Yang Bing clearly looked at the knife, omi had only made one slash, why did it seem like he had been slashed countless times.

omi threw the knife in his hand and snorted, "Trash, still daring to bring up a knife in front of me, I don't even need to use out my Ultimate Divine Weapon, just a Beginning Immortal of your level, I can defeat you with an ordinary knife."

omi was full of contempt, he originally thought that this Yang Bing was a Beginning Immortal, omi was only at the Tai Xian realm, he would have to use the Overturning Mirror's Avatar to defeat him, but he didn't expect that omi would defeat him with a casual knife.

Mu Qianji looked at omi incredulously, having the feeling that he didn't believe that this person was omi.

"Heavens." Mu Qianji was inwardly shocked.

She felt that omi had returned after this death, his entire person had changed, and had the strength of a super-powered person, and the strength of his casual slash was as if he was the Ten Thousand Purple Great Sage using his heart.

At this moment, on the Ten Thousand Violet Mountain, the Ten Thousand Violet Great Sage was stunned.

"So powerful, this person, only at the Tai Xian realm, can easily second a Beginning Stage Immortal, oh my god, when this person reaches High Stage Immortal in the future, that's not bad, he will definitely be a strong person as strong as me."

Yang Bing was drenched in blood as he stood in mid-air, his entire body dumbfounded.

It was true that his saber technique, in front of omi, was like an ant versus the firmament, and he really didn't dare to say that his saber technique was powerful anymore.

"Qianji, let's go, let's go back to the Immortal Academy together first." Remember the website .kanshu8.net

"En, good, but allow me to speak to my master first."

"Thousand Zephyrs, you're amazing, you've become a disciple of the Ten Thousand Zephyrs Great Sage."

"No, you're the most powerful, I feel as if you're a reduced version of the Ten Thousand Violet Great Sage, in time, I'm sure you'll become as powerful as him."

At that moment, the Ten Thousand Violet Great Sage flew out.

"Master."

omi bowed to the Ten Thousand Violet Great Sage, "Senior has met the Ten Thousand Violet Great Sage."

Although omi's strength had increased a lot, he was still an ant in front of a level like the Ten Thousand Violet Great Sage, so he didn't dare to be too big.

The Ten Thousand Violet Great Sage sized up omi and said, "I'm much offended just now."

"The Great Sage is laughing, it's me who's more than offended."

"You are Thousand Violet's husband?"

"Exactly."

"No wonder you can have such a beauty, it really is extraordinary, I'm a person who doesn't like bullsh*t, in a word, I want to be friends with you, will you?"

"Ah." omi was shocked.

The Ten Thousand Violet Great Sage was a very direct person, he didn't like to beat around the bush, he could say whatever his heart desired.

omi was a bit surprised, to be friends with him?

"Are you kidding me, Grand Sage? I can be friends with you?"

"Why not, with the strength you've just shown, you may not be worse than me in the future."

"Thank you, Great Sage, I'm very willing to be your friend." omi was busy, it turned out that omi wanted to, commit to the Ten Thousand Violet Great Sage and be his subordinate, but he took the initiative to be friends with omi.

The Ten Thousand Violet Great Sage smiled, "Very good, then we are friends, if there is anything you need as a friend in the future, just ask."

"Thank you, good."

The Ten Thousand Violet Great Sage turned to Yang Bing who was silly in the sky and said, "Yang Bing, give it up, you're only a finger's breadth away from others, since Thousand Absolute is already someone's daughter-in-law, don't have any illusions in the future."

That Yang Bing, picked up the knife in his hand, folded it for a moment, and said, "I, Yang Bing, will never use a knife again."

br /> The Wan Zi Great Sage's eyebrows furrowed, as if he didn't like Yang Bing's appearance.

omi said, "Yang Bing, you don't use the sword, you will become completely useless, you use the sword, at least you can become a generation of strong men, you are the Great Sage's prized disciple, don't let the Great Sage down. Since I'm your master's friend, I can also guide you a bit in the future if there's anything to do with swords."

Yang Bing was suffering inside, the woman he liked was gone, and he was also lowered in front of others by an unknown amount of status.

The Ten Thousand Violet Great Sage was busy saying, "Yang Bing, don't thank people yet. In the past, I also felt that your saber attainments were very high, but now I realize that you are far, far behind. If you had such a master to guide you, your future achievements would be countless times greater. How about this, you worship him as your master, he will help you far more than me." The Ten Thousand Violet Great Sage was also a very sensible person and thought that it was in his best interest for omi to be his master.

omi busily said, "Don't, I won't accept a disciple, just ask me if you need advice in the future, it's not necessary to worship him." omi said instructing him, but it was only for the face of the Great Sage, and also accepting him as a disciple, unless omi was crazy, what the heck, it would be good if he didn't kill him.

The Great Sage of Ten Thousand Violet sighed with regret.

Mu Qianji said, "Master, I want to go home with my husband."

"Go, go and return early."

"Thank you, Master."

"Thank you, Great Sage."

omi flew away with Mu Qianji.

The Grand Sage of Ten Thousand Violet looked at omi's departing back and said in his heart, "In the future, I'm afraid there will be another super power rising, haha."

omi took Mu Qianji with him, away from the Ten Thousand Violet Mountain, and along the way, Mu Qianji was bouncing around happily like a child.

"Qianji, how did you know that I died?"

"I went back to the Academy of Immortality, Tang Huan and the others said."

"I'm sure they're all sad too."

"It was sad, but all of us told ourselves that you weren't dead and would definitely come back. But, we want to think about it, after all, we're afraid that you really are dead."

"So, we need to hurry back at the moment, so we don't make everyone sad again."

"Husband, the sword technique you just performed is really powerful, I'm kind of worshipping you."

"Hehe, I was also blessed by misfortune, after I died, I appeared in a three no space, no time, no space, no everything, I came back with a deep feeling, so, in the blink of an eye, I integrated a duel I had upgraded before, called the Five Ultimate Blades, into the essence of the three five space, I didn't expect it, so powerful."

"Husband, now that my master is friends with you, you will definitely be strong in the future."

"I'm still a Tai Xian after all, no matter how strong I am, my achievements will be limited."

The two of them said as they returned to the Immortal Academy.

omi easily entered the Academy of Immortals.

It was not known whether or not Ding Cangding would know, if he didn't specifically feel it, he usually wouldn't find out, after all, the Academy of Immortality was only managed by him and didn't belong to him.

At the Academy of Immortality, omi was the first to find Tang Huan.

Tang Huan was in a two-eyed state, as if she continued to live for some reason, as if her life had lost its meaning. There were a few bottles of wine beside her, and her entire body was slumped on the wall, drunk and dreaming of death.

omi was so painful to watch.

omi was their spiritual pillar, without him, they would definitely be worse off than dead, the reason they didn't die was because they held the hope that omi might not be dead yet, otherwise, they would have been too lazy to live.

They didn't want Mu Qianji to be so powerful, but they knew they couldn't take revenge.
