Late at night, Omi was lying on his bed, quite depressed inside.

He was the Heavenly Wolf War God, but he was worried about family matters, but Immortal Emperors also had family matters, so that was fine.

Ding Lan hadn't returned home all night.

Omi seemed to understand that Ding Lan had definitely failed in going to persuade him and didn't know how to face Omi, perhaps hiding in some corner and crying, so he didn't return.

Instead, Tang Huan, went away for a few hours and came back.

"Omi, I've already seen Li Jiudao, Li Jiudao told you to rest assured that he will observe this place at all times, and come to the rescue as soon as there is anything unusual."

"Mm." Omi nodded, Li Jiudao's Immortal Sense was powerful, and his every move was under his surveillance. With Li Jiu Dao's current talent, Leng Tian Ling definitely took him as a treasure, and Li Jiu Dao's voice was definitely not weak in the Leng Family.

Right now, in the Leng Family.

In Leng Tianling's study room.

Li Jiu Dao told Leng Tian Ling about the matter, hoping that Leng Tian Ling, if needed, would be able to immediately go to the rescue.

Leng Tian Ling laughed: "Conscious, that Ding Cang Dome, who was not worthy of having a son-in-law as talented as Omi, is still ungrateful. If it were me, I would definitely kill that worthless son with a slap to put my son-in-law at ease. Jiu Dao Xian son-in-law, don't worry, I can rescue him at any time, and the door of my Leng Family is always open for him. If he comes to my Leng Family, I will instantly marry my Leng Family's most beautiful genius granddaughter, Leng Guolue, to him." Remember the URL .kanshu8.net

"Ah." Li Jiudao was shocked, but this was normal, after all, everyone had seen Omi's performance in the competition.

Of course, Leng Guoyue wasn't bad either, this time, Leng Guoyue participated in the Pre-Golden Immortal Competition and won first place, Leng Guoyue was also rewarded with two birth pills, and Leng Guoyue was currently a Golden Immortal, even more powerful than Omi.

The Nine Dao Demon King was filled with anticipation and said inwardly, "Or else, brother Omi, leave the Ding family, that Ding family is not worthy of having a genius son-in-law like you. The Leng family is more suitable for you, not only can you marry a more outstanding woman, but you can also have better opportunities."

Leng Tianling's status was something that even ten thousand Ding Cangduns couldn't compare to.

However, Omi wasn't the kind of person who was greedy for influence, and no matter how strong the Leng family was, it wasn't attractive to Omi.

In one of the Leng Family's courtyards.

The Nine Dao Demon King's wife, Leng Cui, and Leng Lone Moon were sitting in the courtyard enjoying the moon.

"Aunt, you're lucky, I thought you couldn't marry, but I never thought that you would find a man who is ten thousand times more outstanding than your previous husband." Leng Guolue said to Leng Cui.

Leng Cui giggled, "How is Jiu Dao as good as you, he only won second place, you're the one who's good, you all won first place in the pre-Golden Immortal."

Leng Guiyue said, "Aunt, if I was in the same realm as my uncle, I might not be able to win against him, the reason why he won the second place in the pre-Golden Immortal stage is because, the first place Omi, is too powerful, if I met with Omi in a group, I might not win against him either, no, I would definitely lose to him. I really don't know how this kid, how can he be so strong."

Leng Cui said, "By the way, Lone Moon, just now I heard from Nine Dao that Omi seems to be in a bit of trouble in the Ding family, it's very likely that he will leave the Ding family."

"Ah, no way, he's going to dissolve his marriage with Ding Lan?"

"I don't know about that, but, I was thinking, if he did dissolve his marriage with Ding Lan, wouldn't that give our family a chance, your grandfather, who greatly admires this boy, I'm afraid, would marry you off to Omi at the first opportunity."

"Ah, me and him?"

"What, no?"

"I, this, Auntie, I didn't think of it like that

Matters, aunt, I'll go back first." Leng Guiyue, for some reason, blushed red and hurriedly ran away.

Leng Cui laughed, "Look at you, just a casual remark and you're blushing, I see, if there's a real chance, you may not be unwilling."

Omi didn't sleep all night.

It was only the next day that Ding Lan returned in a dewy state, full of frustration.

"Ding Lan, what's wrong with you?"

"Oooh, Husband, will you leave me?"

"Why do you say that, of course I won't leave you."

"But my dad, my brother, and you really seem to have a gap."

"Your father? No, I'm just having trouble with your brother, what does it have to do with your dad."

"Ooooh." Dinah cried.

"Tell me, what's going on?"

"Yesterday, I had gone to look for my brother so he could come and apologize to you, but, when I couldn't find him, I went to my dad's. My father not only didn't help me find it, but also scolded me, she said I was ungrateful and only had eyes for you, not my family."

"Hmph, it's because of that fetus pills thing, isn't it."

"My father blames me for not persuading you."

"Even if you persuaded me, it wouldn't help."

"My father thinks that inside your heart, you don't even think of them as your closest family. No matter how talented you are, if you can't enjoy your benefits and share any good things, what use is it to you."

Omi said, "That's a completely different matter, with so many of your family members, how many birth pills would I need to be satisfied. Moreover, if your father were to take it himself, I would have no second thoughts and would definitely give it to him."

"Now my father is disappointed in you."

Omi said depressingly, "I'm a little disappointed in him too."

"Husband, what should I do? Are we really going to split up over this?"

Omi said, "In the future, whether I'm in the Ding family or not, I'll be your husband, so don't worry."

"That's true, but it's not the same anymore. Husband, my big brother definitely won't come to apologize to you, what should we do? Can you just let it go for my sake, please?"

Omi saw Ding Lan's painful appearance and nodded, "Just, for your sake, if he doesn't come to apologize, I forgive him."

"Thank you, Husband." Ding Lan gratefully threw herself into Omi's arms.

"Alas, who made you my wife, if you say you forgive him, then forgive him, I'll take it that adults don't remember little people." Omi said with a sigh.

"Will you still leave my house then?"

"No, I'll go see your dad sometime, and I'll explain to him that it's not like I don't have him in my mind as a family member, in fact, I've always thought of him as my family member."

"Uh-huh, thank you."

"Thank you for what, it's what I should do, I'm a Sky Wolf War God, I can't let go of this kind of Sh*t, I'm a Sky Wolf War God in vain.

Omi was originally resolute in his heart, but after thinking about it, why bother, shouldn't the family be happy, what's worth rattling about.

In the worst case, Omi suffered a little loss, he admitted everything.

So, Omi planned to take a step back and go find Ding Cangding to relieve him of his misunderstanding.

And also, Ding Cap go to him, make peace with him, and forget about it from now on.

All of this, let's just say for the sake of Dinglan, a big man, can bend and yield.
