

# King of kings

2363

Subsequently, Mu Qianji was also summoned by the Ten Thousand Violet Great Sage.

“Master, you’re looking for me?”

“Chichi, do you know what I’m looking for you for?”

“Master, my disciple doesn’t know.”

“Chichi, how does Master treat you?”

“Master has rebuilt me, if it wasn’t for Master, I would never have achieved what I have today.”

“Chichi, Master wants to ask you to do one thing for me.”

“Please say it, Master, I’ll agree to it even if it’s ten thousand pieces.”

“You only need to help me make just one piece.”

“What?”

“Help me persuade your husband, omi.” First published at [m.kanshu8.net](http://m.kanshu8.net)

Mu Qianji finally knew why omi didn’t have a smile on his face when he went home.

“At this moment, my promise to you is only one sentence: if I am the Qing Emperor in the next year, I will report the peach blossoms to bloom in one place.”

“Master.”

“Go back and help me persuade you, if I become an Immortal Emperor, you and your disciples will benefit.”

“Don’t worry, Master, I will definitely persuade my husband.”

“Well, that’s good.”

“Master, I’ll go back first then.”

“Go.”

Mu Qianji also went back with a complicated feeling.

When she returned home, she didn’t have a smile on her face either, after all, she didn’t know how to choose.

That night, omi told everyone about the conversation he had with the Ten Thousand Violet Sage.

omi said, "What does everyone think I should do?"

Mu Qianji said, "I have also been summoned by Master, who wishes to persuade you."

omi nodded, omi already knew that Mu Qianji had gone to see the Ten Thousand Violet Great Sage.

Little Fire asked, "Brother Chen, by the look on your face, I already know that you don't want it inside."

"Of course, if I wanted to, I wouldn't need to worry."

"Then you are thinking, to become an Immortal Emperor yourself in the future?"

"Oh, although I'm still weak, it doesn't mean I don't have a chance, a soldier who doesn't want to be a general isn't a qualified soldier, obviously I'm more than qualified, I'm more than just wanting to be a general."

"Understood, once you assist the Ten Thousand Violet Great Sage, if he really has become an Immortal Emperor, cut off your thoughts."

omi shook his head, "If that's all it is, then that's fine, the problem is, who hasn't unloaded, who would be willing to add a hidden danger to themselves."

Mu Qianji was busy saying, "But how do you know that when my master is really successful, he will unload his donkey?"

omi said, "Thousands of Jie, don't forget that the Ten Thousand Violet Great Sage is very appreciative of my talent and future, and he believes that my future strength will definitely be as good as his. If my future strength once surpasses him, and I am able to shield the senses of the Hong Meng Heart, then wouldn't I be able to easily seize the heavens?"

"Seems like it."

"So, I can't believe that the Ten Thousand Violet Great Sage let me live knowing this outcome. Of course, the other powers are looking for me as well, and I can't believe it even more when the other powers are looking for me."

Tang Huan cried, "Why does your fate have to be so rocky, you've died and come back to life so easily, and now you're in this mess, doesn't that mean you'll have to die in the future?"

"Huanhuan, don't be so pessimistic, you must know that crisis and opportunity often go hand in hand. I used such a big crisis, but it also means that I have such a big opportunity. It only depends on how I grasp it, if I grasp it, maybe I will become the next Immortal Emperor, if I fail, maybe I will become someone else."

"But now that the Immortal Emperor is looking around for you, and the rest of the major ambitious powers are looking around for you, the world is so big, there's nowhere for you to hide."

&n

bsp; "I have no chance of leaving the Ten Thousand Purple Mountains right now, the Great Sage said that if I don't agree, he won't force me, but I can't leave here either."

"How can the Great Sage be like this, hasn't he always been a good person? Why did it suddenly become like this to imprison you." Little Fire raged.

"Oh, he said that he doesn't want me to be obtained by another power, it's understandable to think that way, but what if it's cheap for nothing."

"Then, how about just agreeing to help the Great Sage take the sky." Yan Xin Yi said.

"But what happens after the deed is done? Who's to say that the Great Sage won't kill Tzu-Chen to prevent future problems."

Everyone said one thing to you and one thing to me, but no one was the one with an idea.

Not even omi himself had an idea about this kind of thing.

omi really kind of was regretting getting the Overturning Mirror, but without it, he wouldn't even be able to resurrect, and even if he did, the Overturning Mirror would be found in minutes if it didn't merge into his body.

Just like that, omi thought for days, but he couldn't think of any good solution, if one couldn't think of a good solution, then omi had to choose to assist the Great Sage and trust him for once.

At this moment.

In the depths of the South Sea of the South Zhanbu Continent, which was far away.

A man opened his eyes.

That man smiled slightly, "Almost, it's time."

The man stood up and smiled, "I have waited for countless years for a chance, and now, the chance has finally come."

"My chance, last time, I helped you get your woman back in the hands of the South Sea Divine Nun, now, it's time to repay me."

"Hahaha, hahaha."

In the next moment, that mysterious and powerful man burst out of the South Sea's sea surface.

It just so happened that the South Sea divine Nun's Immortal Mountain was on the surface of that sea, and as soon as the man rushed out of the sea, the divine Nun noticed it.

The divine nun rushed out in a panic, and upon seeing that man, the divine nun's face changed and his mouth shouted, "Blue Emperor."

The man smiled slightly and asked, "Divine Nee, long time no see, back then when I officially secluded myself in the South China Sea, you were still a little girl."

"Pay your respects to the Blue Emperor."

"It's not necessary, divine Nun, come with me."

"Ah, Blue Emperor, where to?" Godni said with some fear.

“Go see your husband.”

“Sh, what.”The South Sea Godni shuddered.

“What?I really want to keep my body until I die.”

“Blue Emperor, don’t ever, the poor nun just wants to live forever.”

“The person who cheated you of your feelings back then has long since turned to dust, and you’re still with put not small.However, it’s no longer up to you now.”

“Blue Emperor, why is that.”

“There’s no why, it’s just a thought.”

“Who does the divine nun want me to follow?”Godni said with tears in his eyes.

“Hahaha, you’ve seen it before.”

The divine nun remembered something and asked, “Millions of years ago, the man who burned my clothes and forced me to release a female disciple, was it your old man?”

“Of course I am, all right, cut the crap and go.”

“Yes.”Divine Nee had no room for resistance at all, in front of a strong man of this level, she only had to obey.

Godni’s real name was ‘Ah Jie’, she was originally a great beauty as well, but unfortunately, her love affair was not smooth and she was deceived by someone who killed that person in a fit of rage, after which she withdrew from the red world.

This beautiful divine nun, omi had also seen it last time and was somewhat surprised.

Only, what omi didn’t expect was that there would be such an ending.
