

King of kings

Chapter 2351

"Yang Bing, look, your woman, he is weeping on another man."

"Yang Bing, didn't you swear that this man's woman belonged to you, that you must pursue her, and that you would exterminate the whole clan of anyone who dared to take her from you? Now, people are jumping into another man's arms in front of you."

At one of the cave entrances of the Ten Thousand Purple Mountain, several people seemed as if they were intent on stimulating a certain man.

That stimulated man, named Yang Bing, was the strongest disciple among the five disciples that the Ten Thousand Purple Great Sage sat down.

Mu Qianji was the fifth disciple that the Ten Thousand Violet Great Sage sat down and was also the younger sister of several of them.

That Yang Bing, was originally a martial idiot who didn't know anything about the feelings of men and women, but ever since the Ten Thousand Violet Great Sage accepted a closed disciple, he had changed, because, that closed disciple, Mu Qianji, was so beautiful that it made people forget about breathing, forget about time, forget about everything. It mesmerized even a martial idiot.

After that, this martial idiot, swore that this woman was his, and whoever dared to steal from him, would exterminate his entire clan, which showed how strong his determination was.

Of course, the Ten Thousand Violet Great Sage also knew about this, and the Ten Thousand Violet Great Sage was still very supportive, if you had a dream, you had to persevere, and if you didn't persevere, there would be no day of realization.

At this moment, the Ten Thousand Violet Great Sage also looked into the air, his brows furrowed.

"What's going on? Disciple, why did you jump on that man and cry? What to call Yang Bing."

In mid-air, omi let go of Mu Qianji, who was holding him, and they looked at each other. The first website m.kanshu8.net

omi reached out to wipe the tears on Mu Qianji's face and said, "I'm still alive and well, so don't cry."

"Husband, I knew that you wouldn't really die."

"Didn't I tell you before that no matter what happens to me in the future, you must firmly believe that one day I will appear again."

"Uh-huh, but it's still going to be so painful inside that it's impossible to act as if you're not really dead."

"Fool." omi said, wiping at Mu Qianji's tears.

The way the two of them were loving in mid-air was truly the envy of everyone.

Many people couldn't believe that the iceberg beauty who used to be a very hard to approach, was now acting as good as a lamb in front of another man.

Especially the one called Yang Bing.

No one knew better than Yang Bing how difficult it was to approach Mu Qianji, before Yang Bing openly pursued Mu Qianji, but Mu Qianji always rejected him with a cold expression, as if he wasn't allowed to approach her at all.

But now, she was as well-behaved as anything to another man.

Yang Bing had a very unpleasant feeling to burst with anger.

Yang Bing couldn't seem to hold back and burst out.

"Buzz." Before Yang Bing even rushed forward, a large knife in his hand was taken out, and the moment it was shown, trembling tremors occurred.

Many people were busy when they saw it; "Yang Bing has shown his sword, it's finished, everyone in the Ten Thousand Violet Mountain knows that Yang Bing will either not show his sword, once he does, there will be no sword for ten thousand miles."

The meaning of this sentence was that Yang Bing, was a sword genius, if he showed his sword, everyone within a radius of ten thousand miles would not dare to show their swords out in a conspicuous manner, similar to the meaning of a banjo.

On the Ten Thousand Violet Mountain, those disciples of the Ten Thousand Violet Great Sage said, "Big Brother Yang Bing is furious, I'm afraid that this man, is going to be

Yang Bing exterminated his family. Yang Bing never does what he says he will."

omi saw a man fly over, his heart was suddenly upset, at the moment is with Mu Qianji thick honey, who is so unenlightened, come over to disturb, no matter what there is, omi is also not polite, omi tongued, "Roll rough, can't see that I am making out with my daughter-in-law."

"Buzz." Yang Bington picked up the knife and said, "I don't care who you are, if you dare to steal my woman, I will definitely exterminate your entire clan, now, don't say I'm bullying you, I'll give you three breaths to escape."

omi saw that this person was a Beginning Immortal.

And omi, who was only too immortal, was really a bully, but fortunately, omi now possessed the power of a First Order Immortal, and as soon as he swept the light in his hand, any weapon under a First Order Immortal, including people, would surely die.

Mu Qianji was busy saying, "Big Brother Yang Bing, what are you doing?"

"Mu Qianji, I've already said that you are my woman."

"Yang Bing, I also told you long ago that I have a husband, but you're the one who doesn't believe me."

"I don't care." Yang Bing snarled in anger.

omi felt sick at the sight of this Yang Bing.

omi snorted, "If you want to die, I'll fulfill you."

Mu Qianji was busy saying, "omi, go quickly, I'll stop him, you're no match for him, he's a Primordial Immortal, and he's a strong man who is known as a Blade God, and he's unprecedented in the field of swordsmanship."

omi grunted, "Thousand Jie, you were brought to the spirit world at a young age, so you are not using martial arts to enter the world, but I, omi, am using martial arts to enter the world, I damn well use both sword and saber to the extreme, stepping into the void from a mortal, daring to say in front of me that I have no opponent in the field of saber art? Do I believe I'll give him a knife so that he'll never dare to raise it again?"

Mu Qianji was startled, omi was so crazy, this Yang Bing, was a saber wizard that even the Ten Thousand Violet Great Sage incomparably respected, his self-made saber technique was simply not comparable to ordinary people ah.

omi went so far as to say that a single slash would make him never dare to raise his sword again, which was too crazy.

Yang Bing said furiously, "Kid, don't force me to chop you up into a million pieces."

omi grunted, "Fine, I'll just play with you with a knife and let you see what a real knife is."

omi originally wanted to use the ability of the Overturning Mirror inside him to kill him, but actually daring to say in front of him that his sword domain was strong aroused omi's anger.

omi took out a knife and said, "Kid, I'm going to make a slash now, if you can see the flaw in my saber technique, then count me as losing to you." After saying that, omi slashed up with a single slash.

omi's blade was the Five Ultimate Blades, but it was many times stronger than the Five Ultimate Blades that he had upgraded at the Dragon Palace. omi had a very deep sense of the lack of time and space since he had gone to the Three Nothing Spaces. Thus, omi instantly upgraded the Five Ultimate Blades again.

The last time he upgraded the Five Ultimate Knives at the Dragon Palace, it was 390,000 times stronger than the original Five Ultimate Knives.

As of this moment, the Five Ultimate Knives that omi used were at least 10 million times stronger than the original Five Ultimate Knives.

"Ah." Yang Bing only had time to ah, his mind completely blank, he himself didn't even know what was going on, as if there was no time, no space, no distance to the knife.

This knife was completely beyond his concept of swordsmanship. It seemed to be just a blink of an eye, Yang Bing's body was bloodied, with countless knife marks.
