“Fa Lan your Fa Dynasty has a good relationship with his family, that’s why I kept him alive until now, otherwise he would have already gone to the west. Now that you’re also back, give me a word, can this man be killed or not.”

Fa Lan’s body trembled, feeling omi’s body emitting a very strong aura, which seemed to be incomparable to even ordinary immortals.

“Why do you want to kill him, ah?” Farashi was busy.

“Because he tried to kill me while you were gone.”

“This.”

Fa Lan looked at Luo Qing and said, “Brother Luo Qing, why did you do that?”

“How about I see that he’s upset.”

omi said, “Then how about I send you to the West.”

About to do it, Fa Lan pleaded, “Teacher Wind, please, for my sake, let him go.”

“Give me a reason.”

“The Immortal Emperor will soon send his troops down to annihilate our Fa Dynasty, and my grandfather and the others want me to marry him, so we can have an extra helper then, so please, I implore you, don’t break our Fa Dynasty’s plans at such a critical moment, okay?” Remember the URL . kanshu8 . net

omi was startled inside, the Immortal Emperor was going to send troops, hehe, omi was eager to play with the Immortal Emperor too.

“Alright then.”

But that Luo Qing said, “I didn’t expect that you French Dynasty was even hitting on this idea, I said how come you suddenly want to marry us, we begged to marry you before, but you were evasive, but this time, you took the initiative to ask for a marriage.”

Skip a hundred thousand words here, it’s over, in short, the alliance between Luo Xian Mountain and the Fa Dynasty was not formed, and the Fa Dynasty could only face the Immortal Court alone.

In the Immortal Court, the Immortal Emperor had already begun to deploy an operation to annihilate the Fa Dynasty.

“This time, be sure to annihilate the Fa Dynasty.” The Immortal Emperor roared and said to the dozens of strong War Gods in the Immortal Court.

The Immortal Emperor was on fire at the thought of how arrogant the Fa was when he was at the Remnants of Heaven's End, this time, no matter what the cost, the Fa Dynasty had to be annihilated.

"Immortal Emperor, 200,000 troops are on standby at all times." The Three-Eyed War God said.

"Good, wait for my orders."

"Yes."

At the moment, in the Fa Dynasty, people were on tenterhooks.

"Wind Lightning, are you really not leaving?" The captain of the janitorial squad said to Don Zimmer.

"Go? Where to?"

"You're silly, now everyone has heard the news, the Immortal Court is going to attack the Fa Dynasty, everyone who can run away has run away, you're still staying here looking for death, we're just hanging around the Fa Dynasty for a chance, we don't plan to die in battle with the Fa Dynasty." Captain Watchman.

omi smiled, "Yes, you really don't have to be so righteous, after all, you're not from the Fa Dynasty."

"Then why aren't you leaving?"

"Hahaha, I was just about to participate, playing with the Immortal Court."

"You're really looking for death, you think you're an immortal, no matter how powerful you are, you're just a golden immortal, stop talking, I have to go." The captain of the janitorial team ran away.

The entire Fa Dynasty, all those who could have run away have already run away.

Of course, those who ran away were some of the servants, there were still many true elites in the Fa Dynasty.

Miss Fashion-san came.

"Miss Wind, are you still here?"

"Don't worry, Miss Fa Lan, I will fight with you Fa Dynasty until the end."

"You, why are you doing this?"

"No why."

"Thank you, or you're righteous."

"Oh, I also have a grudge against the Immortal Emperor."

"However, the odds of our French Dynasty winning are low."

"It's not in my consideration."

"I heard that the Immortal Court sends two hundred thousand troops, but I, the Fa Dynasty, can only raise less than fifteen hundred thousand troops, and the army of my Fa Dynasty is definitely not as powerful as the Heavenly Soldiers, whose selection of Heavenly Soldiers is stricter than ours."

"That's not necessarily true, as far as I know, most of the Heavenly Soldiers are afraid of death, and also, Heavenly Soldiers aren't as powerful as you think, many of them are just trying to mix up a fairy position and go through connections to enter the barracks."

"Uh, how do you know?"

"Hahaha." Did she need to be told by omi that omi had once been a celestial soldier as well?

"Also, the Immortal Court has sent about twenty super war gods, and my family, who can match these war gods, is only eight or nine. All in all, this time the Immortal Emperor seems to want to exterminate our Fa Dynasty at all costs. Wind Lightning, it's not too late for you to leave now."

"Fa Lan's up, I won't leave."

Fa Lan nodded gratefully and asked softly, "You're not leaving because of me?"

"Uh, what did you say?"

"Are you not leaving because of me?"

"Hahaha." omi laughed out loud.

Fa Lan would have misunderstood and said, "Wind Lightning, you know full well that I dislike you for being ugly and don't like you, so why would you stay for me."

omi said, "You really think I'm ugly?"

"Uh, what do you mean?"

"You really think I'm ugly?"

"Er, Wind Lightning, don't be angry, in fact, you're not that ugly, you're used to seeing it every day, it's actually fine, if this time, my French Dynasty can be safe and sound, I'll definitely consider following you."

omi shook his head, "No need."

"Why? Are you thinking you're not good enough for me?" Fashiro was a little lost, the wind should be happy about that.

"No, never mind, Miss Fashion-san, I'll tell you a secret, but you're not allowed to tell."

"You say."

"Actually, the me you see now is not the real me, I'm disguised."

"Ah, why?"

"Because my face caused so much trouble, people love me, flowers bloom between the flowers, bottles of wine see automatic uncapping, this face, if you meet a beautiful woman, you'll like me, I don't want so much trouble, so I'm prone to disguise."

"Oh, you're bragging, there's no such narcissist in the world."

"I really didn't lie to you, my true face, I can't say that I'm the first within the three realms, but the second is definitely fine."

"Pfft." Miss Falan laughed.

"Forget it if you don't believe me, anyway, I'm disguised as I am now, so it's really a lot less troublesome."

"Alright, don't say it, it's alright, it's alright to be ugly, it's alright to get used to seeing it anyway, remember what I said, if Fa Dynasty survives this calamity, I'll definitely consider you." After saying that, Fa Lan ran away with a red face.

omi was depressed, "I'm disguised to be so ugly, and you still have to go down? Damn, Miss Falan, your taste is a bit heavy."

omi mirrored himself and wanted to vomit, this Fa Lan, actually said that it would be good to get used to looking at her.

omi sighed, "It seems that an ugly face can't hinder me from conquering all the girls in the universe at all."

omi returned to his room, he also had to prepare for the war.

Ever since his resurrection, omi hadn't moved his muscles and bones properly.

It was time for him to unveil so many of his great divine weapons.

Of course, what would happen after the unveiling, omi didn't want to know, he just wanted a big battle.
