At the Ten Thousand Violet Mountain.

The Ten Thousand Violet Great Sage personally came.

“Brother Tang, how have you been considering it?”

“Great Sage, are you sure you won’t kill me after you’re done?” omi asked.

“Brother Tang filtered, if I’m like that, why do I need to ask your opinion now, just force you, and of course, you have to promise me that you’ll never rebel against me.”

“Okay, I believe you, what do you need me to do for you.”

“You just need to stay by my side at all times, the rest, I’ll do the rest.”The Vast Violet Sage said.

“Good.”omi nodded, it was good that one person was above all others.

However, at this moment, a powerful oppressive force came from the distant sky.

“Ah.”Suddenly, both omi and the Ten Thousand Violet Saints felt as uncomfortable as a huge stone pressing down on them.

“How did this happen?”omi looked at the Ten Thousand Violet Great Sage. Remember the URL . kanshu8 . net

The Ten Thousand Violet Great Sage also looked confused.

“I don’t know ah, who is so strong, even Immortal Emperors aren’t this strong ah.”The Ten Thousand Violet Great Sage looked terrified.

At that moment, a man and a woman instantly appeared in front of omi and the Ten Thousand Violet Great Sage.

“Hahaha, hahaha.”The man laughed out loud.

In the next second, the tremendous pressure on omi and the Ten Thousand Violet Great Saints was instantly lifted.

The Ten Thousand Violet Great Sage looked at that man in fear.

The Ten Thousand Violet Great Sage felt a bit familiar, but he didn’t seem to remember much.

However, the woman beside the man was not unfamiliar to the Ten Thousand Violet Great Sage, it was the Nanhai Divine Nun.This South Sea Divine Nun, whose strength was similar to that of the Ten

Thousand Violet Great Sage, had once fought against each other and fought dizzily, and in the end, no one had won.

As for omi, he was even more confused.

Regardless of the circumstances, omi bowed, "Senior has met the two seniors."

The Ten Thousand Violet Great Sage was an untamed man, and Ton asked, "Who are you."

"Witch Demon, don't you even know me anymore, back then you were just a small lump, but now, you're even majestic, interesting."

"Uh, you, you're the Blue Emperor?"

"Exactly."

"Ah." The Ten Thousand Violet Great Sage was shocked, it was the Blue Emperor, no wonder he was so powerful, stronger than even the Immortal Emperor.

Knowing the other party's identity, the Ten Thousand Violet Great Sage didn't feel strange anymore, after all, when he was still young, people were incredibly powerful.

This Blue Emperor was a figure that had existed since the beginning of the world, ah, nowadays, no one knew how much strength he had reached.

The Blue Emperor gazed at omi and smiled, "Kid, you remember me, right?"

"Er, have we met before?"

"I was the one who helped you millions of years ago when Godni tried to keep your woman by force."

"Ah, it was you, no wonder."

"Boy, let's trade one thing."

"What is it?"

"Hahaha, there's no need to worry about this, I'll exchange it for a beautiful woman, this divine nun, who has also accompanied me for countless years in the South China Sea, how about I act as a matchmaker and marry her to you today?"

"Uh, marry me?"

"Right."

"Ah." omi looked incredulously at the divine nun, but the divine nun seemed to look reluctant.

"Senior, this."

"Stop dilly-dallying, let's get married now, and I'll finish the deal with you sooner."

After saying that, the Blue Emperor waved his hand, the entire mansion changed into a lighted palace, and a ceremonial hall had already appeared in a large hall in front.

omi looked down, and at some point, he was wearing a red groom's uniform.

"This." It must have just been the clothes on omi's body that changed between waves of the Blue Emperor's hand.

Looking at the divine nun again, he was somehow wearing a bridal costume with a red lid on his head.

The divine nun wanted to lift the cover, but, didn't dare to do so.

The Ten Thousand Purple Sage on the other side looked speechless, while looking confused, what did the Blue Emperor want to trade with omi? Could there be a mistake? There's nothing special about omi, is there? Except for a body that for some reason could shield the Immortal Emperor's senses.

The Blue Emperor said to omi and Shenni, "Go in, pay your respects, I'll preside over you."

"This."

"This."

omi and Shen Ni both looked unresponsive.

The Blue Emperor waved his hand again, and omi suddenly realized that he was somehow standing in the auditorium, with the divine nun standing beside him.

The Ten Thousand Violet Great Sage shouted, "A worship of heaven and earth."

omi and the divine nun twisted and worshipped heaven and earth.

"Two bow to the high hall."

Sitting on the high hall was the Blue Emperor.

"Husband and wife worship each other."

"Rites of passage."

"Alright, you're already husband and wife, as for the bridal chamber, you can draw your own lines, now, you come with me, I'm going to exchange with you."

"Yes."

Blue Emperor waved his hand, suddenly, the space shifted, just now it was in the auditorium, but now it became a secret room.

omi asked, "I wonder what Senior wants to exchange with me?"

"The exquisite heart." Blue Emperor said.

omi's eyebrows furrowed, puzzled, "Senior, what is an exquisite heart?"

“omi, it’s already at this point, so don’t sell me any secrets, I’ve waited for you for so long because of your exquisite heart.”

“Senior, I really don’t know what Exquisite Heart is, I still hope that senior will express it.”

The Blue Emperor said, “omi, the Immortal Emperor who controls the Three Realms, is he unable to sense you?”

“Right.”

“That’s right, that means that your destiny is higher than the three realms.”

omi whipped out a cold sweat, the Blue Emperor wanted someone whose destiny was higher than the Three Realms, omi wasn’t ah, Nian Tides was. omi doubted that the Blue Emperor was looking for the wrong person.

“Senior, are you looking for someone whose destiny is higher than the Three Realms?”

“Yes, but, this kind of person is very, very difficult to appear, and since the beginning of the world, it’s only the first one. The person whose destiny is higher than the three worlds, he has a characteristic that the Immortal Emperor can’t sense him, the Immortal Emperor possesses the heart of the Hong Meng, and the person whose destiny is higher than the three worlds, he possesses the exquisite heart. And what I need to exchange with you is your exquisite heart, of course, I’m being polite and don’t want to take it by force, that’s why I’m giving you a beautiful woman to trade with you.”

omi smiled, “Senior, the people that Immortal Emperors can’t sense aren’t just people who have any exquisite heart, right?”

“That’s true if you put it before the unification of the Three Realms, it’s true, the people and objects that appeared before the unification, the Immortal Emperor couldn’t sense them, for example, me, and this weapon of mine, as well as some divine weapons, the Immortal Emperor couldn’t sense them. But after the unification of the three realms, the entire three realms are now under the control of the current Immortal Emperor, and it’s impossible for anything to appear that the Immortal Emperor can’t sense, unless a person with an exquisite heart is born. And you, obviously, are less than ten thousand years old, for the Immortal Emperor to be unable to sense you, you must have an exquisite heart.” The Blue Emperor vowed to do so.

omi was speechless.
