, inside, she was quite happy.

"Take it, and you once gave me a Grade 2 Fetal Pill as well."

"Omi, thank you for having this, I accept your kindness, I don't need a fetal pellet right now, and as you know, I'm the daughter of an Immortal Emperor, I need a fetal pellet more easily than you do."

"But."

"Don't but, and I'll give you another pill, this pill is called Tian Nian Shan, if you take the Fetal Pill and then take the Tian Nian Shan, then one hundred percent can break through, it doesn't matter if you take two pills in a row."

"Eww."

Saying that, Princess Nianxiao gave Omi a Tian Nian Shan pill.

Omi was really embarrassed, but instead, he accepted another pill from someone.

"Take it ah, you should hurry back now, although the Immortal Emperor doesn't know I'm here, but it's hard to avoid the unexpected, hurry away from the back door."

Omi reluctantly said, "Then when can I see you next?"

"I don't know." Princess Nenshi said shaking her head.

"Then when I miss you later, I'll come to you."

"Never, don't take your own life."

"Alright, I'll leave first."

Omi hurriedly left.

Omi returned to the Ding family.

Ding Lan and Tang Huan were both waiting for Omi.

Omi didn't go to anyone's place, Omi just closed the door.

Omi took two fetal pills in succession and then took the Heavenly Nostalgia Pill.

Just like that, ten days later.

Omi's realm grew from the early stage of Xuanxian to the middle stage of Taixian.

"Yay." Omi was so excited that he raced through four realms in one go.

Above Tai Xian, there was the Golden Immortal, then the Great Luo Golden Immortal, and then the Divine Immortal level.

Omi felt like he was standing so high without even realizing it.

There was a feeling of being in a high altitude.

Omi walked out of the secret room.

"How was it?" Tang Huan and Ding Lan happened to be outside.

Omi smiled, "I'm already in the middle stage of Tai Xian."

"Wow."

"Hehe."

Ding Lan wondered, "But how can you possibly rise four levels in a row?"

"After I met Princess Nianzhi, she didn't take my Fetal Pill, but instead gifted me with a Heavenly Nostalgia Pill."

"Ah, the Heavenly Nostalgia Pill, that's the best pill to assist the Fetal Pill, if you have the Heavenly Nostalgia Pill to assist, the success rate is 100%."

"Yes, so, I'm rising four levels in a row."

"Omi, congratulations."

"Thank you, it's just that it's a shame that I didn't give you a single pill."

"There's nothing to be ashamed of, besides, even if I had given it to me, I'm sure my father would have asked for it from me and given it to my big brother." Ding Lan Dao.

Omi nodded his head.

Ding Lan said, "Now that you're out of the border, go to my father's place, he'll let you go there after you're out of the border."

"Understood."

Ding Lan instructed, "Speak well with my father ah."

"Don't worry."

Omi arrived at the place where Ding Cang Dao lived.

At this moment, in Ding CangDong's study, a young man pleaded, "Dad, just go beg brother-in-law to let me have the one he took himself first."

Ding Cang Gong sighed, "How is that possible, that fetus pellet, he earned it with his own hard work ah, one of them was given to Princess Nian Shi, how is he willing to give you the one he took himself."

"Dad, you go beg, Omi is such a genius, he will definitely still have a chance to get the Fetal Pill in the future, and I, if I don't get the Fetal Pill and ascend to the Great Luo Golden Immortal, then the Immortal Emperor's approval order will expire ah, once it expires, even if I get the Fetal Pill, I won't be able to ascend to the Great Luo Golden Immortal ah."

"Alas, who let you yourself, you don't have the ability to break through."

"Dad, if I were capable of breaking through on my own, I'd be a genius. Right, Omi is such a genius, in the future even if he can't get the Fetal Pill, he can still ascend on his own, please help me to beg him to let me have it, I really need this Fetal Pill too much."

"But he's already in seclusion ah, he must have taken it."

"Dad, what if he hasn't digested it yet? As long as it remains in the stomach before it's digested, it's fine to spit it out."

Just at that moment, Omi's voice sounded outside the door, "I'm sorry, but I've already taken it, and it's completely absorbed."
