2384

There was no pressure at all, it was too easy.

After entering the Immortal Court, Yun went back to his servant's room before hurriedly going to the Immortal Emperor's and Immortal Mother's bedchamber to tidy up their internal affairs.

The Immortal Emperor and Immortal Mother's bedchamber was very large, and it would take more than half a day to sort it out.

omi hid in Yun's body at all times.

When they finished tidying up the Immortal Emperor's bed and went elsewhere, omi quickly left the stone tablet on Little Yun's body with a single incantation, and at the same time, omi also retrieved the stone tablet.

Then, omi immediately took a sh\*t on the Immortal Emperor's bed and left another note.

However, omi felt that it wasn't exciting enough, and suddenly remembered that Nian Qing, whose body he had killed last time, was still in omi's possession.

So, omi cut off Nian Qing's head and stuffed it into his blanket.

After doing this, omi found a corner and disguised the tablet as a small stone and hid it in a flower pot in the corner, then, omi hid in it.

This way, it wouldn't harm Yun, and it would be even less likely to be discovered.

omi hid in the flower pot and could clearly see the Immortal Emperor's room. First URL m .kanshu8.net

After two hours, the Immortal Emperor and the Immortal Mother returned to their respective bedrooms.

Immortal Emperor sighed, "That son of a bitch Fa Wu Tian, letting him escape this time really upset me."

"Immortal Emperor, forget it, Fa Wu Tian is also a strong man, it's not that easy to really kill him." Immortal Mother consoled.

"Fa Wu Tian is the core of the Fa Dynasty, if we don't kill Fa Wu Tian, it won't be the end of the Fa Dynasty at all, what if he makes a comeback one day."

"Immortal Emperor, let's not talk about this, you've been talking about it for days, the long night is long, let's have some fun." Fairy Mother said.

The Fairy Emperor glared at the Fairy Mother and huffed, "Funko funko, you only know funko."

"Fairy Emperor, it's useless to talk so much, you might as well find some fun, come here." The Fairy Mother was suddenly petulant.

omi, who was hiding in the flower pot, almost vomited.

The Fairy Emperor somewhat resisted and said, "Didn't I just give you fun last night, why do you want fun again tonight."

The Fairy Mother was dissatisfied and said, "Xian Emperor, I still want fun, just give me some fun, although I gave it last night, but, every time you do." The Fairy Mother didn't dare to say anything else, fearing that she would be killed by the Fairy Emperor. It was so boring to only have fun for a few seconds every time.

"Alright." The Fairy Emperor had to walk up.

The Fairy Mother was full of excitement and went to the bed first, lifting the blanket and laying right down.

Just then, Fairy Mother felt something in the blanket.

The Fairy Mother busily lifted the blanket off.

But the Immortal Emperor didn't know, seeing that the Fairy Mother was so active, he was embarrassed to be so passive, so the Immortal Emperor pounced on it, and in the moment he did, the Fairy Mother just happened to lift the blanket.

As a result, the Immortal Emperor's face suddenly flopped onto the soft top of the bed.

"Ah, what is it." The Fairy Emperor scrambled up and wiped the sticky stuff off his face.

"Ah, human yellow." The Immortal Emperor's body trembled, and at this moment, it seemed like his brain was short-circuited, how could there be human yellow on the bed?

The Fairy Mother was also stupid.

"Slap." The Immortal Emperor thought the Fairy Mother was deliberately screwing him and slapped him.

"Ah." The Fairy Mother screamed and was slapped out of her bed.

"Immortal Emperor, you."

"You bitch, even this emperor dares to make a fool of you, aren't you just complaining that I don't give enough pleasure, you dare to make a complaint." The Immortal Emperor pointed at the Immortal Mother and yelled at her.

The Immortal Mother grievously said, "Immortal Emperor, I am wrongly accused, I don't know anything about it, I

I was just about to lift the blanket to take a look, but who knew that you suddenly jumped on me, and as a result, you jumped on me."

"You still dare to argue, this is my celestial court, who dares to put human yellow in my bed, if not you who else?"

At that moment, the Immortal Emperor suddenly saw that there seemed to be something else hidden in the quilt and asked, "What else is there in the quilt?"

The Fairy Mother scrambled up and lifted the blanket completely.

Suddenly, a head appeared.

"Ah, Nian Qing." The Fairy Mother was silly.

The Immortal Emperor was also silly.

"Oooo, my Qing'er, oooo." The Fairy Mother cried out.

At that moment, the Immortal Emperor saw a note that read, "omi came here to pull and offer it to the Immortal Emperor, and I hope that the Immortal Emperor will smile."

"omi." The Immortal Emperor roared, and this roar made the entire Immortal Court tremble as if it had an earthquake.

Countless guards and maidservants rushed to the Immortal Emperor's chambers.

The Immortal Emperor was also dizzy with anger to roar so loudly, otherwise, how would he let people know about such a scandalous matter.

In no time, countless maidservants and maidservants came.

"Immortal Emperor, Immortal Mother, what has happened?"

I saw the fairy mother holding a head and weeping, while the fairy emperor stood in the house body trembling, and the fairy emperor's face, still seemed to be stained with some human yellow, and on the floor, there was a note, and of course, on the bed of the fairy emperor and fairy mother, there seemed to be a lump of squashed stuff.

"Ah." Everyone's face changed, as if they had understood what had happened.

The Immortal Emperor shouted, "Immediately, immediately, now, seal off the entire Immortal Court for me, not even the slightest bit of air will be allowed to flow out."

"Yes."

Numerous men immediately went to do it.

omi was hiding in a flower pot, laughing at the scene, seeing the Immortal Emperor angry like this, it was cool.

After that, the Immortal Emperor's men, inch by inch, searched and investigated the matter, unfortunately, the results spoke for themselves, omi was like air, he couldn't be found at all.

"Ahhhh." The Immortal Emperor roared in anger.

What was even worse was that this matter, which couldn't be stopped from spreading at all, quickly spread to the entire Immortal Realm.

In Gao Xiaolian's house, her men reported, "Master, the latest news is spreading from the Immortal Court."

"Say." Gao Xiaolian asked worriedly, she was afraid that omi had been arrested.

"omi pulled a lump of human yellow on the Immortal Emperor's bed, and even more incredibly, the Immortal Emperor touched Nianqing's head in his blanket."

"Pfft." Gao Xiaolian laughed.

"Master, all the war gods are now heading to the Immortal Court to help the Immortal Emperor search for that omi."

"Of course, if everyone goes, I must go too, or else the Immortal Emperor should be suspicious of me."

So, Gao Xiaolian was busy rushing to the Immortal Court.

When he arrived at the Immortal Court, he found that almost all the immortals were there.

Gao, the Immortal Emperor must have been so depressed that he wanted to die, he didn't know where to put his face.

The Immortal Emperor had blocked off the entire Immortal Court, and not a shred of space could get out.

The Immortals who had come to help were searching everywhere throughout the Immortal Court, not letting go of even a drop of water.

In this situation, the stone in omi's flower pot was very dangerous.

Therefore, Gao Xiaolian had to find the stone where omi was hiding as quickly as possible and then find a way to bring it out of the Immortal Court, otherwise, it was only a matter of time before he found omi. Even if omi was hiding in the stone then, the Immortal Emperor would have many ways to force him to die, or even, imprison him forever.
