She couldn't just casually find a weak man or a man who wasn't worthy of her, sometimes she really wanted to be open-minded and just find a weak man.

Right now, omi, who was in the monolith, was incredulous.

"Damn, is this a woman who is crazy for wanting a man? It's so crazy to be serious in front of people and come back to your room."

Inside Don's mind, he said, "Should I just show up?"

"Anyway, she said it herself, if a man appears out of nowhere at the moment, it's open ended, I don't think she'll say panic, I think she's really holding back."

That Gao Xiaolian laughed bitterly, "There's no way the heavens would be so good to me, I deserve to die alone."

At that moment, omi chanted a spell and appeared in Gao Xiaolian's room out of thin air.

"Ah." When Gao Xiaolian turned her head, she screamed out, only to see that ugly man, suddenly appear.

You know, at this moment, Gao Xiaolian was still admiring her body in front of the mirror.

"Son of a bitch." Gao Xiaolian Yue was furious, and with a move of her hand, the clothes automatically floated in, and in a blink of an eye, she put the clothes on.

"Wait." Don omi shouted.

"You son of a bitch." Gao Xiaolian was furious, she had maintained her innocence for so long, but it was tainted by this man, no man had ever seen her body, and today she was showing it to an ugly man, she really wanted to die, it was as disgusting as if she had eaten rat sh*t.

omi was busy saying, "I just heard you say that if a man appears out of thin air right now, you're open to killing me."

"Er." Gao Xiaolian was startled, as if he had indeed said something like that.

Gao Xiaolian's face turned red, a bit ashamed of herself, she thought no one knew before she said that.

"Hmph, which so what, with you being such an ugly girl, this girl wants to vomit when she looks at you, and you still have the vain hope of making me open-minded, go to hell."

"You don't keep your word."

"Ridiculous, why should I keep my word to you."

"You prayed to the heavens, and now the heavens have given it to you and you don't want it, how will you let the heavens help you in the future."

"Hmph, you don't even look at what a lump you look like."

omi said, "Wrong, I'm just disguised now, this is not my true face, you have the guts to say I'm ugly after you see my true face."

Gao Xiaolian's divine sweep didn't reveal omi's true body.

"You still want to lie to me."

"I'm in no mood to lie to you, you can't see through my true body, even if you're an Immortal Emperor."

"You." Gao finished, omi regained his original appearance.

The person who was ugly and wanted to vomit just now suddenly became a male god.

"Ah." Gao Xiaolian looked at omi dumbfounded, seemingly unable to move her eyes, because it was so handsome, there was no man in the world who had ever seen such a handsome man.

omi said, "How about it, do you still dare to call me ugly?"

Gao Xiaolian snorted, "You look a bit familiar, who are you?"

"What kind of person I am, forgive me for not being able to say."

Gao Xiaolian's brow furrowed in thought, and suddenly remembered that the Immortal Emperor used to send his troops to search for a man named omi, and this was what the portrait looked like.

"You're the rebel omi?"

"Ew."

"Well, what a treadmill.

Fu."

"Hey, hey, hey, you're not going to offer me to the Immortal Emperor, are you."

"Otherwise, if I can sacrifice you to the Immortal Emperor, then I'll have made a great achievement, why not."

omi snorted, "If you offer me to the Immortal Emperor, may I ask if the Immortal Emperor will grant you a man? I heard everything you just said in the shower, you don't want to be a leftover, you want a man so badly right now, but, you're so strong, all the ones who can match you are already full of children and grandchildren, you don't want to aggravate yourself, so you stay leftover, but you want a man so badly."

"I can't believe you know so much, but it looks like I'm going to kill you even more." High.

omi said, "You don't keep your word."

Gao Xiao Yue bit her lips and said, "Fine, I'll be open-minded."

"What are you doing?"

Gao Xiaolian gazed at omi like a viper staring at its prey.

"What am I going to do, hmmm, you know."

"Fuck." omi thought in his heart, shouldn't he be defiled by Gao Xiaolian.

However, why didn't omi feel scared at all?

"Then come on, I already know your inner secrets anyway, so instead of going out and finding a random one, I'll be the one."

Gao Xiaolian was torn, inwardly saying, "Should I be open-minded or not? It's really hard to resist."

"God, give me a little hint." Gao Xiaolian was torn.

omi would have preferred her to be open-minded, he wouldn't lose anything anyway, maybe, he could even take her for this, after all, a warrior goddess would be very helpful for omi to become king in the future. omi already had an even more powerful wife, but unfortunately, she didn't recognize her, that was the South Sea Goddess Nun, if the South Sea Goddess Nun could recognize omi as her husband, then it would be great, omi could immediately find a mountain to become king and confront the Immortal Court openly. After all, that divine nun's strength was on the same level as the Ten Thousand Violet Great Sage, and the Ten Thousand Violet Great Sage couldn't even defeat the Three-Eyed War God, the Heavenly Ling War God, and the Wind and Fire War God, and this Gao Xiaolian, naturally, couldn't win either.

"Hey, kid, what are you thinking about?" Gao Xiaolian asked, although she told herself inwardly that she wanted to offer omi to the Immortal Emperor, there was always a feeling of reluctance.

"Thinking of you."

"Hmph, behave yourself, or I'll offer you to the Immortal Emperor right now." High.

omi smiled heedlessly and said, "You won't offer me to the Immortal Emperor."

"If you say another word, I'll immediately send you there."

"You won't, I can see that you're reluctant, after all, you've been conquered by my looks."

"Will you die if you don't get narcissistic, I, Gao Xiaolian, a female warrior goddess, will be conquered by your appearance as a little brat?" High.

"I'm not a little brat, I'm a person who can't even sense the Immortal Emperor, I'm destined to become an earth-shattering great figure in the future. Gao Xiaolian is it, you just said when you took a bath that you really wanted a big love, I think, your chance is coming, if you follow me, the big love you want will come soon."

"Shut up." Gao Xiaolian yelled.

"I'm not teasing you, I'm serious, I'm destined to be an enemy of the Immortal Emperor, and I'm also destined to be against the Immortal Court in the future, if you follow me, you're bound to be against the Immortal Court as well. Tell me yourself, is it not sensational that you are making an enemy of the Immortal Court for a man?"

"Er." Gao Xiaolian was startled, it seemed to make a bit of sense ah, making an enemy of the heavens for a man, it was indeed considered sensational.

"Hahahaha, a great and sincere love is in front of you right now, whether you cherish it or not is up to you, don't say the heavens didn't give you a chance oh."
