

King of kings

2355

omi was shocked, "Nianzhi is going to be killed too?"

However, thankfully, Princess Nianxie, who had never been found, was really hard to find, as the Immortal Emperor couldn't sense where she was going.

omi left the restaurant in silence.

Right now, in the Immortal Court.

"Ahhh." On a certain palace, the Immortal Emperor roared loudly.

The Immortal Mother said, "Isn't it enough?"

"Why, why." The Immortal Emperor yelled.

"I've killed all the babies born this month, so why haven't I changed Nian Qing's future outcome?"

Yes, the Immortal Emperor had killed all of the newborn babies within range, but he was still in a deadlock when he sensed Nian Qing's future ending, and he couldn't even determine the time when Nian Qing would die because he couldn't sense the person who killed him, so there was an uncertainty that made him unable to determine the exact time.

"Sooooo, my poor Nian Qing." Immortal Mother cried.

At that moment, the Immortal Emperor roared, "It seems that the one who killed Nian Qing was most likely Nian Shi, not just another person that I can't sense." Remember the website .kanshu8.net

"Ah, Immortal Emperor, no, Nian Tze wouldn't do that, there must be another one that can't be sensed, look for it again, how about killing everyone born within the last 100 years?" The Fairy Mother suggested that she didn't believe that this wouldn't be enough to destroy that who.

But the Immortal Emperor snorted, "Do you think I can do whatever I want just because I'm in charge of the Three Realms? Don't you know the Word of God? This month, killing so many babies has already made everyone in the streets and alleys resent me, if I kill another one born within a hundred years, everyone outside won't know what to talk about."

"You're the Immortal Emperor, the controller of the three realms ah, it's all yours, you can do whatever you want, who dares to say anything."

"What do you know, although it's true that I can do whatever I want, but the heavens have their own way, if I go too far, what if something happens?"

"You're already the Supreme Controller, what else could happen? Your Hongmeng heart was the strongest piece of divine weapon at the beginning of the world, ah. Even if those ones that were more powerful than you ran out back then, they couldn't kill you ah."

"You stupid woman, what do you know about how a divine weapon came to be? How did heaven and earth come to be? Who has given the divine weapon its unparalleled power? Who dares to say that there is no other existence beyond the three realms? Get out."

The Fairy Mother went away in aggravation, and there was only one person within the three realms who dared to call her a stupid woman.

omi circled around in the Immortal Realm, but in the end, he still couldn't find any good way to blend into the Immortal Court.

omi also didn't dare to look for his former friends, such as Ming Cheng, for fear of getting them into trouble if he did.

"It seems that I must go to the Dragon King and ask him to assist me, perhaps, to find a chance to kill Nian Qing."

Thus, omi arrived at the Dragon Palace.

Of course, the process of entering the Dragon Palace was left unsaid, and omi did not reveal his identity.

"omi, you're here, you didn't let anyone know about you, did you."

"Grandpa, don't worry, no." omi said.

When the Dragon King heard omi call him grandfather, he couldn't help but think of his granddaughter inside, who had died for him, so naturally she was considered his wife.

The Dragon King also considered omi as his granddaughter's son-in-law, because, if his granddaughter was still alive, she would definitely want to protect omi.

"Just be careful to keep a low profile if you don't, as long as the Immortal Emperor doesn't pay attention to you and take the initiative to sense you, he won't find you." The Dragon King instructed.

"Grandpa, don't worry, actually, the Immortal Emperor can't sense me at all."

;"What do you mean? How could the Immortal Emperor not sense you?" Just then, the Dragon King suddenly remembered that the Immortal Emperor had recently killed many babies, and I heard that it was another one that he couldn't sense.

"Ah, could it be?" The Dragon King looked at omi in shock.

"Yes, grandpa, at this moment our conversation, the Immortal Emperor doesn't know either, because, he can't sense me, and I'm with you, so I'll cover you up."

"Oh my god, that person is you, thanks to the Immortal Emperor, who thought, it was a newborn baby."

"Hehe, so don't worry, truth be told, I just came down from the Immortal Realm."

"Ah, you're so bold, but it's not surprising." The Dragon King smiled.

"Grandpa, I actually went up to the Immortal Realm to kill Nian Qing, but that royal lamb is in the Immortal Court and I can't find the opportunity. I need Grandpa to help me."

"Ah, to kill Nian Qing."

"Yes, doesn't grandpa want him to die."

"No, I want him dead in my dreams."

"That's right, we'll kill him, even, take him alive and skin him."

"Flaying won't relieve me of my hatred, and add another cramp," The Dragon King said.

omi said in his heart, more ruthless than me.

"Grandpa can do whatever he wants, but only if he can be captured alive."

"But the Immortal Emperor?"

"Don't worry, the Immortal Emperor can't sense me, as long as I'm allowed to get close to Nian Qing, I can cover up Nian Qing's scent, and the Immortal Emperor can't sense him anymore, after that, it's not like I can do whatever I want."

"Good, fck it Fairy Mother, how do I help you?" When the Dragon King scolded, omi rolled his eyes, so the Dragon King was trying to fck him? fairy mother ah.

"Grandpa, do you want to f*ck him? Fairy Mother?"

"Er." The Dragon King was startled.

"Grandpa, don't worry, one day, I'll let you realize this dream."

The Dragon King said, "When I was young, the Fairy Mother was the most beautiful woman in the Three Realms, at that time, there were countless people who admired her, and I was just one of them."

"Grandpa, then f*ck her."

"Haha, good grandson-in-law, let's put this matter aside for now, how do I help you?"

"All I need is a chance to get close to Nianqing," omi said.

"Well then, in six months, I'll hold an ancestral festival in the Dragon Clan, and all Dragon Clan descendants will have to attend, and the woman who married Nianqing in place of Ao Bao will have to come back as well. However, I'm not sure that Nian Qing will come back with her." The Dragon King said.

"Then, let's think of a way to get him to accompany Fake Ao Scutellaria, and then I'll find a chance to do it halfway."

"However, Fake Ao Bao is nothing more than a tool for Nian Qing to obtain the Long Yin Sword, and Nian Qing will definitely not do such a thing as accompanying her home to her ancestors."

omi asked, "Grandpa, what special preferences does Nianqing have? Can we set it up to his liking, so that when he hears about it, he follows."

“That, I still need to find out.”

“Grandpa’s in no hurry, anyway, I’m only in a hurry for one thing, skinning Nianqing and pumping Nianqing’s veins.”

“Good, then you stay here with me first, I’ll arrange a secret room for you, and we’ll slowly plan for such important matters.”

“Good.”

omi found a secret room for temporary residence in the Dragon King’s underground palace.

In order to kill Nian Qing, the Dragon King personally went to find out about Nian Qing’s preferences, in short, he must think of a way to capture Nian Qing alive.
