“Er.” omi was startled, but to invite him and make him the Second King was too much for omi.

“Brother Tang, think about it, you don’t have to reply to me tonight yet, you can reply tomorrow. Of course, no matter what your final decision is, I will respect you, and I will always be your friend, your family, and can live in the Ten Thousand Purple Mountains forever.”

“Thank you, Great Sage, I will think about it.”

“Well, then you guys continue, I’ll withdraw first, someone will naturally take you to a place to stay later, and you can, too, go find a place to settle down tonight.”

“Thank you, Great Sage.”

Mu Qianji said, “Master, don’t worry, I’ll make the arrangements.”

The Great Sage of Ten Thousand Zephyrs left, and he also hoped that omi would be willing to be the future Second King of Ten Thousand Zephyrs Mountain.

However, this question was left for omi to think about.

omi said, “Everyone, let’s go as well.”

“Where are we going?”

“Of course we are looking for a place to settle down, our big family is here, we definitely need to find a bigger place, didn’t the Great Sage say, Ten Thousand Violet Mountain Realm, feel free to find a place.” The first website [m.kanshu8.net](http://m.kanshu8.net)

Mu Qianji said, “Then why don’t we go stay at the former Lady Lao’s house?”

“Auntie Lao’s house has long since turned into a wasteland.”

“Auntie Lao’s son, Lao Xiaojun, is also an immortal now and has become a patrolling guard of the Ten Thousand Violet Mountains, he has rebuilt his old home, and I have been there many times, he has built his old mansion so magnificent that it is like a small palace.”

That night, they arrived at Lao Xiaojun’s home.

Of course, Lao Xiaojun was incomparably welcome, he was able to become an immortal in the first place thanks to Mu Qianji’s support, otherwise he would probably have already turned into dirt.

So, omi’s family, temporarily stayed at Lao Xiaojun’s home.

It was assumed that they would be living here for a short period of time in the future, after all, omi might not be so quick to truly gain a foothold in the Immortal World.

In the second half of the night, omi and Mu Qianji sat on the roof, looking at the star-filled sky.

"omi, about what my master said, inviting you to join the Ten Thousand Violet Mountain, what do you think?"

"I'm flattered that the Great Sage thinks highly of me, with my current strength, it's a bit of that to be the Second Great King." omi smiled, in fact, omi misunderstood, the Ten Thousand Violet Great Sage didn't say that he should be the Second Great King now, they just said that the Second Great King's position was reserved for him. That's what omi would let him be in the future when he was eligible, just to keep it.

"As far as I know, at the moment, there are no less than thirty Immortal-level powerhouses in the Ten Thousand Violet Mountain, right?" omi asked.

Mu Qianji nodded, "Yes, the Ten Thousand Violet Mountain possesses strong Immortals, there are eight high level Immortals, the middle level Immortal level, there are fifteen, and the low level Immortal level, there are twenty-three. In total, the Divine Immortal level, including the Ten Thousand Violet Great Sage, 47 people, that's all the strength of the Ten Thousand Violet Mountain. Of course, the Ten Thousand Violet Great Sage is the core, but the rest of them are just as important."

"And me, I'm only too immortal, let me be the Second Great King, I'm afraid that many people are not convinced."

"My master is such a person, he can do whatever he wants, he definitely sees your potential. However, you may have misunderstood my master's meaning."

"Where have I misunderstood."

"My master just said that the position of Second King is reserved for you, I think, not that he wants you to be the Second King right now, after all, as you said, the others are not convinced."

"Damn." omi was embarrassed.

omi said, "Since that's the case, allow me to think about it again."

Mu Qianji said, "I think that it's possible to think about it."

"It's testable.

I'm worried, but my dream of owning a place of my own, even though becoming a second king, it still feels like it's not my dream after all. If I agree to join Ten Thousand Violet Mountains now, then in the future, when I'm strong, can I become a king myself again?"

"I don't think it's good, at least it'll be a bad relationship with the Great Sage."

"Then I've still decided that I'm not going to join, I'm going to be my own king and build a home of my own. Even though it may be tough, I'm going to make it happen."

"Well, I support you."

"I'm leaving tomorrow, Chichi, so tell the Great Sage I'm sorry for me."

“Don’t worry, it’s not good for the Great Sage to blame you, from what I know of him, he will instead appreciate you more because he likes people who dare to do it, rather than those who are comfortable with the status quo.”

The next day, omi bid farewell to his loved ones and left the Ten Thousand Purple Mountains.

Originally, omi also had some relatives, for example, in his previous life, Zhou Mi’s parents, but, omi thought to himself, when he had the chance in the future, let’s go pick them up again, following omi might not be more fortunate.

omi disguised himself after he left Wan Zi Mountain, so that no one could tell he was omi.

Fortunately, omi’s body made it impossible for the Immortal Emperor to sense it, otherwise, it would have been useless to disguise himself in any way. omi’s body was as if it was shielded, unless one’s eyes saw it with their own eyes, they couldn’t discover it, of course, using Immortal Sense could also be discovered, but for goodness sake, the Immortal Emperor couldn’t each use Immortal Sense to sweep through it, besides, the Immortal Emperor was used to sensing, then he would still go and use his Immortal Sense to discover things.

The first thing omi had to do was to kill Nian Qing.

omi must blend into the Immortal Court.

“How do I blend into the Immortal Court?”

omi had no idea what to do, so he first entered a restaurant in the Immortal Realm to snoop around and see if there was a good cut through.

In the Immortal Realm’s restaurant, everyone was sighing incessantly.

“I don’t know why, the Immortal Emperor is doing this.”

“Yeah, a newborn baby, what’s the point of killing it.”

“This month, up and down the Immortal Realm, the number of babies that died is unknown.”

“The few newborn babies in my family were also killed by celestial soldiers.”

“Damn it, why, exactly why.”

“Hush, I heard that the Immortal Emperor found out that a new one was born that he couldn’t sense, but he didn’t know which one, so he simply killed all the babies born within this month.”

“People are Immortal Emperors, what else can they do.”

“Let’s stop discussing, beware of the misfortune.”

omi sat in a corner of the restaurant.

The corner of omi’s mouth lifted slightly as he secretly said, “It seems that the Immortal Emperor found out that another person couldn’t sense it, but unfortunately, he didn’t even know that the person, that person, was me.”

This incident also gave omi a reminder that everything had to be careful, the Immortal Emperor at least knew that another person had been added that he couldn't sense.

At that moment, there was some more discussion in his ears.

"Hasn't Princess Nennius been found yet?"

"No."

"Killing even your own daughter, what inhumanity."

"Humanity is nothing, if in case the rivers and mountains are not protected, the daughter, dead can live through."

"Also, the entire three realms are his, all the beautiful women, he can want them all."

"Hehehe, speak as if you've been an Immortal Emperor."
