Omi immediately went to Ding Cangdome's study.

Ding Cangdome also seemed to have not slept all night and was very haggard.

"Dad." Omi shouted.

"Don't call me that, I can't afford it."

"Father, I heard Dinglan say that you have a misunderstanding about me."

"It's not a misunderstanding, but it's true, Omi, inside, you really don't think of us as the closest people, or perhaps, you only think of Tinglan as the closest person."

"No."

"Don't explain, I'm not a fool."

Omi was depressed, "Do you seriously think so?"

"I can't help but think that way, as pretty as it is on the lips, it's still on the lips."

Omi said, "Since that's the case, I won't explain, let's leave it at that, originally I was thinking of, explaining to you and repairing the relationship, unfortunately, I, Omi, am also not someone who likes to whisper, if you don't agree, you can decide for yourself. But no matter what, Ding Lan is my woman." One second to remember to read the book

Omi was gone, he had come to repair the relationship so grievously, but the result was unpleasant, forget it, Omi's life, I guess there was only one father-in-law's life.

Since the beginning of the mortal realm, Omi had at least had a few fathers-in-law, but, except for the first one, Liu Chenming, all of them were not allowed to end well, and even turned into enemies.

"Tragedy." Omi couldn't help but laugh bitterly at the failure of being human.

Omi left the Ding Clan and went straight to Mingcheng for a drink.

Omi wanted to get drunk when he came across something so depressing.

As such, Omi drank for three days and three nights.

Of course, it was drunk at Ming Cheng's house.

On the third day, Ming Cheng said, "Omi, don't drink anymore, my sister is here."

"Then come and drink together." Omi said, spitting out his wine.

At that moment, Akatsuki walked in.

"Brother, leave me alone with him, you go guard the door."

"Oh Sh*t, let me guard the door again." Akagi broke down and said, but went to guard the door anyway, giving them the chance to be alone in.

"Omi, what are you going to do now?"

"I don't know, go back and look at it, the worst case scenario is to break up in one shot, what is it."

"That's right, the ones who want to marry you are lined up from here to the Earth Immortal Realm, if they don't cherish it, why are they still dead glued."

"Fine, then how about going back and withdrawing, then come back to your place to propose and marry you?" Don Zimmer asked.

"Well, do you really think so?"

"Sure."

"But I feel like you're joking, and, what about Dinlan?"

Don Omi said, "How do you think it should be handled?"

"I don't know, but I don't have a problem with you still having private contact, and I'm okay with her coming over to live with me if she wants." Akatsuki blushed and said.

"Hahaha, that's a good idea, I'll be off then."

"Mhmm."

Omi walked away.

Ming Yue was filled with anticipation now, if Omi withdrew, their family was definitely willing to marry her off to Omi.

Omi returned to the Ding family.

Omi prepares for a showdown with Ding Cangding, let's all break up and save all the unhappiness.

Only, what Omi didn't expect was that as soon as Omi returned to the Ding family, Ding Cang Vault was waiting for him.

"Back already." Ding Cangding asked.

"Right."

"It must have been a hard few days thinking about it."

"Thinking too much, I'm not going to feel bad." Omi said to himself, "The Ding family isn't a big family, so it's worth Omi's difficulty"

Accepted?

Ding Cang Dao smiled bitterly.

"Are you waiting here for me to come back?" Don Zimmer asked.

"Yes, I've made up my mind."

"I've already decided too."

"It seems that we're on the same page on this one."

"You go ahead." Omi smiled.

"What I mean is, you go and apologize to Ding Cap, if Ding Cap is willing to forgive you, then we're still family, if Ding Cap doesn't forgive you, then you promise him that if you get a Fetal Pill in the future, you'll definitely give him one as a priority. As such, I'm sure he will be angry. What do you think?"

Omi was so angry he wanted to laugh.

Let him go apologize to Tinker Hat? You have to promise him a birth control pill if you don't forgive him?

Omi smiled, "Dad, do you know what my decision is?"

"What? Did you decide differently than I did? Didn't you come to me before to repair the relationship?"

"Yeah, but you're very tuggy, and I'm not happy about it. I've also come to terms with the fact that I'm a person who doesn't seem worthy of having a father-in-law, so why force it. So, my decision is to withdraw from the marriage."

"You, you're withdrawing your marriage?"

"Yeah, if you don't cherish it, why should I become a family with you anymore."

Ding Cang Dome raged, "Omi, without me, you wouldn't be here today, and you're ungrateful."

"Che, what did you give me? Life? Or is it a gift? Or power and status? There is none that you gave me, only one, and that is to bring me to heaven."

"And you know that I brought you up to heaven."

"Oh, of course I know."

"Then you're not grateful."

"Go on, forget it, I chose you in the first place, if I hadn't chosen you, I would have become one of General Monta's people and I would have been hanging out with General Monta long ago. Could it be that General Monta won't take me to heaven?"

"Er." Ding Cang Dao seemed to have forgotten about this, as if it was right, if he had chosen General Monta, perhaps Omi would have had a better future, and there would have been fewer detours afterwards.

"So, your Ding family, you really don't have any kindness to show me, you shouldn't be proud of your achievements."

"Omi, you don't really want to withdraw from the marriage, do you?" Ding Cang Dao said somewhat anxiously.

"Of course."

"Omi, can you reconsider."

"Yes, everything is negotiable, if you still want me to become your Ding family's son-in-law, one condition, let me put Ding Cap on the spot."

"Why is that?"

"Ding Hao, that bastard, he's the one who wanted to kill me, but he turned black and white upside down, doesn't he deserve to die? If I'm not allowed to kill Ding Cap, I will definitely leave Ding Lan's house."

After saying that, Omi walked into Dinglan's house.

Ding Cang Qiang stood outside and didn't move.

After Omi walked into the house, he saw Dinglan.

"You really want to leave?" Dinah cried out that she had heard the question.

"I'm sorry, honey, but I've tried for you."

"I know, thank you."

"You're welcome."

"I mean, thank you, for being my husband all these years."

"No, you'll still be my woman in the future too, just, without the heavy identity of a wife, I don't think you care about that identity, most of my so many women don't have the identity to follow me. Are you still willing to follow me?" Don Omi asked.

Tinglan cried, "I don't know."

"It's okay, I can understand, your family on one side and your ex-husband on the other. I can give you plenty of time to think about it, and you can come back to me whenever you want."
