Chapter 2331

Omi walked into Ding Cang Dome's study.

Ding Cangdome and Ding Cap looked at Omi, and the three of them were silent for a while.

Ding Cap didn't look very good and said, "Brother-in-law, that's a bit inadequate, what are you taking it for so soon, are you defending me?"

Omi smiled inwardly, defending him wasn't good enough for him, but, we were all relatives, there was no need to talk so badly.

"Big brother has misunderstood."

At that moment, Ding Cangding discovered Omi's realm and said in shock, "Omi, you've risen four levels in a row?"

"Yes, father-in-law, I'm now in the middle stage of Tai Xian."

"Ah." Ding Cang Dong shrieked.

"Didn't you, uh, send a fetal pellet to Princess Nianxie?" Ding CangDong asked again.

"Yeah, but Princess Nennius confiscated it and, seeing how sincere I was, gave me a Heavenly Nennius Pill instead, so I had to take two fetal pills at the same time in order for it to work one hundred percent."

"Oh." Remember the URL . kanshu8 . net

Ding Cap's face was drawn and he was very upset, "Omi, you're also really too mean, Princess Nianzhi confiscated it and you didn't give me a single one, with your talent, you can definitely still get the Fetal Pill in the future and even break through on your own, why are you so selfish and stingy."

Ding CangDong also said, "Yes, Omi, since Princess Nianzhi won't take it, you should help big brother."

"I'm really sorry, it's not that I don't want to, but Princess Nennian gave me a Heavenly Nennian Pill, so I'm perfectly capable of taking it at the same time. On the premise that I can take it myself, I don't think I need to gift it to anyone, I guess."

"So, you're selfish." Ding Cap said angrily.

Ding Cang Dong didn't say anything, understandably.

But it was as if Ding Cap was sick of being on Omi.

"Oh, sorry, father-in-law, if there's nothing else, I'll go back first."

"Fine, you go back." Ding Cangding sighed.

Omi turned around and walked away.

After Omi left, Ding Cap gritted his teeth and said, "This Omi, is too selfish, if Princess Nianzhi receives it, there's nothing to say, but if Princess Nianzhi doesn't receive it, he won't give it to me."

Ding Cangdong said, "Alright, this is something that people have obtained on their own, if you're willing to give it, you can't resent them if you're not willing to give it."

"In short, I despise such selfish people, in the future I, Ding Cap, will not have him as my brother-in-law, and I will not have Ding Lan as my sister."

"Bastard, get out of here."

Ding Cap snorted and walked away.

Omi hadn't gone far when he suddenly heard a shout from behind him, "Omi, wait."

Omi turned back and saw that it was Ding Cap.

"Brother, what are you looking for me." Omi still smiled politely.

"Don't call me big brother, I don't have a selfish brother-in-law like you."

"Ew."

"Omi, remember this, one day you won't ask for me."

"Big brother's words are important, no matter how much I, Tang, ask for it, I can't ask for it over your head." Omi also said rudely.

Ding Cap's face turned cold.

Omi watched him vigilantly, if Ding Cap dared to attack Omi, then he would not be blamed for being rude.

Although Ding Cap was a mid-Golden Immortal and Omi was a mid-Tai Immortal, three realms, or one domain, but Omi really wasn't afraid of him, firstly, Ding Cap wasn't able to fight, and hadn't even entered the ranks of the War Gods, while Omi, not only was he in the ranks of the War Gods, but he had also entered the Sky Wolf Battle Team, and had also earned the title of Sky Wolf War God, and was the strongest Sky Wolf War God.

Omi just quietly watched Ding Cap to see if he really dared to do it.

After ten seconds, Ding Cap said with a smile on his face, "Omi, do you dare to spar with me?"

Omi said in a tone full of disdain, "With you?"

"Yeah, what, you're looking down on me, I'm not as good a fighter as you are, but I'm at least one Immortal Domain better than you."

"Fine, then let's point it out."

But inside Ding Hats said, "Point your mother's end, Omi, see if I don't give you a good bit of power, I'm cutting with you anyway, you're a Wolf War God, no matter how badly I beat you, you don't have the face to say it hurts, right?"

"Big brother, please." Omi waved his hand.

"Buzz." Ding Cap wasn't rude and immediately attacked, and was incredibly vicious when he did so.

Omi pretended to fight with him for a while, looking like he couldn't win.

Omi shouted, "Brother, I've lost, stop."

However, Ding Cap did not stop and instead attacked even more fiercely.

Omi shouted again, "Big brother, you stop, I'm losing."

"If you lose, you have to be beaten, you're the Wolf War God." Ding Cap continued to come down hard.

"Big brother, what do you mean, you really want to kill me."

"Omi, you're so selfish, shouldn't big brother teach you a lesson." Ding Cap's gaze was cold.

Omi already knew that Ding Cap was trying to teach him a lesson.

"Big brother, if you don't stop doing it, I won't be polite."

"What? You're a Skywolf War God, you lost the cut, you want to retaliate later when you're strong."

"Bang." In the next second, Ding Cap hit Omi's skull hard, of course, Omi deliberately didn't dodge, the purpose was to see if Ding Cap really dared to kill him.

Sure enough, there was no mercy at all.

Omi raised his head and asked, "Brother, you are trying to kill me."

"Omi, you're asking for it." Ding Cap had a sudden surge of killing intent within him, he thought that he could really beat Omi, since he had done it, he should do it cleanly, otherwise, if Omi became stronger in the future, wouldn't he suffer a calamity, so Ding Cap had a thought of killing Omi within him.

Omi's gaze chilled, "I never thought that you would want to kill me even though I respect you as my big brother."

"Fuck you big brother, if you really think I'm a big brother, why don't you share a fetal pellet with me, anyway, now that I've made my death blow, instead of looking for revenge from me in the future when you're strong, why not exterminate you now."

"You're seriously going to exterminate me?" Omi asked angrily.

"Do you think I'm joking with you? You shouldn't blame me for being ruthless and not being affectionate either, you're too selfish yourself, you've ruined my dream of becoming a Great Luo Immortal." Ding Cap gritted his teeth and yelled.

Omi was clear, and it seemed that he didn't have to show any mercy.

What big brother, if it wasn't for Ding Lan's face, he deserved Omi's shout of big brother?

I've never seen such an idiot who doesn't give him a birth control pill and hates him for it. Nor did he think, the Fetal Pill was so precious, why should he be given one.

"Go to hell." Ding Cap's heart chilled, no matter what the consequences were, let's destroy it first.

However, in the next second, Ding Cap's hand was grabbed by Omi.

"Ah, you." Ding Cap was startled, as if he didn't react for a moment as to why Omi was suddenly stronger, he was clearly not an opponent just now.

Ding Cap also didn't think that Omi was deliberately pretending to be weak, and thought that it was normal for Omi not to be able to beat him as he was in a higher realm.
